

2024-2025 Graduate Catalog

The catalog year begins May 20, 2024. Students can confirm their catalog year in [My.IllinoisState.edu](https://my.illinoisstate.edu/) (<https://my.illinoisstate.edu/>) and consult that year's catalog for degree requirements. Specific questions should be directed to the student's advisor.

The Graduate School at Illinois State University

Accreditation

Illinois State University is accredited by the Higher Learning Commission, one of six regional accrediting bodies for higher education recognized by the United States Department of Education. For the complete information regarding accreditation, see: [IllinoisState.edu/about/accreditation/](https://illinoisstate.edu/about/accreditation/) (<https://illinoisstate.edu/about/accreditation/>).

Graduate School Established

The University began offering graduate work in 1943, when it introduced master's degree programs in several departments. The number of degrees has increased gradually since that time, with doctoral work introduced in 1962.

Today the Graduate School offers master's and doctoral degree work in many academic fields and professional education.

Mission Statement

The Graduate School fosters high quality graduate education at Illinois State University through strategic leadership and administration, providing services for students and faculty, and serving as a valued resource to the greater University community. Illinois State University is classified as a Carnegie Doctoral/Research institution.

Graduate Council

The Graduate Council is the representative body of the graduate faculty. Council members deliberate and set policy on all matters of graduate education and research, and advise the Associate Vice President for Research and Graduate Studies. Each council member sits on one of four standing committees: membership/student development, curriculum, research, or equity, diversity, and inclusion. Members are elected by the graduate faculty. Three graduate students serve on the Graduate Council. Selection criteria for members are articulated in Article IV of the Bylaws.

Graduate Coordinators

Designated by the Department chairperson or School Director of the unit as being responsible for the administration of the graduate program(s). These responsibilities include:

- Maintaining the overall integrity of the graduate program in the department or school
- Promoting the educational success of individual graduate students.
- Assuring clear communication between the degree program, the department/school/college, the Graduate School, Admissions, and the graduate student.
- Having a thorough knowledge of all university graduate education related policies and procedures.
- Fostering recruitment, admission and degree completion for a diverse group of highly talented students.
- Monitoring academic progress of students.
- Responding according to university policy to issues of academic integrity and academic probation.
- Providing leadership in review of curriculum and design of professional development opportunities for graduate students.
- Assist students in securing Research Symposium Travel Support.
- Assist students in securing Scholarships, Fellowships, and other alternative funding.
- Monitor degree completion and requests to participate in Commencement.
- Supervise comprehensive exams, assuring consonance with regulations and requirements of the Graduate School and the program and submitting reports within.
- Monitor theses and dissertations and submit required forms.
- Monitor student admissions.
- Advising or assigning a faculty advisor to each student.
- Working with Human Resources on issues related to graduate assistants.
- Having a thorough understanding of the policies and procedures guiding graduate assistants in the Graduate Assistant Handbook.
- Monitor time to degree of each student in the program. Advise them on completing in a timely manner. Assist with the extension to degree request if needed.

The University

The documents establishing Illinois State University as a pioneer educational undertaking were drafted by Abraham Lincoln. Academic programs and courses are offered in thirty-eight academic departments and schools and organized into seven colleges. Over 20,000 students have a full range of study options in business, liberal arts, science, fine arts, education, applied science, technology, engineering, nursing, and pre-professional fields. Major classroom buildings are centrally located and are surrounded by the library and recreational and residence structures. The Central Illinois community of Normal-Bloomington, home of Illinois State University, has a population of over 131,000.

Academic Senate

<https://academicsenate.illinoisstate.edu/> (<https://academicsenate.illinoisstate.edu/>).

The Academic Senate is the major internal governance body of the University. The Senate acts in legislative and advisory roles with regard to University policies involving faculty and students, academic programs and planning, and University concerns. Based upon the concept of shared governance, the 62-member Senate's representatives consist of 31 faculty members, the composition of which is 29 tenure/tenure track faculty members, one non-tenure-track faculty member and one Faculty Associate, 21 students, including the Student Body President, one representative from the Civil Service Council and one from the Administrative Professional Council.. Additionally, the ex-officio representatives are the President of the University, three Vice Presidents, two Associate Vice Presidents, a representative from the Deans Council, a representative from the the Chairs Council, and the Student Trustee.

University Commitment to Diversity

<https://illinoisstate.edu/diversity/> (<https://illinoisstate.edu/diversity/>).

Illinois State University is committed to creating and supporting a welcoming, inclusive and diverse working and learning environment. Diversity, in all of its forms, is a critical aspect of our community and contributes to our overall excellence. The University supports a diverse faculty and staff who mentor and support a diverse student population. The University endeavors to provide opportunities for all students, staff and faculty to participate in a global society. Our strategic plan, Excellence by Design, establishes goals and concrete actions designed to ensure that all members of the University community can succeed and thrive on campus and beyond.

Veteran Educational Benefits

<https://veterans.illinoisstate.edu/> (<https://veterans.illinoisstate.edu/>).

Illinois State University will not take any of the four following actions toward any student using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Veterans Readiness and Employment (Ch. 31) benefits, while their payment from the United States Department of Veterans Affairs is pending to the educational institution:

- Prevent their enrollment;
- Assess a late penalty fee to their student account;
- Require they secure alternative or additional funding;
- Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students are be required to:

- Produce the VA's Certificate of Eligibility by the first day of class to the VA Certifying Official located at Moulton Hall Room 112.
- Provide written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies (see VA Certifying Official in Moulton Hall Room 112 for all requirements.)

Using the Catalog

The statements in this catalog are for informational purposes only and should not be construed as the basis of a contract between a student and Illinois State University. The course offerings and requirements of the University are continually under review and revision. This catalog presents those in effect at the time of publication.

Information regarding changes will be available in the Offices of the University Registrar, the Provost, the colleges, major departments, and schools. It is especially important that each student note that it is their responsibility to be aware of current graduation requirements for a particular degree program.

Graduate Catalog Requirements

For a student who attends at least one term of each academic year, graduation requirements are specified in the Graduate Catalog for the year of first course enrollment in the degree program.

Since university programs are constantly evaluated and improved, a student may graduate under new degree requirements published the academic year their graduating from the University. A student who changes to new Graduate Catalog requirements, however, must meet all the requirements including graduation requirements, in that catalog.

Course Prerequisites

Course prerequisites may change over time and do not depend on catalog year. The registration system will enforce prerequisites in effect at time of registration.

Academic Terminology

In reading this catalog, you may encounter some words or phrases that are unfamiliar. The following list defines terms frequently used within the Illinois State community and will help you more easily understand information you will receive from the University.

Academic Affairs: One of the four major divisions of the University, headed by the Vice President and Provost that focuses on educational needs of students.

Academic Year: The period of time commencing with the fall semester (16 weeks) and continuing through the spring semester (16 weeks) and summer term (12 weeks).

Alumni: Individuals who have attended or graduated from a particular college or university.

Audit: The completion of a course taken without credit.

Board of Trustees: The governing body for Illinois State University.

Campus Solutions: Student Information System software that supports registration and managing students' progress toward their degrees.

Career: Campus Solutions term for undergraduate or graduate status.

Clinical Experience: A part of the program that allows for observation, participation, studies of individual pupils or clients, individual field work, and practicums both on and off campus.

Credit Hour: A standard unit of measuring course work; credit hours are assigned to a particular course and count toward graduation, except in remedial courses. Typically, a course that meets for three hours a week is worth three credit hours.

Cross-listed Course: Course offered by more than one department but treated as one course for credit purposes.

Curriculum: A program of study covering the entire undergraduate or graduate career and designed to satisfy the requirement for a degree.

Dean: The highest administrative officer of a college.

Department Chairperson: An administrative officer holding faculty rank; responsible for the primary unit of academic organization.

Discontinued: Student status when no enrollment has occurred for 3 semesters. Discontinued students need to reapply to the graduate program to complete degree requirements

Finance and Planning: One of the four major divisions of the University, headed by the Vice President for Finance and Planning which focuses on financial management and planning.

Full Time Status: Graduate students for fall and spring are considered full-time if they are enrolled 9.0 or more semester hours. Graduate students for summer are considered full-time if they are enrolled 6.0 or more semester hours.

Good Standing: Maintaining a minimum 3.0 cumulative graduate GPA and program GPA to graduate, satisfying any program- specific requirements for good standing, and making satisfactory progress to degree.

Grade Point Average (GPA): The total number of grade points divided by the total graded semester hours attempted at Illinois State University. Total accumulated graduate GPA hours exclude undergraduate coursework, transfer hours, or courses in which a grade of CR, P or DE was assigned.

Graduate Coordinator: An administrative officer holding faculty rank; designated by the Department chairperson or School Director of the unit as being responsible for the administration of the graduate program(s).

Hold: A block that may prevent a student from receiving a service or performing an action, for example a financial hold may result in a student not being allowed to register or receive a transcript. Campus Solutions refers to a hold as a “negative service indicator.”

Illinois Board of Higher Education (IBHE): The board that oversees and coordinates all public higher education in Illinois.

Interdisciplinary: A program or course that spans two or more academic disciplines.

Matriculation: The point at which a student is formally admitted to the university and eligible to enroll in classes.

Office of University Registrar: An academic unit that maintains academic records, awards transfer credit, and provides enrollment verification, transcripts and course registration. Student questions can be answered in 107 Moulton.

Prerequisite: Specific requirements that must be completed prior to enrolling in a given class, program, or field of study.

Provost: The Vice President for Academic Affairs who is responsible for all academic matters.

School Director: An administrative officer holding faculty rank; responsible for the primary unit of academic organization.

Semester: A semester at Illinois State is the 16-week academic session offered each fall and spring.

Seminar: A regular meeting of students, under the guidance of a faculty member, in which each conducts research and exchanges information, problems, and results through informal lectures, reports, and discussion.

Student Affairs: One of the four major divisions of the University, headed by the Vice President of Student Affairs, which focuses on personal and nonacademic needs of students.

Syllabus: A document describing the objectives, outcomes, assessment activities, and structure of a course.

Term: Campus Solutions name for “semester.”

Transcript: The University’s official record of credit or degrees awarded, including the courses taken by a student and the grades received in each course.

University Advancement: One of the four major divisions of the University, headed by the Vice President for University Advancement, which focuses on public outreach and fundraising.

Units: Campus Solutions term for “semester hour” and “credit hour.”

Visiting Graduate Student: One who does not seek a degree at Illinois State or has not been officially admitted to a graduate degree program.

Program and Course Explanations

Degree Program: A directed combination of advanced courses that designate a student’s area of specialization. The degree program is designated on university transcripts.

Plan: Campus Solutions term for “program.”

Sequence: A subdivision of a program in which there are specific requirements. Sequences of the same program generally share a common core. Sequences are designated on university transcripts upon receipt of degree.

Subplan: Campus Solutions term for a “sequence.”

Graduate Certificate Program: Certificates are a series of courses designed to provide professional development and career advancement opportunities, or to enhance an individual’s skills or education. These certificates are not part of degree programs, although courses completed as part of a certificate could be used in meeting degree requirements, where appropriate. Students completing a certificate and degree program simultaneously need to complete at least one additional course above and beyond the degree requirements. Students completing a certificate prior to admission in a graduate program may use all certificate coursework toward the degree, as the certificate acts as a gateway to the degree. This will be at the program’s discretion. There are two types of certificates available at the graduate level:

- **Post-Baccalaureate Certificate**—requires a minimum of 9 hours beyond the baccalaureate degree, but fewer hours than a master’s degree.
- **Post-Masters Certificate**—requires a minimum of 9 semester hours of coursework beyond the master’s degree but fewer hours than a doctoral degree.

