COLLEGE OF EDUCATION
Teaching and Learning

UNIVERSITY COLLEGE
• Reinstatement: When advising former Illinois State students who left with below a 2.0 GPA, it is best in most instances for students to complete their general education requirements (IAI GECC, AA degree, or ISU general education requirements) and new transfer admission requirements for their intended major. Students can contact University College at (309) 438-3271 to outline a detailed plan of what is required for them to return to the University.

• Interdisciplinary studies, individualized sequence: This major allows a student, with the help of a faculty sponsor, to design a specialized program of study not otherwise offered. Some topics chosen by students include classical civilization, three-dimensional design, and international public relations. Transcripts will read: “Major in Interdisciplinary Studies: Individualized Sequence: ” showing the theme that is specified on the plan of study.

ADDITIONAL UPDATES
• Early transfer: These majors recommend early transfer for timely degree completion to ensure students can complete their degree in four years total with careful planning between the community college and Illinois State: English teacher education, interior design, middle level teacher education, music, PE teacher education, and special education. Reverse transfer of credit for AA/AS degree completion is a great option for these students.
• Reverse transfer: 155 students opted in to reverse transfer to earn their AA/AS degrees during 2020-2021. We will continue to notify eligible students each semester of this option.
