SCHEDULE 2025

ILLINOIS STATE
UNIVERSITY

Illinois' first public university

WELCOME TO PREVIEW

We are so excited to have you join us on campus for your freshman orientation to Illinois State University! We understand that this is an exciting—and possibly overwhelming—time in your life. We are here to help make the transition into college as easy as possible. Over the next couple days, you will meet people who are ready to answer your questions, give you information, and help you start your new journey. We hope you leave here feeling more confident in your next steps and more excited to be a Redbird!

Download the official Illinois State University app. Find dining menus, class schedules, maps, Redbird athletic events, finances, and well-being tips.

TOP 5 Preview tips

- 1. Don't be shy!** We promise you aren't the only one who is nervous about this new experience. Take this opportunity to chat with other students in your group and start creating new connections.
- 2. Ask questions of your Preview guide, your advisor, and campus staff.** No question is too crazy! Not sure what to ask? That's OK! Here are some great starter questions: What should I be asking about this? What was your experience with this? Or what are the most important things I need to know right now?
- 3. Know your ULID and password.** You will need to know these for logging into the ISU app and registering for classes.
- 4. Stay hydrated!** There are water bottle filling stations throughout campus. Feel free to utilize these as needed!
- 5. Take notes!** There will be a LOT of information given to you, and it can be overwhelming. Use this schedule book to jot down notes, questions, and people you want to remember.

File your FAFSA and review your financial aid offer

To be considered for financial aid at Illinois State, you must file a FAFSA each year. Once your FAFSA is filed and processed by Illinois State, your offer letter will be available electronically on your student portal. Visit the Financial Aid Office website at FinancialAid.IllinoisState.edu to learn more about filing the FAFSA, scholarships, and other financial aid options.

View and pay your bill

Each semester, students have the option of paying in full or signing up for a payment plan. At the beginning of each semester, you must either pay your tuition and fees in full or make the first payment for your selected plan. On-demand statements can be viewed online any time by students and authorized users. Paper statements are not mailed out. You can learn everything you need to know about tuition, fees, rates, billing due dates, setting up an authorized user, and payment options on the Student Accounts website at StudentAccounts.IllinoisState.edu.

Choose your meal plan and select your room

All students living in the traditional residence halls (Haynie, Hewett, Manchester, Watterson, Wilkins, Wright) must purchase a meal plan, which is managed through Event Management, Dining, and Hospitality. Students can view plan options and access their Housing and Dining

portal by visiting Dining.IllinoisState.edu/meal-plans.

Students who have completed their housing contract will receive information regarding their online selection date or the next steps via email mid-June. You can find more information about room selection, roommates, and move-in at Housing.IllinoisState.edu.

Submit your immunization records

All students must have proof of health immunizations on file with Student Health Services by the start of the semester. Students not in compliance will receive a class registration block and are subject to a \$75 late processing fee. Students may not register for any new classes until they have met all immunization compliance requirements. Immunization records can be uploaded into your secure health portal. Visit IllinoisState.edu/Immunization to access your health portal and to view a list of immunizations required by the State of Illinois.

Secure health insurance

The University offers a health insurance plan that is included in tuition/fee costs, which either supplements existing coverage or serves as primary coverage for students with no other insurance. For more information about the benefits of student health insurance or keeping versus canceling the coverage if you already have insurance, visit IllinoisState.edu/Insurance or call (309) 438-2515. If you want to cancel student insurance, it must be done each semester prior to the 15th calendar day of the fall and spring semesters, and the eighth calendar day of the summer semester.