Terms Used in Course Descriptions

The following section explains how to read and use a course description, and the terminology used within course descriptions.

Also offered as: (cross-listed course) the specified courses are identical and are thus considered interchangeable in meeting all requirements. Credit can only be earned in one of the specified courses.

Consent of the instructor: The course instructor must give consent before a student may register for the course.

Formerly offered as: indicates a course previously offered under a different number or title. The course is interchangeable with the previous course number or title.

Materials charge optional: indicates an optional fee charge for course materials.

Multiple enrollments allowed: indicates that a course may be taken for credit more than once if different content is planned; there may be a maximum amount of credit specified for the course.

Not for credit if earned: (course) means that content overlap exists between the specified courses and that students should not be able to count both toward graduation. Such courses are not, however, considered interchangeable in meeting all requirements.

Not for credit toward a graduate degree program: credit from this course may not be applied to the degree program requirements.

Variable credit courses: are those courses leading to differing number of credit hours. A student should plan with the advisor the number of hours to be sought in a variable credit course.

Course Offerings

Courses: Course format that combines lecture and laboratory components in each class meeting.

Contract: Contract educational services, programs and courses are delivered through mutual contract to a business site for a specific cohort or business entity.

“Decimalized” Course: A course with different subtopics but standard learning outcomes; for example, ENG 409 may examine different topics. Campus Solutions replaces the decimal with the letter A, so ENG 409.01 appears as 409A01.

Directed Research: Course format used for independent study, thesis, and dissertation courses.

Distance Education: A formal education process in which the majority of the instruction occurs when student and instructor are not in the same location at the same time. Instruction may be synchronous or asynchronous.

General Courses: Courses with a common course description and identified with a university-wide common number may be offered in each academic department or school. Examples are 400 Independent Study, 393 Workshop, 499 Master’s Thesis, and 599 Doctoral Dissertation. See Course Limitation section in this catalog for additional information.

Independent Study: Intensive study in a special area of the student’s interest under the direction of a qualified member of the faculty. Each individual investigation is to culminate in a comprehensive written report and/or examination and/or artistic project.

Online courses: Makes use of Illinois State’s connection to the Internet and other electronic resources. These courses may utilize on-line materials, coursework, and discussion groups, and may be delivered in any asynchronous mode.

Professional Practice: Professional Practice consists of one or more credit-generating, academic/career related, salaried or non-salaried work experiences. Graduate Professional Practice courses are designated by the numbers 498, and 598.

Seminar: A regular meeting of students, under the guidance of a faculty member, in which each conducts research and exchanges information, problems, and results through informal lectures, reports, and discussion.

Temporary Course: Temporary courses are approved by the curricular committees for a time period not to exceed one year. Temporary courses often are used to experiment with a new curricular design, to take advantage of the skills of a faculty member who will be at the University for a limited period, or to respond to particular interests of students. Temporary courses are designated by the numbers 389, 489, and 589. Temporary courses may not be required within a major or sequence.

Topics Course: An organization of subject matter and related learning experiences composed of identifiable subdivisions of topics. Each topic is of sufficient significance to be treated separately as a unit of instruction for an entire semester or term. The content of the course varies by semester.

Workshop: Intensive and applied work on special problems in one or more subject areas. Workshop opportunities are provided on special problems not covered in any regular university courses. Workshops are generally designated by the numbers 393, 429, and 493.

Course Information

The University operates on the semester plan. The credit value of all courses is stated in terms of semester hours. Ordinarily, a semester hour is assigned for a 50-minute class meeting per week for the semester; therefore, a course valued at three semester hours generally meets three periods weekly. In laboratory courses, at least two 50-minute periods per week are ordinarily required for each semester hour of credit.

In addition to its fall and spring semesters, the University provides a summer session with courses of varying lengths and a variety of short-term offerings.

Course Availability: Some courses listed at [CourseFinder.IllinoisState.edu](https://coursefinder.illinoisstate.edu/) (<https://coursefinder.illinoisstate.edu/>) may not be available each year. Questions concerning scheduling of courses should be referred to the department chairperson or school director.

Course prerequisites are listed on Course Finder and may change over time. The registration system will enforce prerequisites in effect at time of registration.

Course Numbering System

Courses are numbered in the following order: course number (3 digits preceding the title), course title and credit value (in semester hours). Following the course description any prerequisites, restrictions on enrollment, and any special considerations are noted.

Each course bears a distinguishing number for identification and indication of its academic level. Courses 300-399 are advanced undergraduate courses and are open to juniors, seniors, and graduate students. 300-level courses approved for graduate credit are noted in [Course Finder](https://coursefinder.illinoisstate.edu/) (<https://coursefinder.illinoisstate.edu/>). To receive graduate credit, students must complete applicable graduate requirements provided in the course syllabus. Courses 400-499 are graduate courses. Courses 500- 599 generally are limited to terminal degree students in programs such as the Ed.D., M.F.A., Au.D., D.N.P., and Ph.D.

The numbering system for advanced courses is as follows:

300-399: Advanced undergraduate courses. Open to juniors, seniors, and sometimes graduate students.

400-499: Courses at this level are for graduate students. With approval from the instructor, the department chair/school director, and the Graduate School, advanced undergraduates may be permitted to enroll in 400-level courses for undergraduate credit only.

500-599: Courses limited to advanced graduate or doctoral students.

Tuition, Fees, and Financial Support

Tuition and Fees

Student Accounts: office handles the billing of tuition, mandatory and outreach fees, student health insurance, housing, meals, and other various charges. Works with students on questions regarding tuition, mandatory and outreach fees, eBills, the payment plan, payment options, eRefund signup, Authorized Users, applying College Illinois! and more.

Visit the Student Accounts website StudentAccounts.IllinoisState.edu (<http://StudentAccounts.IllinoisState.edu>) for details.

Financial Aid

Each year, many Illinois State graduate students receive financial assistance in the form of graduate assistantships; non-assistantship employment; tuition waivers; scholarships, fellowships, grants, and awards; and loans. Financial Aid is coordinated through the Financial Aid Office. You may access information at FinancialAid.IllinoisState.edu (<http://FinancialAid.IllinoisState.edu>) .

Sources of Support

Graduate students are supported at Illinois State University through graduate assistantships; non- assistantship employment; tuition waivers; scholarships, fellowships, grants, and awards; and loans. Review sources at grad.illinoisstate.edu/funding/ (<http://grad.illinoisstate.edu/funding/>).

50 Percent Rule

Based on Higher Learning Commission Accreditation requirements, all master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Absence of Student Due to Religious Beliefs

Any student in an institution of higher learning, other than a religious or denominational institution of higher learning, who is unable, because of their religious beliefs, to attend classes or to participate in any examination, study, or work requirement on a particular day shall be excused from any such examination, study, or work requirement and shall be provided with an opportunity to make up the examination, study, or work requirement that they may have missed because of such absence on a particular day; provided that the student notifies the faculty member or instructor well in advance of any anticipated absence or a pending conflict between a scheduled class and the religious observance and provided that the make-up examination, study, or work does not create an unreasonable burden upon the institution. No fees of any kind shall be charged by the institution for making available to the student such an opportunity. No adverse or prejudicial effects shall result to any student because of their availing themselves of the provisions of this Section. For more information please see the ISU Policy 1.6 Religious Accommodation Policy available at: <https://policy.illinoisstate.edu/conduct/1-1-6.shtm> (<https://policy.illinoisstate.edu/conduct/1-1-6.shtml>).

Academic Dishonesty

<https://deanofstudents.illinoisstate.edu/conduct/code/academic/>
(<https://deanofstudents.illinoisstate.edu/conduct/code/academic/>).

Academic Load

Approved 2/23/95; Updated 9/19/02; edited 2/6/03, 8/7/03

Students are considered full time if they register for 9 or more hours during the fall and spring semesters and 6 or more hours in the summer session. A student may register for no more than 15 hours in the fall and spring semester. In the 12-week summer session the maximum load is 12 semester hours. Fees for Student Health Insurance are automatically assessed for full- time students only. Student fees are assessed on a per hour basis. For graduate students in their final semester or on a 9-12 month internship, who have completed all coursework, and whose culminating experiences include thesis/dissertation or internships related to certification/accreditation, a full-time academic load may consist of at least one hour of thesis/dissertation or professional practice credit. Students who desire the "1 credit hour equals full time" designation must be approved for that designation by their graduate coordinator, who will contact the Graduate School for registration. Fees for Student Health Insurance (<https://healthservices.illinoisstate.edu/insurance/>) will automatically be assessed for these students.

If a student holds an assistantship the academic class load is 9 hours in the fall and spring semesters. A graduate assistant in their last semester of graduate studies who needs fewer than 9 hours to complete the degree must have a Graduate Assistant Course Load Waiver Request approved before the beginning of the last semester by their graduate advisor and by the Graduate School. Graduate assistants taking more than 12 hours must have the approval of their graduate advisor.

Note: Graduate students registering for fewer than 9 hours in fall or spring, or fewer than 6 hours in summer, will not have the insurance fee automatically assessed. Those graduate assistants must apply for the insurance through their student account on [My.IllinoisState.edu](https://my.illinoisstate.edu/) (<https://my.illinoisstate.edu/>) before the fifteenth calendar day of each semester and the eighth calendar day of the summer session to pay premiums or within 15 days of the assistantship start date.

Applying for Degree/Certificate Completion

Approved 11/6/86, edited 9/5/03

Students must meet all requirements for their curriculum. A graduate student must apply for degree completion before the deadlines for each session as specified by the Graduate School. At the time application is made, the degree completion fee must be paid. Applications for students who fail to meet degree completion requirements for a specific session are cancelled, and the students must reapply for a later session. The application for degree completion is available at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms/) (<https://grad.illinoisstate.edu/students/forms/>).

Students completing a certificate program must complete the application for completion of a non- degree graduate level certificate program available at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms/) (<https://grad.illinoisstate.edu/students/forms/>).

Auditing Privileges

Approved: 11/6/86

A student may register as an auditor in a class or classes if facilities are available. A class taken under the audit option does not count toward a degree; it does not count toward full-time student status for financial aid and other purposes, nor does it count toward total hours enrolled in determining registration priority. Students auditing a class will be charged all applicable tuition and fees. An auditor is expected to attend regularly. To audit, a student must obtain a Request for Auditor registration form from the Registrar Service Center or download it at [Registrar.IllinoisState.edu](http://registrar.illinoisstate.edu/) (<http://registrar.illinoisstate.edu/>), request the instructor sign it and return the signed form to the Registrar Service Center.

Commencement

Approved: 12/16/92; updated 4/25/02

Degrees are conferred and diplomas awarded after the close of each semester and summer session. Commencement is held twice each year at the end of each fall and spring semester. Participation is voluntary.

Graduate students who complete degree requirements during the fall semester participate in commencement exercises in December; students who complete degree requirements during the spring semester (masters and doctoral) or at the close of the summer session (master's only) participate in commencement exercises in May.

Doctoral students who complete degree requirements in the summer session who wish to participate in a commencement exercise may only do so in the following December commencement.

All doctoral students must complete all requirements for the degree to participate in Commencement exercises.

Certificate students do not participate in University commencement ceremonies except by agreement of the College which sponsors the academic unit.

Course Registration

Help with registration may be obtained at [Registrar.IllinoisState.edu](http://registrar.illinoisstate.edu/) (<http://registrar.illinoisstate.edu/>) or the Registrar Service Center, in 107 Moulton Hall, or by calling (309) 438- 2188. For office hours, visit the University Registrar website above. Registration may be accomplished during the advance registration period or the additional registration periods prior to the start of the semester.

Deferred Credit

Approved: 11/6/86

Deferred credit (DE) is always given in research and performance courses leading to a thesis, dissertation or exhibition. Credit (CR) will be given when the student satisfactorily completes all requirements for the program. Deferred credit (DE) is not used in computing the cumulative grade point average.

Deficiencies

Approved: 11/6/86

When an applicant has been accepted, the department/school will indicate any courses that may be required to remove undergraduate deficiencies. The department/school also may specify certain graduate courses which will be required in addition to those listed in the catalog and will designate which, if any, of these courses may be used in meeting requirements for the degree.

Degree Audit

A degree audit documents courses, credit hours, grades and other degree requirement specifics. The degree audit is to be completed no later than the beginning of the last semester in which the student is enrolled prior to graduation. The due dates are posted on the Graduate School website. A student cannot graduate without an approved degree audit on file.

Once an option has been approved on the formal degree audit, it can be changed only with approval of the student's academic advisor. However, when a degree audit is submitted to the Graduate School in the semester of anticipated completion, it can be changed only with written approval of the academic advisor and the Graduate School. The degree audit form is available at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms/) (<https://grad.illinoisstate.edu/students/forms/>).

Disciplinary Hold

A student may not graduate with a disciplinary hold on their record.

Full-time Equivalency

Approved 1/27/21

If a student has completed the maximum requirement of thesis/dissertation hours for the program, but more time is needed, a student may register for a 1 credit of thesis or dissertation for up to two (2) semesters. This 1 credit course will be counted at a level equivalent to full-time study for the purposes of loan deferment, continued use of university student services, and graduate assistant full-time enrollment eligibility requirements. An approved [PERS 938 \(Reduced Course Load Request\)](#) (<https://hr.illinoisstate.edu/downloads/PERS938.pdf>) is still required for graduate assistants enrolled in this option.

If more time is needed beyond the first two (2) semesters, a formal request for an extension can be made to the graduate school by the thesis/dissertation advisor. Extensions may be approved for a maximum of two (2) additional semesters only if a clear plan for completion has been submitted and only if the student is working at a full-time equivalency on thesis or dissertation work. Graduate students who are using this extension cannot hold a graduate assistantship. If the extension is approved, the full-time equivalency could be used for loan deferment or continued use of student services ONLY.

An [extension request](#) (https://illinoisstate.az1.qualtrics.com/jfe/form/SV_cxdkuldDe3A7nCK) must address the following:

- An explanation of why the extension is necessary;
- If the extension is being requested for one or two semesters;
- Explanation of how the student is working at a full-time equivalency on thesis or dissertation work;
- A timeline for completion in the requested time-frame; and
- Approval of the thesis/dissertation advisor, the graduate coordinator, and the Graduate School.

Use of the 1 credit thesis/dissertation option (or extended period) may also affect the cost of attendance if a student is applying for federal and state financial aid. Students should consult the Financial Aid department to determine how use of the option will impact the student's eligibility for federal and state financial aid.

Good Standing

Approved: 12/5/96, revised: 12/10/99, revised: 10/16/2012; edited: 2/17/15, revised: 1/27/21

A student must remain in good standing during the entire enrollment in graduate studies at the University. Good standing includes maintaining a minimum 3.0 graduate cumulative and program GPA to graduate, satisfying any program- specific requirements for good standing, and making satisfactory progress to degree. Students who fail to meet this requirement will either be dismissed from graduate studies or placed on academic probation by the Graduate School.

Note: Campus Solutions calculates cumulative GPA for students pursuing multiple simultaneous programs. It is important individual program GPA's are calculated manually at the department level to determine each program GPA is a 3.0 or above. Otherwise, the GPA of one program may not be at a 3.0 which is required to graduate.

Grading System

Approved: 2/15/90; Revised 9/19/02

Instructors assign a letter grade in each course for which the student is registered and are responsible for correcting any error in grading. The grade point equivalents are 4 for A, 3 for B, 2 for C, 1 for D, and 0 for F. Courses completed at this University with grades below C will not count toward a graduate degree or certificate, but all grades of D and F in graduate courses at this University will be included in computing the cumulative grade point average. (See Repetition of Course Requirements section below.) Graduate courses are not available on Passing/Not Passing (P/NP). Credit/No Credit (CR/NC) is provided only where approval through the curricular process has been obtained.

*Spring 2020: Graduate students were eligible for P/NP due to a global pandemic.

Incomplete Grade

An incomplete (I) will be assigned to a student who is doing passing work but finds it impossible, because of reasons beyond their control (such as illness), to complete the required work by the end of the term. The student must have attended class to within three weeks of the close of the semester or to within one week of the close of the summer

session. Exceptions to this policy may be granted by the University Registrar. Student will not be allowed to graduate with an incomplete on their record.

After three semesters, an incomplete is automatically changed to an F. A grade change is needed to update the grade after this point in time.

ISU Embargo Policy

Approved: 11/12/19

As a public institution, ISU is committed to public access to all graduate theses/dissertations which reflect the knowledge created through students' scholarly research and creative activities. The Graduate School requires submission of theses/dissertations to ProQuest/UMI ETD and strongly encourages submission to ISUReD. However, ISU is also committed to students' rights as authors, allowing students to delay access to their theses/dissertations as needed. When an exception to the immediate release of a thesis or dissertation is necessary, an embargo provides a temporary, delayed public release of the work. Embargoes of 6 months, 1 year, or 2 years are available without Graduate School review. When an embargo is granted, the title, abstract, author and program information will be accessible during the restriction period. The embargo periods for ProQuest and ISUReD should be identical lengths of time.

While embargoes are not intended to be permanent, renewals of the original embargo may be considered by the Graduate School. Embargoes longer than 2 years are atypical and require review by the Director of the Graduate School and the Milner Library Copyright Officer. Renewals of embargoes should be submitted to the Graduate School within 1 month of the expiration of the current embargo. Embargos extended beyond 2 years are rarely granted and only done so in extremely compelling situations.

The request to embargo must be approved by the student's committee chair and submitted to the Graduate School no later than the Right to Defend (<https://grad.illinoisstate.edu/students/thesis-dissertation/deadlines/>) deadline. An embargo is requested by sending an email to the ISU Copyright Officer (<mailto:copyright@ilstu.edu>).

An embargo past 2 years may be considered for the following reasons:

- Patentable rights are contained in the work and disclosure may be detrimental to the rights or interests of the author. The ISU Intellectual Property & Export Control Officer should be contacted by the committee chair as part of the embargo request.
- To protect the copyright potential of creative works such as first serial or book rights, a documentary, music score, artwork, etc.
- There is a need to prevent disclosure of government information about persons, institutions, technologies, etc. that is contained in the work.
- An academic or commercial press has expressed interest in acquiring the rights to publish the work as a book.
- The work contains content that has already been submitted to a peer-reviewed journal that may require an embargo. Check publishers' policies before submitting the thesis/dissertation.

- The work is based on data generated through research that will support other publications from people within the same research team (i.e. advisor). As a result, it may be necessary to refrain from releasing that data while other publications are prepared. An additional 2 years may be requested in this situation.
- Making the research publicly available might endanger research subjects or the author.
- Research and/or data is subject to review by sponsor or grantor prior to publication
- Research falling within policy 4.1.13 (<https://policy.illinoisstate.edu/academic/4-1-13.shtml>). Classified Research.

Limitation of Credit for General Courses

There are limitations to the number of courses that may be taken. They include but are not limited to:

1. Candidates for a master's degree may present no more than 9 total hours of credit from general courses 393, 397, 400, 493, and 498. Candidates for the MFA may present no more than 15 total hours of credit from general courses.
2. Professional Practice 498 cannot constitute more than 20 percent of the hours applied for degree completion.
3. Master's degree students may only take a maximum of 6 credit hours from 400 Independent Study.
4. Not more than three hours of the 12 hours allowed to count toward simultaneous master's degrees can be generated by independent study, practicum, or workshop credit.
5. Students may transfer up to 12 credit hours from another university if they meet the requirements outlined on the Transfer of Credit form.
6. A visiting student may use up to 12 credit hours toward a degree once they are admitted into the program.
7. Fifty percent of all non-thesis hours must be at the 400 level and above
8. All 300 level courses used towards a graduate level certificate or degree must be approved for graduate level credit. Graduate Standing is a prerequisite on Course Finder.
9. Departments may offer 393, 397, 429XX, 493 and 498 on a CR/NC basis with approval in advance by the department or school and the Graduate School. CR/NC courses cannot be computed in the GPA. To count towards a degree program, CR/NC courses must be approved through the curricular process.

General Courses

The Repetition of Course Requirements section in this catalog does not apply to General courses.

389 Selected Studies - 1-6 Semester Hours

Experimental and interdepartmental courses providing content not offered within the framework of courses approved for inclusion in the catalogs. For descriptions of the courses offered each semester contact the department or school advisor or visit the University website [Illinois.State.edu](https://illinoisstate.edu).

393 Workshop* - 1-6 Semester Hours

Advanced workshop for juniors, seniors and graduate students. Credit will be given by the department or school offering the workshop. See statement on limitation of credit above.

397 Institute* - 1-9 Semester Hours

Federal- and state-sponsored institutes or similar short term programs requiring treatment of subject matter of a special nature or for special groups. See statement on limitation of credit above.

399 Student Teaching - 1-16 Semester Hours

A special procedure allows student teaching to be available for graduate credit for selected graduate students seeking first-time teacher licensure while matriculating in a graduate degree program. Offered through Clinical Experiences and Certification Processes. Not for credit toward a graduate degree.

400 Independent Study* - 1-4 Semester Hours

A maximum of six hours may be applied toward a master's degree. Intensive study in a special area of the advanced student's interest under a qualified member of the faculty. Each individual investigation is to culminate in a comprehensive written report and/or examination. Open only to graduate students who have completed considerable work in a degree program, who are in good academic standing, and who have demonstrated ability to profit from independent study. A written proposal approved by the faculty member, the student's advisor, and the department chairperson or school director is required prior to registration. See the statement on limitation of credit above.

429XX Professional Development Workshop - 1-6 Semester Hours

Intensive and applied workshop for graduate students. Designed as an opportunity for updating skills and knowledge and intended primarily for teachers and other in-service professionals. Credit will be given by the department or school offering the workshop. Not for credit toward a graduate degree program.

489 Advanced Study - 1-6 Semester Hours

Advanced coursework not offered within the framework of existing departmental or school courses. For a description of courses offered each semester contact the department or school advisor or visit the University website [IllinoisState.edu](https://illinoisstate.edu) (<https://illinoisstate.edu/>). Experimental courses and courses cutting across departmental and school lines may be offered as advanced studies.

493 Workshop - 1-6 Semester Hours

Intensive and applied workshop for graduate students. Designed as an opportunity for acquiring advanced knowledge and intended primarily for teachers and other in-service professionals. Credit will be given by the department or school offering the workshop. See statement on limitation of credit.

498 Professional Practice - 1-9 Semester Hours

Supervised work experience in local, state, national, and international businesses, agencies, institutions, and organizations. The experience is planned, administered, and supervised at the departmental level and coordinated through Professional Practice. If the site is in an educational agency or institution, the placement must be approved by the Office of Clinical Experiences and Certification Processes. Written objectives and modes of evaluation shall be approved by the faculty supervisor and department chairperson or school director prior to the beginning of the semester. In a degree program, **Professional Practice 498 cannot constitute more than 20 percent of the hours**

applied for degree completion. Open only to graduate students who have completed considerable work in a degree program, who are in good academic standing, and who have demonstrated ability to profit from professional practice experience. See the statement on limitation of credit. All departments and schools that wish to offer 498 Professional Practice must have a curriculum proposal approved by the Graduate School and Professional Practice prior to use.

498A90

For graduate students in their final semester or in a 9-12 month internship, who have completed all course work, and whose culminating experience includes an internship related to licensure/accreditation, a full-time academic load consists of at least 1 hour of 498A90. The 498A90 may be desirable to students who need to maintain full-time enrollment for financial aid status. Students who desire the "1 hour equals full time" designation must be approved for that designation by their graduate coordinator.

499 Independent Research for the Master's Thesis - 1-6 Semester Hours

A student electing the thesis option must take from four to six hours of 499. While registration beyond six hours may be permitted for the convenience of the student, he or she may not count more than a total of six hours of 499 among the hours required for the master's degree. Multiple enrollments allowed up to a maximum of 6 credit hours.

499A90

For graduate students in their final semester who have completed all course work and whose culminating experience includes a thesis, a full-time academic load would consist of at least 1 hour of 499A90. The 499A90 may be appropriate for students who need to maintain full-time enrollment for financial aid status. Students who desire the "1 hour equals full time" designation must be approved for that designation by their graduate coordinator.

500 Independent Study - 1-4 Semester Hours

A maximum of twelve hours may be applied toward the Master of Fine Arts and the Doctoral degree. Intensive study in a special area of the advanced student's interest under a qualified member of the faculty. Each individual investigation is to culminate in a comprehensive written report and/or examination. Open only to graduate students who have completed considerable work in a degree program, who are in good academic standing, and who have demonstrated ability to profit from independent study. A written proposal approved by the faculty member, the student's advisor, and the department chairperson or school director is required prior to registration. See statement on limitation of credit above.

589 Advanced Doctoral Study

Doctoral-level course work under a qualified member of the graduate faculty, in subject matter not offered within the framework of existing departmental or school courses. For a description of courses offered each semester contact the department or school advisor or visit the University website: [IllinoisState.edu](https://illinoisstate.edu/) (<https://illinoisstate.edu/>).

598 Professional Practice - 1-9 Semester Hours

Supervised work experience in local, state, national, and international businesses, agencies, institutions, and organizations. The experience is planned, administered, and supervised at the departmental or school level and coordinated through Professional Practice. If the site is in an educational agency or institution, the placement must be approved by the Office of Clinical Experiences and Certification Processes. Written objectives and modes of evaluation shall be approved by the faculty supervisor and department chairperson or school director prior to the

beginning of the semester. Open only to doctoral students. All departments and schools that wish to offer 598 Professional Practice must have a curriculum proposal approved by the Graduate School and Professional Practice prior to use.

598A90

For graduate students in their final semester or in a 9-12 month internship, who have completed all course work, and whose culminating experience includes an internship related to certification/accreditation. A full-time academic load consists of at least 1 hour of 598A90. The 598A90 may be desirable to students who need to maintain full-time enrollment for financial aid status. Students who desire the "1 hour equals full time" designation must be approved for that designation by their graduate coordinator.

599 Doctoral Research - 1-15 Semester Hours

Research involving the gathering of data to form the basis of the doctoral dissertation. For further information refer to the appropriate degree in the section on Programs of Study and Degrees Granted. Multiple enrollments allowed.

599A90

For graduate students in their final semester who have completed all course work and whose culminating experience includes a dissertation, a full-time academic load would consist of at least 1 hour of 599A90. The 599A90 may be appropriate for students who need to maintain full-time enrollment for financial aid status. Students who desire the "1 hour equals full time" designation must be approved for that designation by their graduate coordinator.

Semester Study Abroad Program

Study abroad provides year-round orientation, consultation and advisement, and follow-ups to assist students and program directors on a continuous basis before, during and after their study abroad experience.

Study Abroad Course IDS 430 Graduate Study Abroad - 1-16 Semester Hours

Coursework taken outside the United States. Students should discuss study-abroad opportunities with their Graduate Advisor during the first semester in their program. Students who participate through Illinois State University's Study Abroad will be evaluated for ISU graduation requirements, such as residency hours. Multiple enrollments allowed. May not be taken P/NP. Prerequisite: A minimum of 24 hours completed prior to departure.

NOTE: Consult with an advisor in International Studies for additional information.

Missing Grade

A missing grade (M) is assigned when no grade has been received after the grade submission deadline has passed. For graduating students, a missing grade must be removed at least six weeks before December or May commencement or two weeks before August graduation. Instructors must file a grade change form as students will not be allowed to graduate with a missing grade on their record.

New Start Policy

Approved 3/23/89, revised 12/9/99, updated 1/27/21

Students who leave an Illinois State graduate degree program and return to Illinois State may begin the same or new degree program with a new graduate GPA calculated from the point of their readmission to the Graduate School as long as (1) the student is admissible to the new graduate program at Illinois State and meets all the criteria established by the Graduate School; (2) the student has not enrolled at Illinois State University for a period of at least three years; and (3) the New Start provision is approved by the new department or school at the time of readmission.

Students may transfer up to 9 credit hours from another university or previous Illinois State coursework if they meet the requirements outlined on the Transfer of Credit form. Students may exercise the “New Start” option only once and must follow the re-entry catalog. Such students will have “New Start” indicated on their transcript.

Probation

A student may be placed on probation for no more than 3 consecutive enrollment terms, at the discretion of the department/school following each term. A student who fails to return to good standing after each term will be considered for dismissal or placed on another term of probation. A student must be in good academic standing to be admitted to candidacy for a degree, as well as to graduate. Graduate students may not hold a graduate assistantship after one term of probation if the student is not in good standing.

Procedure for Appeal of Dismissal from a Graduate Program

Approved 10/29/19

Students who are dismissed from a graduate program should follow the appeal procedure outlined in the dismissal letter (summarized below). If a student is dismissed from more than one program at the same time they must appeal each dismissal separately.

1. To appeal a dismissal from their graduate program, a student must submit a written letter to the College Dean or designee within 5 business days from the date of the dismissal letter. The written appeal letter should clearly outline the reason for the appeal, the facts and circumstances leading to the dismissal, and a written plan with benchmarks to continue successfully in the graduate program.
2. Upon receipt of the appeal, the College Dean or designee will notify the School Director/Department Chair that issued the dismissal, Graduate Program Coordinator, registrar's office, and Director of the Graduate School. The student, graduate program coordinator, and/or any other individuals that may be of assistance in the review of the appeal can be interviewed or asked to provide further written information. The intention of this step in the process is to be thorough, but timely with a response.
3. The student will maintain course enrollment until a decision on the appeal is reached.
4. After considering all available information, the College Dean will provide a written response to the student on the decision of the appeal.
5. If the dismissal is upheld, the student will be dropped from enrolled courses and become inactive.

If the dismissal is overturned, the student will remain in the program and any required benchmarks for continued enrollment will be communicated in writing.

Repetition of Course(s)

Approved 10/10/02; Revised by Academic Senate 12/10/03; Edited 3/19/04; Edited 5/1/06; edited 9/27/23

If a student completes a course or drops a course after the tenth day of classes receiving a grade of WX, the student may repeat that course once. Undergraduate students who are requesting a third enrollment must obtain permission from the undergraduate academic advisor. Graduate students will obtain permission from the graduate advisor/coordinator who will submit a Third Enrollment Override/Permission Request to the Registrar Service Center to allow the student to register in the course.

When a course has been repeated at Illinois State University, the most recent grade (A, B, C, D, or F) that the student earns will replace the previous grade in the cumulative GPA calculation. A grade of WX, AU, I, CR, CT, NC, P, NP will not replace the grade, nor the hours earned in the prior attempt. The previous grade(s) will not be removed from the student's transcript, and the credit hours and grade points from only the last graded attempt (A, B, C, D, or F) will be used toward meeting degree requirements. Grades received for repeated courses at another college or university, will not replace the previous grade earned at ISU nor can it be used to improve the cumulative grade point average. However, the transfer credit may be used to satisfy a prerequisite, program, or other requirement at ISU. Courses that allow multiple enrollments have a separate grade recorded for each enrollment and each grade (A, B, C, D, or F) is counted toward the student's GPA. Previous grades are not replaced or removed from the student's record until the maximum allowable enrollments or credit hours for the course has been exceeded. An Illinois State student considering repeating or enrolling in any classes, including extension or correspondence courses, at another college or university while enrolled at or pursuing a degree from Illinois State University should consult with their advisor. Students repeating a course to improve their GPA should be aware that many professional and graduate schools recalculate GPAs to include all courses attempted. This regulation does not apply to general courses (See Limitation of Credit for General Courses section).

Transfer of Degree Programs

A transfer from one degree program to another requires approval by the receiving and departing department or school and a formal application to the new program. Admission must be received from the department or school student wishes to transfer prior to withdrawal from current program.

Undergraduates Taking Graduate Coursework for Graduate Credit

Approved 2/15/90, edited 10/16/06, revised 2/10/21

Undergraduates can take graduate courses for graduate credit if they (1) have junior or senior status, and (2) have a cumulative GPA of 2.8 or higher. Total registration cannot exceed 15 hours in that semester. Graduate coursework will not be calculated in the undergraduate GPA. The transcript will indicate the grade received, the number of credit hours the course was worth, but 0 hours earned. This is due to only earned hours are calculated in the GPA. This is common transcript language used by Registrar/Bursar offices. There is no guarantee graduate courses taken will be accepted by another University as transfer credit.

All coursework taken for graduate credit must be approved by the department or school advisor and the Graduate School BEFORE registration. A form titled, "Undergraduate taking Graduate Credit" is available electronically in My.IllinoisState to be completed for approval.

Up to 12 hours of coursework will count toward an ISU graduate degree program only and has a limit of 6 years to be used. Coursework taken for graduate credit cannot count toward a bachelor's degree except under the provisions of integrated bachelor's/master's degree and accelerated master's degree programs. This opportunity is also extended to last semester seniors of other universities who find it possible to take graduate work at this University while

completing requirements for the bachelor's degree on their own campuses. Interested students should write to the Graduate School for further information. Such graduate courses cannot be used in meeting bachelor's degree requirements on their own campuses.

University Policy Manual

See, Policy.IllinoisState.edu (<http://Policy.IllinoisState.edu>).

University Withdrawal Dates

If you drop a course or withdraw from Illinois State University, your charges for tuition, mandatory fees, and outreach fees will be adjusted based on the date of the course drop or withdrawal: See

StudentAccounts.IllinoisState.edu/withdrawal/ (<http://studentaccounts.illinoisstate.edu/withdrawal/>) for additional information.

Withdrawal and Dropped Courses Policy

See, [Policy 2.1.14](https://policy.illinoisstate.edu/students/2-1-14.shtml) (<https://policy.illinoisstate.edu/students/2-1-14.shtml>).

Master's Degrees

Degrees Offered

Master's degrees are offered for the Master of Arts (M.A.), Master of Science (M.S.), and several professional master's degrees. The M.A. and M.S. degrees focus on methodology and practice of research and scholarship in the discipline. The M.A. and M.S. degrees require a minimum of 30 semester hours, a final examination or culminating experience, and, in some fields, a thesis reflecting original scholarship or research.

- Master of Athletic Training: Requirements for this degree is listed in the Kinesiology and Recreation program.
- Master of Business Administration: Requirements for this degree are listed in the section devoted to the College of Business.
- Master of Science: Refer to departments and schools for specific requirements.
- Master of Chemistry Education: See Chemistry department section for information.
- Master of Science in Chemistry Education: See Chemistry department section for information.
- Master of Science in Education: The Master of Science in Education degree may be awarded to students who have met the requirements as designated in the individual departments or school in the College of Education. Refer to departments for specific requirements.
- Master of Science in Business Education: See department for information.
- Master of Music and Master of Music Education: Requirements for these degrees are listed in the School of Music section.
- Master of Public Health: See Health Sciences program for information.
- Master of Fine Arts (Art and Theatre): Requirements for these degrees are listed in the school sections of this catalog and also under the heading of Master of Fine Arts.
- Master of Social Work: See school section for information.
- Master of Science in Nursing: See Mennonite College of Nursing section for information.
- Integrated Bachelor of Science/Master of Professional Accountancy: See department section for information.

Master of Arts Degree Requirements

Approved 12/3/98, edited 3/29/05, 3/22/16

The Master of Arts degree is awarded to a student who has completed an appropriate degree program and met the foreign language requirement for this degree at the college level. This requirement may be met by:

1. Completing a minimum of four semesters (or its equivalent, ISU's LAN 116) in one foreign language. The requirement may be met by earning a grade of C or better (or Credit or Pass) in the courses at either the graduate or undergraduate level.
2. Obtaining a satisfactory score on a university administered language examination approved by the Graduate School available in French, German, or Spanish at the University College Office. [View additional MAPE information \(https://registrar.illinoisstate.edu/testing-services/mape/\)](https://registrar.illinoisstate.edu/testing-services/mape/).
3. Students whose native language is not English may, with departmental or school approval, petition the Graduate School to substitute proficiency in the English language as fulfillment of the language requirement. Proficiency is met by achieving the university or program minimum, whichever is higher, total score on TOEFL or IELTS, or Duolingo exams. Academic English Program/Pathway students who have completed Illinois State Academic English Level 5 will also qualify.
4. Students wishing to use American Sign Language as the language requirement may do so if they have

completed 4 semesters of ASL for credit at an accredited college or university (no adult education courses). Proficiency may also be tested but requires the use of an outside consultant. A fee will be assessed if a proficiency test is needed.

5. Other methods as determined by the department or school with approval by the Graduate School.

Degree Options and Credit Requirements

Edited 2/17/15

The following are the degree options, however, not all programs offer both options:

- Master's Degree with Thesis: No more than 6 and no less than 4 semester hours for thesis research and writing may be counted toward satisfying the 30 semester hour minimum of graduate work for a master's degree with thesis. Fifty percent of all non-thesis hours must be at the 400 level and above.
- Master's Degree without Thesis: Consists of at least 30 semester hours of graduate work and includes a Comprehensive Examination and/or a culminating requirement demonstrating a mature application of skills and knowledge (e.g., professional practice, project, colloquia, and recital).
- Master's Degree with Courses: Consists of at least 30 hours of graduate work demonstrating skills or knowledge of content competency.

Fifty percent of the courses completed, must be at the 400 level or higher.

Time Limitations

Approved 11/6/86, Updated 3/22/01

All requirements for the degree must be completed within six calendar years, beginning with the date the student first registers as a degree student. This time limit applies to enrollment in all graduate course work in the student's program including work for which transfer credit is allowed, as well as courses taken as a visiting student if the student wants to use the courses toward a degree. A Request to Extend Time to Complete Degree Program must be completed by the student, graduate coordinator, and, if applicable, thesis chair, and submitted to the Graduate School for approval or denial. To access this form visit [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms/) (<https://grad.illinoisstate.edu/students/forms/>).

If a course taken to complete the requirements for the degree is not within the six-year period allowed for the degree program, the student's department or school may require the student to retake the course for credit or allow the student to demonstrate current knowledge and/or proficiency of the subject matter. If the latter is used, currency must be demonstrated to the satisfaction of the department or school offering the course through successful completion of an appropriate examination or other assessment if available from the department or school. Otherwise, outdated coursework must be deleted from, and other course work must be substituted in, the degree audit.

Credits more than six years old at the time of first registration into a degree program are not transferable from other institutions. Individual departments and schools may have more stringent timelines. When graduate study is interrupted by military service or other contingencies, the six year limit may be extended with the approval of both the department or school and the Graduate School.

Transfer Credit

Approved 10/19/95; updated 2/24/00, 3/22/01; edited 6/27/04; updated 4/28/21; updated 10/25/23; updated 11/29/23

Upon recommendation of the department or school where the student is enrolled and with the approval of the Graduate School, a student may present a maximum of twelve semester hours or 33% of graduate credit coursework, whichever is higher, from another college or university that is accredited by the appropriate regional accrediting association for use in meeting the requirements of the degree. The work may be part of another graduate degree program. Under special circumstances, the Graduate School may allow a student to present a larger number of credits if recommended by the department or school. A student who plans to take work elsewhere should obtain prior approval indicating that the course or courses are appropriate to the student's curriculum at Illinois State University. Correspondence courses and independent studies are not accepted toward a degree.

To be considered for transfer of credit, a course must be taught at the graduate level and the student must have received at least a B grade in the course. In addition, a departmental or school evaluation of all courses presented is necessary prior to consideration by the Graduate School. The Request for Transfer of Credit form is at:

[Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms/) (<https://grad.illinoisstate.edu/students/forms/>).

Residency Requirements

Approved 11/19/87

Except in the Wonsook Kim School of Art and Department of Communication Sciences and Disorders, a candidate for a master's degree is not required to complete a residency requirement. For specific requirements of the department or school refer to the department or school program description.

Admission to Candidacy

Approved 11/19/87; edited 2/17/15

To be admitted to candidacy for the master's degree the student must have: a) a Degree Audit on file in the Graduate Office, b) completed all deficiencies, c) a minimum G.P.A. of 3.0 in graduate course work at Illinois State, and d) a copy of the thesis proposal approval form on file in the Graduate School if choosing a thesis option.

Master's Comprehensive Examination

Approved 4/14/88; edited 2/17/15; edited 9/19/17; edited 4/24/18

For the comprehensive examination option, a comprehensive examination must be taken by each student before receiving the master's degree. The content, process, scheduling, administration, and evaluation of the examination (oral, written, performance, or otherwise) are to be determined by each department and school. To apply for comprehensive examinations a student must:

- be in good standing in a program,
- have a Degree Audit on file in the department or school,
- not be on academic probation, and
- have a cumulative GPA of at least 3.0 at the time of the examination.

The following procedures apply to the comprehensive exam:

- A student who fails the examination must wait until the next academic term before repeating the entire

examination unless there are reasons that make an exception advisable. Exceptions must be requested from the Graduate School in writing by the student and advisor/chair/director.

- Students who have twice failed the examination are not to repeat the exam unless they have completed further study as prescribed by the department chair or school director.
- Comprehensive examinations may not be administered more than three times to individual students.
- Department chairs and school directors are to notify students, by letter, of examination results within thirty days from the examination date.
- A copy of this letter is to be sent to the Graduate School. (If it is a student's second failure, recommendations for further study and appropriate warning of the situation are to be included in the letter.)
- The Graduate School must receive the results from the department or school no fewer than 10 working days before the date of graduation.
- After the first and second failure of comprehensive examination, the student can petition the department/school to repeat the comprehensive examination.
- At the point of the third failure of comprehensive examination, the department/school will recommend to the Graduate School that the student be dismissed from the degree program.

Master's Thesis Option

Approved 12/11/86

The student electing the thesis option must register for a minimum of four and a maximum of six hours of 499, Master's Thesis. Any student using the services of the academic faculty, staff, or the facilities of the University must be registered for the semester or term during which the services are rendered or the facilities are used including the thesis proposal or defense. Also, to register for 499 the student must be working on the subject under the direction of the advisor or thesis chairperson. No grade will be given for the course but credit (CR) will be entered on the student's record after the final thesis is uploaded to ProQuest and finalized by the Graduate School. No credit for 499 may be given to a student who does not complete a thesis.

Master's Thesis Committee

Approved 12/11/86; Revised 4/22/04; edited 4/26/23

A thesis is written under the direction of a thesis committee appointed in a manner specified by the department or school. All thesis committees require a minimum of two people, a chair from the student's department/school and at least one other committee member. In all cases the chair must have full graduate faculty status. The majority of the committee, which includes the chair, should have full graduate faculty status. Inquire with your department/school for any additional requirements. An associate member may co-chair a thesis with a full member. Proposed committee members who are not members of the Illinois State University Graduate Faculty must be approved by the Director of Graduate Studies. See the "Graduate Committee Information" section on the "Proposal Approval Form" to indicate the faculty who need approval to serve on the committee. A student must be admitted to a degree program in the Graduate School before a thesis committee can be appointed.

Thesis Proposal

Approved 2/18/99, updated 2/18/99

The Thesis Proposal, including the title, scope, and design, must be approved by the student's thesis committee at the proposal hearing. The Thesis Proposal Approval Form should be completed after the successful proposal hearing and submitted and approved by the Graduate School before a student is admitted to candidacy to embark on thesis research. Institutional policy also requires that all research proposals involving human subjects be reviewed and approved by the Institutional Review Board (IRB). Research proposals involving animals must be reviewed by the Institutional Animal Care and Use Committee (IACUC). Research proposals involving biohazards must be reviewed by the Institutional Biosafety Committee (IBC).

In special situations, and only with the approval of the thesis committee, the department chair or school director or designee, and the Graduate School, students may collaborate on some aspects of the work contributing to their theses. However, each thesis submitted to the Graduate School for approval must be a unique product with the degree candidate as the sole author and with due acknowledgment of the contribution of collaborators. The individual student must demonstrate to her or his committee satisfactory command of all aspects of the work presented.

Thesis Acceptance

Approved 3/23/95, edited 2/5/08; 2/17/15

A complete draft of the thesis must be uploaded to ProQuest before the "Right to Defend" will be issued to the student. [View complete details on the completion of the thesis \(https://grad.illinoisstate.edu/students/thesis-dissertation/plan/\)](https://grad.illinoisstate.edu/students/thesis-dissertation/plan/).

Continuous Thesis Registration

Approved 11/14/96; edited 1/2017; edited 4/26/23

After the Thesis Proposal approval form has been accepted in the Graduate School and a student has completed the courses on the approved degree audit and registered for four to six hours of 499 Master's Thesis, the student is required to maintain continuous registration until the submission of all final deposit materials to the Graduate School. The requirement for continuous registration may be fulfilled by maintaining registration of 1 hour of 499 each semester through the semester of degree completion. Students registering for less than 9 credit hours in fall or spring, or less than 6 credit hours in summer, will not have the insurance fee automatically assessed. [See the Health Insurance website \(http://healthservices.illinoisstate.edu/insurance/\)](http://healthservices.illinoisstate.edu/insurance/) for further information (<http://healthservices.illinoisstate.edu/insurance/>). The requirement for continuous registration does not apply during a summer term unless the student is proposing, defending, or graduating in that term. Registration for 499 may be in absentia. If circumstances prohibit continuous registration, a student must request a [leave of absence \(https://policy.illinoisstate.edu/students/2-1-5/\)](https://policy.illinoisstate.edu/students/2-1-5/). Any student interrupting registration without obtaining a leave of absence, upon re-enrollment and/or reinstatement, must pay tuition and fees for one credit hour of 499, at the current tuition and fee rates, for each of the delinquent semesters. Any student requesting reinstatement in a degree program after a lapse of one calendar year must complete an application for readmission to the program. Continuous registration for an upcoming term may be waived if all materials are submitted to the Graduate School by the Friday before the next semester starts. Consult with the Graduate School for more information.

Full-Time Equivalency

Approved 1/27/21

If a student has completed the maximum requirement of thesis hours for the program, but more time is needed, a student may register for a 1 credit of thesis for up to two (2) semesters. This 1 credit course will be counted at a level equivalent to full-time study for the purposes of loan deferment, continued use of university student services, and graduate assistant full-time enrollment eligibility requirements. An approved [PERS 938 \(Reduced Course Load Request\)](https://hr.illinoisstate.edu/downloads/PERS938.pdf) (<https://hr.illinoisstate.edu/downloads/PERS938.pdf>) is still required for graduate assistants enrolled in this option.

If more time is needed beyond the first two (2) semesters, a formal request for an extension can be made to the graduate school by the thesis advisor. Extensions may be approved for a maximum of two (2) additional semesters only if a clear plan for completion has been submitted and only if the student is working at a full-time equivalency on thesis work. Graduate students who are using this extension cannot hold a graduate assistantship. If the extension is approved, the full-time equivalency could be used for loan deferment or continued use of student services ONLY.

An extension request must address the following:

- An explanation of why the extension is necessary;
- If the extension is being requested for one or two semesters;
- Explanation of how the student is working at a full-time equivalency on thesis work;
- A timeline for completion in the requested time-frame; and
- Approval of the thesis advisor, the graduate coordinator, and the Graduate School.

Use of the 1 credit thesis option (or extended period) may also affect the cost of attendance if a student is applying for federal and state financial aid. Students should consult the Financial Aid department to determine how use of the option will impact the student's eligibility for federal and state financial aid.

Two Simultaneous Master's Degrees

Approved 11/6/86, revised 9/19/17

A maximum of 12 hours of course work is allowable to count simultaneously toward two (2) master's degrees provided certain other stipulations are met. These stipulations are as follows:

1. that the student must be enrolled in the second master's program at least one semester prior to the completion of the first degree,
2. that all requirements for both degree programs be met within the six year time limit,
3. that a particular thesis may not be used to meet the degree requirements for more than one degree, and
4. that not more than three hours of the 12 hours allowed to count toward the second degree be generated by independent study, practicum, or workshop credit.

Two Simultaneous Sequences

Approved 3/22/01

Two sequences offered within the same degree program may be recognized on a student's transcript if the student is enrolled in both sequences simultaneously as part of the requirements for completing the degree program. A common core of degree requirements and common sequence requirements may be shared across both sequences subject to the following limitations:

- Students must complete the requirements for both sequences before completing the degree requirements.
- The requirements for the two sequences and the degree program must be completed within a six year time limit from the time of admission to the degree program.
- No more than nine hours of independent study (400), workshop (493), or professional practice (498) can be shared for both sequences and the degree program.

Thesis hours may be shared by both sequences.

Students who have been awarded a graduate degree are not eligible to pursue a second sequence within the same degree program under these provisions.

Accelerated Master's Degree Programs

Approved 9/19/2017

Accelerated master's degree (AMD) programs offer high achieving students the opportunity to complete their bachelor's degree and master's degree in a faster time frame than each degree separately. Students will take both graduate and undergraduate classes when they have junior or senior status and seamlessly transition into their master's degree program.

Students admitted into an accelerated master's degree program may count a maximum of twelve (12) hours or 33% of course work towards both the bachelor's degree and master's degree. The coursework requires approval of the academic advisor. Courses must be at the 400 level or be a dual credit 300 level course in which the student completes graduate student requirements as outlined in the syllabus. Although a maximum of twelve (12) hours or 33% of coursework may be shared, some programs have lower limits. Students will complete all degree requirements in both degrees.

Admission Requirements

Bachelors/Masters programs are designed to enhance the opportunities for advanced training for ISU's most talented undergraduates. Admission to these programs must be highly competitive and will depend upon a positive review of credentials by the program's admission's committee. Accordingly, the admission requirements for these programs are higher than those required if the master's degree were pursued entirely after the receipt of the bachelor's degree. Minimum requirements include:

- Declared undergraduate major
- Junior based on credit hours earned
- A minimum cumulative GPA of 3.20 for all course work at ISU

Students not eligible for the accelerated program may apply to the master's degree program through the regular admissions process.

A student should apply for admission to the accelerated sequence by submitting the department required documents. Students apply to the graduate program in the semester they graduate from the bachelor's program. Some departments may have different deadlines for applications.

Students will receive conditional admission, pending the review of their grades at the conclusion of the semester of application. Once admitted to the Accelerated Master's Degree program, students are required to meet the academic standing requirements of the Graduate School. As long as a student remains in good standing, they will automatically be admitted as a graduate student in that program.

Financial Eligibility

Students will be billed based on the degree program in which they currently exist. Students are considered to be an undergraduate student until they complete their bachelor's degree. Once completed the student becomes a graduate student and is eligible for graduate student funding.

Withdrawal from Accelerated Programs

Students must complete at least one graduate course as an undergraduate to be considered in the accelerated master's degree program. If the student does not complete this course, or chooses to withdraw from the accelerated program, or will not start the master's program the next available term after completing the bachelors, they will be placed back in their original degree program.

Application for Degree Completion

The undergraduate and graduate degrees will be conferred separately. Undergraduate students will apply for and follow undergraduate commencement procedures to complete their undergraduate degree. The last semester of the graduate degree program, the student will adhere to deadlines and processes for graduate degree commencement. All details of undergraduate commencement are handled in the same manner and by the same timelines as all other undergraduate students. Once in the graduate career, students abide by the graduation deadlines set forth by the Graduate School.

Master of Fine Arts

Degrees Offered

Offered in the Wonsook Kim School of Art and the School of Theatre and Dance, the Master of Fine Arts (M.F.A.) is a terminal degree that emphasizes theory and practice in a particular discipline of the arts.

Curriculum Requirements

Approved 11/19/87

A professionally oriented program, the M.F.A. requires a minimum of 60 semester hours for a student with only a bachelor's degree or a minimum of 32 hours for a student with an earned master's degree. The total hours required for a student with an earned master's degree will be based on an evaluation of the student's portfolio and academic record. However, the final determination will not be made until the student has completed a minimum of six semester hours in the student's major area of emphasis. A candidate for the degree must demonstrate proficiency both as a practitioner and a teacher in one of several areas of emphasis listed in the Graduate Catalog.

Time Limitations

Approved 11/19/87, Updated 3/22/01

All requirements for the Master of Fine Arts degree must be completed within eight calendar years, beginning with the date the student first registers as a degree student. This time limit applies to enrollment in all graduate coursework in the student's program, including work for which transfer credit is allowed. If a course taken to complete the requirements for the M.F.A. degree is not taken within the eight year period allowed for the degree program, the student's school may require the student to retake the course for credit or allow the student to demonstrate current knowledge of the subject matter. If the latter is used, currency must be demonstrated to the satisfaction of the school offering the course through successful completion of an appropriate examination or other assessment if available from the school. Otherwise, outdated coursework must be deleted from, and other coursework must be substituted in, the degree audit. Credits more than eight years old at the time of first registration into a degree program are not transferable from other institutions. When graduate study is interrupted by military service or other contingencies, the eight-year limit may be extended by the Graduate School. Use the Request to Extend Time to Complete Masters/Doctoral Degree Program form at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms) (<https://grad.illinoisstate.edu/students/forms/>).

Transfer Credit

Approved 11/19/87, Updated 3/22/01

Credits more than eight years old at the time of first registration into a Master of Fine Arts degree program are not transferable from other institutions. The work must not form part of a completed degree program elsewhere. Under special circumstances, the Graduate School may allow a student to present a larger number of credits if recommended by the school. A student who plans to take work elsewhere should obtain prior approval indicating that the course or courses are appropriate to the student's curriculum at Illinois State University.

To be considered for transfer of credit, a course must meet the criteria outlined on the Transfer of Credit form and obtain approval from the Graduate School. The Transfer of Credit form is available at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms/) (<https://grad.illinoisstate.edu/students/forms/>).

In the Wonsook Kim School of Art, a student can transfer no more than nine semester hours of credit from any graduate program (including a master's program in Art at Illinois State University) for use in meeting the requirements of the M.F.A. degree. In the School of Theatre and Dance, a student who does not have an earned master's degree may present a maximum of six semester hours of credit from another college or university for use in meeting the requirements of the M.F.A. degree. However, the student may present all earned hours from a master's program in Theatre at Illinois State for use in meeting these requirements. A Theatre student who has an earned master's degree must earn a minimum of 32 hours in the M.F.A. program at Illinois State University.

Residency Requirement

Approved 11/19/87

A student without an earned master's degree must complete a residency requirement of at least four semesters with at least two of them being full-time, consecutive semesters. A student with an earned master's degree must complete a residency requirement of at least two full-time, consecutive semesters. Summer session may be counted toward the two consecutive semester requirement only in the School of Theatre and Dance.

Admission to Candidacy

Approved 11/19/87

In order to be admitted to candidacy, the student without an earned master's degree must have completed 24 hours of graduate study at Illinois State University or two semesters of full-time resident study.

The student with an earned master's degree must have completed 12 hours of graduate study at Illinois State University or one semester of full-time resident study. All students must have a grade average of B or better with no more than 5 (6 in Theatre) hours below a grade of B.

Before becoming a candidate for the M.F.A. in Art the student must pass a candidacy review that includes approval of the following items: portfolio of studio work, final Degree Audit, and proposal for the Supportive Statement (an exhibition-related written project).

Before becoming a candidate for the M.F.A. in Theatre the student must have a Degree Audit on file with the Graduate School and pass a qualifying examination which is administered by the student's M.F.A. portfolio committee. Admission to candidacy, which usually occurs in the final semester, must be satisfied before the student is allowed to schedule an exit portfolio presentation. The Degree Audit form is available at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms/) (<https://grad.illinoisstate.edu/students/forms/>).

Academic Advisors

Approved 11/19/87

In the Wonsook Kim School of Art, the student in the pre-candidacy phase of the program selects a major advisor with the help of the Graduate Coordinator/Director. With the help of the major advisor the student selects a candidacy review committee of three members. The chairperson of this committee must be from the student's major area of emphasis. Normally, the candidacy review committee continues as the student's graduate committee during the candidacy phase of the program.

In the School of Theatre and Dance the director, in consultation with faculty whom the director deems appropriate, will select the candidate's Portfolio Committee. The committee chairperson must come from the student's major area of emphasis.

Doctor of Philosophy

The Doctor of Philosophy degree is designed for the preparation of individuals competent in research and scholarly inquiry whose career objectives are generally in research, teaching, consultation, or leadership roles in universities, colleges, institutes, educational agencies or private practice.

Minor Fields

Approved 4/14/88

A doctoral student may select a minor field (or fields) of study. The selection and composition of a minor field (or fields) must have the approval of the Graduate School and the major and minor departments. A minor field may, under certain circumstances, be in the same department or school as a major field.

Curriculum Requirements

A doctoral degree is not granted on the basis of a student having successfully completed a certain number of courses, but upon evidence of scholarly attainment as demonstrated especially by competence in research.

Students may transfer up to 40% of the required program coursework, not including comprehensive exams and dissertation hours, toward the completion of the doctoral degree with approval from the department/school. The transferred coursework must be graduate level, with a grade of B or higher (or equivalent as verified on the transcript), and may or may not have been used toward another graduate level degree. The coursework being considered for transfer will be reviewed on an individual basis with final approval from the department/school.

Time Limitations

Approved 4/14/88, Updated 3/22/01

All requirements for a doctoral degree, including the dissertation, must be completed by the end of eight calendar years beginning with the date the student first registers as a doctoral degree student. This time limit applies to enrollment in all graduate coursework in the student's program. If a course taken to complete the requirements for the doctoral degree is not taken within the eight-year period allowed for the degree program, the student's department may require the student to retake the course for credit or allow the student to demonstrate current knowledge of the subject matter. If the latter is used, currency must be demonstrated to the satisfaction of the department offering the course through successful completion of an appropriate examination or other assessment if available from the department. Courses from other institutions falling outside the limitation of time may not be used in a graduate program. When graduate study is interrupted by military service or other contingencies, the eight-year limit may be extended by the Graduate School. A Request to Extend Time to Complete Graduate Degree Program must be completed by the student, graduate coordinator/director, and if applicable, dissertation chair, and submitted to the Graduate School for approval or denial. The Request to Extend Time to Complete Graduate Degree form is available at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms) (<https://grad.illinoisstate.edu/students/forms/>).

Admission to Candidacy

Approved 4/14/88

A doctoral student will be admitted to candidacy after: a Degree Audit has been submitted to the Graduate School and approved, (b) the comprehensive/preliminary examination has been successfully completed and reported to the Graduate School, (c) the research tool requirement has been met, and (d) the dissertation proposal has been approved by the dissertation committee and by the Graduate School. (Both the Degree Audit and Proposal Approval forms are available at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms/) (<https://grad.illinoisstate.edu/students/forms/>)).

Comprehensive/Preliminary Examination

Approved 4/14/88; edited 2/17/15; edited 9/19/17; edited 4/24/18

The comprehensive/preliminary examination is written, or, written and oral. It is also concerned with the student's professional competence and ability to undertake independent research. The content, process, scheduling, administration, and evaluation of the examination is to be determined by each department and school. To apply for comprehensive examinations a student must:

1. be in good standing in a program, and
2. have a Degree Audit on file in the department or school,
3. not be on academic probation,
4. and have a cumulative GPA of at least 3.0 at the time of the examination.

A student who fails the examination must wait until the next academic term before repeating the entire examination unless there are reasons that make an exception advisable. Exceptions must be requested from the Graduate School in writing by the student and advisor/director. Students who have twice failed the examination are not to repeat the exam unless they have completed further study as prescribed by the department chair or school director.

Comprehensive examinations may not be administered more than three times to individual students. Department chairs and school directors are to notify students, by letter, of examination results within thirty days from the examination date. A copy of this letter is to be sent to the Graduate School. (If it is a student's second failure, recommendations for further study and appropriate warning of the situation are to be included in the letter.) At the point of the third failure of comprehensive examination, the department or school will recommend to the Graduate School that the student be dismissed from the degree program.

The Graduate School must receive the results from the department or school within 5 working days of notifying the student.

Registration for Dissertation Work

Approved 12/11/86

Fifteen semester hours of 599 Doctoral Research are required for the doctoral degree. Any student using the services of the academic staff or the facilities of the University must be registered for the semester or term during which the services are rendered or facilities are used. Also, to register for 599 the student must be working on the research under the direction of the advisor or dissertation chairperson.

Continuous Registration

Approved 11/14/96; edited 4/26/23

Once admitted to candidacy in a doctoral degree program, as defined by the Admission to Candidacy policy, and after the student has completed all coursework on the Degree Audit and the required number of hours (15) of 599 Doctoral Research, the student is required to maintain continuous registration until the submission of all final deposit materials to the Graduate School. The requirement for continuous registration may be fulfilled by maintaining registration in 1 hour of 599 each semester through the semester of degree completion. (Students registering for less than 9 credit hours in fall or spring, or less than 6 credit hours in summer, will not have the insurance fee automatically assessed. (See the [Health Insurance](https://healthservices.illinoisstate.edu/insurance/) (<https://healthservices.illinoisstate.edu/insurance/>) website for further information.) The requirement for continuous registration does not apply during a summer term unless the student is proposing, defending, or graduating in that term. Registration for 599 may be in absentia. If circumstances prohibit continuous registration, a student must request a [leave of absence](https://policy.illinoisstate.edu/students/2-1-5/) (<https://policy.illinoisstate.edu/students/2-1-5/>). Any student interrupting registration without obtaining a leave of absence, upon re-enrollment and/or reinstatement, must pay tuition and fees for one credit hour of 599, at the current tuition and fee rates, for each of the delinquent semesters. Any student requesting reinstatement in a degree program after a lapse of one calendar year must complete an application for readmission to the program. Continuous registration for an upcoming term may be waived if all materials are submitted to the Graduate School by the Friday before the next semester starts. Consult with the Graduate School for more information.

Full-Time Equivalency

Approved 1/27/21

If a student has completed the maximum requirement of dissertation hours for the program, but more time is needed, a student may register for a 1 credit of dissertation for up to two (2) semesters. This 1 credit course will be counted at a level equivalent to full-time study for the purposes of loan deferment, continued use of university student services, and graduate assistant full-time enrollment eligibility requirements. An approved [PERS 938 \(Reduced Course Load Request\)](https://hr.illinoisstate.edu/downloads/PERS938.pdf) (<https://hr.illinoisstate.edu/downloads/PERS938.pdf>) is still required for graduate assistants enrolled in this option.

If more time is needed beyond the first two (2) semesters, a formal request for an extension can be made to the graduate school by the dissertation advisor. Extensions may be approved for a maximum of two (2) additional semesters only if a clear plan for completion has been submitted and only if the student is working at a full-time equivalency on dissertation work. Graduate students who are using this extension cannot hold a graduate assistantship. If the extension is approved, the full-time equivalency could be used for loan deferment or continued use of student services ONLY.

An extension request must address the following:

- An explanation of why the extension is necessary;
- If the extension is being requested for one or two semesters;
- Explanation of how the student is working at a full-time equivalency on dissertation work;
- A timeline for completion in the requested time-frame; and
- Approval of the dissertation advisor, the graduate coordinator, and the Graduate School.

Use of the 1 credit dissertation option (or extended period) may also affect the cost of attendance if a student is applying for federal and state financial aid. Students should consult the Financial Aid department to determine how use of the option will impact the student's eligibility for federal and state financial aid.

Dissertation Committee

Approved 4/23/92; revised 4/22/04; edited 4/26/23

A dissertation is written under the direction of a dissertation committee appointed in a manner specified by the department. Dissertation committees require a minimum of 3 people, a chair from the student's department/school and at least two other committee members. In all cases the chair must have full graduate faculty status. The majority of the committee, which includes the chair, should have full graduate faculty status. Inquire with your department/school for any additional requirements. Proposed committee members who are not members of the Illinois State University Graduate Faculty must be approved by the Director of Graduate Studies. See the "Graduate Committee Information" section on the Proposal Approval Form to indicate the faculty that need approval to serve on the committee. All committee members must have terminal degrees.

The Proposal Approval form is available at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms)
(<https://grad.illinoisstate.edu/students/forms/>).

Dissertation Proposal

Approved 12/11/86, updated 2/18/99

The student is required to file a Proposal Approval Form with the department or school and with the Graduate School for approval before embarking on dissertation research. Institutional policy also requires that all research proposals involving human subjects be reviewed by the Institutional Review Board (IRB). Research proposals involving animals must be reviewed and approved by the Institutional Animal Care and Use Committee (IACUC). Research proposals involving biohazards must be reviewed by the Institutional Biosafety Committee (IBC). The dissertation for the doctorate must involve independent research and an original contribution to knowledge. See [RSP.IllinoisState.edu](https://research.illinoisstate.edu/)
(<https://research.illinoisstate.edu/>).

Dissertation Acceptance

Approved 3/23/95, edited 2/5/08; 2/17/15

A complete draft of the dissertation must be uploaded to ProQuest before the "Right to Defend" will be issued to the student. [View complete details on the completion of the dissertation](https://grad.illinoisstate.edu/students/thesis-dissertation/plan/) (<https://grad.illinoisstate.edu/students/thesis-dissertation/plan/>).

Academic Advisor

Approved 4/14/88

Each department is responsible for advising each student upon admittance to the program and informing the student of the source of this assistance. The student's Degree Audit must have the approval of appropriate departmental or school officials and the Graduate School and should be submitted early in the student's program. For a complete listing of each program's graduate coordinator(s) or director(s) please visit [Grad.IllinoisState.edu/Faculty/Coordinators/](https://grad.illinoisstate.edu/faculty/coordinators/)
(<https://grad.illinoisstate.edu/faculty/coordinators/>).

Doctor of Education

The Doctor of Education degree is designed for the preparation of practitioners competent in identifying and solving complex educational problems and who have the ability to understand and conduct research in their field. The career objectives of program graduates generally lie in areas of education at any academic level.

For information on Academic Advisor, Minor Fields, Time Limitations, Course Requirements, Comprehensive/Preliminary Examination, Admission to Candidacy, Registration for Dissertation Work, Continuous Registration, Dissertation Committee, Dissertation Acceptance, Dissertation Proposal, see the Doctor of Philosophy section.

Research Tool Requirement for an Ed.D.

Approved 10/15/98

Candidates are expected to have developed research competencies appropriate to doctoral candidates in their fields. These involve proficiencies in quantitative and/or qualitative research and may include such areas as statistics, measurement and evaluation, and field studies/ethnography.

Doctor of Audiology

For information on the Doctor of Audiology, refer to the [Communication Sciences and Disorders Department \(/catalog/graduate/communication-sciences-disorders/\)](#) section of this catalog.

Doctor of Nursing Practice

For information on the Doctor of Nursing Practice, refer to the [Nursing Department \(/catalog/graduate/nursing/\)](/catalog/graduate/nursing/) section of this catalog.

Advanced Standing Credit for Students Enrolling in a Doctoral Professional Practice Program

Approved 10/29/19

A limit of 24 hours of advanced standing credit may be granted to a doctoral student with a previous master's degree in a related field of study. The graduate program coordinator will determine whether the 24 hours should be granted when the student applies for admission to the program. Technically, this is not transfer credit and does apply to any of the limits listed below.

Doctoral candidates who have previously earned a master's degree or its equivalent approved by one of the regional accreditation associations or by the agencies recognized by the Council for Higher Education Accreditation may be granted 24 semester hours of advanced standing credit toward the doctoral degree if approved by the program and the Graduate School at the time of admission. The 24 hours are subtracted from the total hours required for the doctorate from the baccalaureate, if applicable. The 24 hours are not counted toward the maximum allowed transfer credit limit or computed in the cumulative graduate GPA. A copy of the transcript showing the earned degree is required. Degree equivalency from foreign institutions is determined by International Admissions. Advanced standing credit will only be granted for courses completed within five years of admission to the doctoral professional practice program and a grade of B or higher must have been achieved.

Specialist in School Psychology

The Specialist in School Psychology degree is offered in the Department of Psychology in the College of Arts and Sciences. Approved 1991. The Specialist in School Psychology degree requires the completion of a minimum of 60 semester hours of graduate level course work including practicum experiences; a full- time, nine-month internship in a school setting, and completion of a thesis or non-thesis option. The thesis option requires a minimum of 4 semester hours of PSY 499 credit. The non-thesis option requires 4 semester hours of an applied research experience in School Psychology.

Students must maintain a grade point average of at least 3.0 throughout their graduate training. Additionally, no more than 9 semester hours with grades of “C” are permissible.

Students must present, exclusive of Thesis 499 or the applied research experience, not less than 30 hours of 400-level course work.

Credit Requirements

Approved 1991, rev 3/03, edited 6/05; 2/17/15

The S.S.P. degree requires the completion of a minimum of 60 semester hours of graduate level coursework including practicum experiences; a thesis or applied research experience in school psychology and a full-time internship in a school setting.

Deficiencies

Approved 1991

When an applicant has been accepted, the department will indicate any courses that may be required to remove undergraduate deficiencies. The department also may specify certain graduate courses which will be required in addition to those listed in the catalog and will designate which, if any, of these courses may be used in meeting requirements for the degree.

Time Limitations

All requirements for the S.S.P. degree must be completed within six calendar years, beginning with the date the student first registers as a Specialist in School Psychology degree student. See Master's Degree Time Limitations section for complete policy. The form is available at [Grad.IllinoisState.edu/students/forms](https://grad.illinoisstate.edu/students/forms/) (<https://grad.illinoisstate.edu/students/forms/>).

Transfer Credit

Approved 1991, updated 3/22/01

Upon recommendation of the department and with the approval of the Graduate School, a student may present a maximum of nine semester hours of graduate credit from another college or university that is accredited by the appropriate regional accrediting association for use in meeting the requirements of the

S.S.P. degree. See entire policy under Master's Transfer Credit section.

Admission to Candidacy

To be admitted to candidacy for the S.S.P. degree the student must have a minimum grade point average of

3.0 in graduate coursework at Illinois State, completed all deficiencies, successful completion of PSY 402 or a Thesis Proposal Approval form for PSY 499, on file in the Graduate School, if a thesis is the culminating experience for the specialist program, and an approved Degree Audit on file in the Graduate School.

Registration for Thesis Work

Approved 1991

The student under the thesis option must register for four hours of 499 Thesis. Any student using the services of the academic staff or the facilities of the University must be registered for the semester or term during which the services are rendered or the facilities are used including the thesis proposal or defense. Also, to register for 499 the student must be working on the subject under the direction of the advisor or thesis chairperson. No grade will be given for the course but credit (CR) will be entered on the student's record at the time the approved thesis is deposited in the Graduate School Office. No credit for 499 may be given to a student who does not complete a thesis.

Continuous Registration - SSP

Approved 11/14/96; edited 4/26/23

After the Thesis Proposal approval form has been accepted in the Graduate School and a student has completed the courses on the approved Degree Audit and registered for four hours of 499 Thesis, the student is required to maintain continuous registration. The requirement for continuous registration may be fulfilled by registering for Thesis 499.00. The requirement for continuous registration does not apply during a summer term unless the student is proposing, defending, or graduating in that term. Registration for 499.00 may be in absentia. If circumstances prohibit continuing registration a student must request a leave of absence from the University. Any student interrupting registration without obtaining a leave of absence must pay tuition for one credit hour of 499.00 for each of the delinquent semesters upon reenrollment and/or reinstatement. Any student requesting reinstatement in a degree program must complete an application for readmission to the program. Continuous registration is required until the submission of all final deposit materials to the Graduate School. Consult with the Graduate School for more information. (See also Academic Load for Graduate Assistant insurance information.)

Thesis Committee

Approved 1991; Revised 4/22/04; edited 4/26/23

A thesis is written under the direction of a thesis committee appointed in a manner specified by the department. The committee normally consists of three or more full members of the Graduate Faculty, but shall not be fewer than two members. In all cases the chair must have full graduate faculty status. The majority of the committee, which includes the chair, should have full graduate faculty status. An associate Member may co-chair a thesis with a Full Member. Inquire with your department for any additional requirements. Proposed committee members who are not members of the Illinois State University Graduate Faculty must be approved by the Director of Graduate Studies. A student must be admitted to a Specialist degree program in the Graduate School before a thesis committee can be appointed.

Thesis Proposal

Approved 1991

The Proposal for Research, including the title, scope, and design, must be approved by the student's thesis committee before a student is admitted to candidacy. The student is required to file an approved Proposal for Research with the department at a time and in a manner specified by the department. Institutional policy requires that all research involving human subjects be reviewed and approved by the Institutional Review Board (IRB). Research involving animals must be approved by the Institutional Animal Care and Use Committee (IACUC). Research involving biohazards must be reviewed by the Institutional Biosafety Committee (IBC). A copy of the Thesis Proposal approval form shall be deposited in the Graduate School Office by the early part of the semester or term in which completion of the S.S.P. degree is expected, according to the deadlines published by the Graduate School.

Thesis Acceptance

A complete draft of the thesis must be uploaded to ProQuest before the "Right to Defend" will be issued to the student. For complete details on the completion of the dissertation. See grad.illinoisstate.edu/students/thesis-dissertation/plan/ (<https://grad.illinoisstate.edu/students/thesis-dissertation/plan/>).

Graduate Certificates

Approved 11/29/01; Revised 2018

Graduate-level certificates are graduate courses of study approved by an academic unit designed to provide professional development and career advancement opportunities, to broaden career options, or to enhance an individual's skills or education as part of the process of life-long learning. These certificates are not part of degree programs, although courses completed as part of a certificate curriculum could be used in meeting degree requirements, where appropriate.

A non-degree graduate certificate student is one who has been formally admitted by a department or school to a specific course of study leading to a certificate. There are two types of non-degree graduate certificates.

Post-Baccalaureate Graduate Certificate: Requires a minimum of nine semester hours of graduate courses beyond the baccalaureate degree, but fewer hours than a master's degree.

Post-Master's Graduate Certificate: Requires a minimum of 9 semester hours of graduate courses beyond the master's degree, but fewer hours than a doctoral degree.

Admission

An applicant for a course of study leading to a Graduate or Post-Baccalaureate Certificate must have a bachelor's degree from a four-year college or university that is accredited by the appropriate regional accrediting association, or its equivalent as determined by the Graduate School. For a Post-Master's Certificate, the applicant must have a master's degree from a college or university that is accredited by the appropriate regional accrediting association, or its equivalent as determined by the Graduate School. Applicants must also meet the specific requirements stipulated by the academic unit offering the certificate.

Academic Advisor

A Graduate, Post-Baccalaureate, or Post-Master's certificate course of study shall have a designated coordinator or director assigned by the academic unit chair that is sponsoring the certificate to advise students and confirm completion of the certificate requirements.

For a complete listing of each certificate program's graduate coordinator(s) or director(s) please visit [Grad.IllinoisState.edu/Faculty/Coordinators](https://grad.illinoisstate.edu/faculty/coordinators/) (<https://grad.illinoisstate.edu/faculty/coordinators/>).

GPA Minimum

In order to be awarded the certificate, a student must have a minimum graduate GPA of 3.0 in the set of courses required for the certificate.

Time Limitations

All requirements for a graduate level certificate must be completed within six calendar years, beginning with the date the student first registers as a graduate level certificate student. This limitation applies to enrollment in all graduate coursework for the certificate including work for which transfer credit is allowed. Refer to the time limitation regulation for master's degrees for additional criteria which would apply.

Transfer of Credit

No more than 40 percent of coursework hours required can be transferred from other accredited institutions to satisfy the certificate requirements.

Additional Requirements and Information

Students must complete the same prerequisites or have the equivalent experiences as graduate degree candidates to enroll in specific courses.

No differentiation in course requirements will exist between graduate certificate courses and graduate degree courses.

Students seeking a graduate level certificate are subject to the academic policies and regulations indicated in this catalog. There will not be university recognition of graduate level certificate completion as part of the degree commencement activities except by agreement of the College whose academic unit sponsors the certificate.

The granting of a graduate level certificate will appear on the University transcript.

Eligibility for Financial Aid, Assistantships, or Fellowships

Certificate students are not eligible for graduate assistantships or fellowships intended for degree- seeking students nor federal financial aid. Graduate tuition waivers are granted at the discretion of the awarding unit.

Use of Courses in Degree Programs

Courses taken as part of a graduate certificate can be counted towards a master's degree following degree grading criteria if the courses are appropriate for the specific degree program and are taken within an approved time frame.

Admission to a Degree Program: Individuals in a graduate-level certificate program who wish to apply to a degree program will go through the usual admissions process for a master's degree, using the usual documentation (transcripts, standardized scores, etc.).

College of Applied Science and Technology Programs

The College of Applied Science and Technology offers graduate programs that are designed to provide advanced preparation for professional and technical positions in a variety of industry settings. Graduate education is focused on the integration of advanced knowledge and theory into focused application and inquiry.

The College offers the Master of Science degree in Agriculture, Criminal Justice Sciences, Family and Consumer Sciences, Information Technology, Kinesiology and Recreation, and Technology. The Department of Health Sciences offers the Master of Public Health degree. The School of Kinesiology and Recreation also offers the Master of Athletic Training degree. The Departments of Criminal Justice Sciences and Family and Consumer Sciences also offer Master of Arts degrees. Graduate certificates are offered in the Department of Family and Consumer Sciences, the Department of Health Sciences, the School of Information Technology, the School of Kinesiology and Recreation, and the Department of Technology.

Agriculture

Programs Offered

M.S. degree in Agriculture with sequences in Agribusiness, Agriscience, and Agriculture Education and Leadership.

Agriculture Program

Degree Offered: M.S.

Full-time students should expect to take at least two years to complete the master's program once they have completed any deficiency coursework.

Each sequence has a thesis and non-thesis option. Required core courses for the degree program are: AGR 403 (<https://coursefinder.illinoisstate.edu/AGR/403/>), AGR 445 (<https://coursefinder.illinoisstate.edu/AGR/445/>), and AGR 497 (<https://coursefinder.illinoisstate.edu/AGR/497/>).

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Agribusiness Sequence

This 37-hour sequence requires:

- 7 hour required core: AGR 403 (<https://coursefinder.illinoisstate.edu/AGR/403/>), AGR 445 (<https://coursefinder.illinoisstate.edu/AGR/445/>), and AGR 497 (<https://coursefinder.illinoisstate.edu/AGR/497/>).
- 6 hours: MBA 430 (<https://coursefinder.illinoisstate.edu/MBA/430/>) and MBA 421 (<https://coursefinder.illinoisstate.edu/MBA/421/>);
- 12 hours: AGR 418 (<https://coursefinder.illinoisstate.edu/AGR/418/>), AGR 420 (<https://coursefinder.illinoisstate.edu/AGR/420/>), AGR 422 (<https://coursefinder.illinoisstate.edu/AGR/422/>) or AGR 424 (<https://coursefinder.illinoisstate.edu/AGR/424/>).
- Plus Option 1 or 2
- Students who completed a limited number of business courses as undergraduates may be required to take some or all of the following Pre-MBA courses in accounting, statistics, economics, management, marketing, finance, and business law. Foundation courses cannot be presented for use in the Agriculture degree program.

Students with non-business undergraduate degrees may have to complete Pre-MBA Program courses before enrolling in MBA core courses. The responsibility for demonstrating prior academic coverage of the material at the appropriate level rests with the student, and should be completed at least one month prior to the beginning of the first semester of course work.

Option I - Thesis

- the degree requirements listed above
- 6 hours of Master's Thesis ([AGR 499](https://coursefinder.illinoisstate.edu/AGR/499/) (<https://coursefinder.illinoisstate.edu/AGR/499/>))
- 6 hours of electives

Option II - Non-Thesis

- the degree requirements listed above
- a synthesizing experience consisting of 3 hours of Independent Study ([AGR 400](https://coursefinder.illinoisstate.edu/AGR/400/) (<https://coursefinder.illinoisstate.edu/AGR/400/>)) under the direction of a major advisor and with the approval of an advisory committee OR an immersion-based professional training experience for 3 hours of Independent Study ([AGR 400](https://coursefinder.illinoisstate.edu/AGR/400/)) approved by the graduate program coordinator and oral examination.
- 9 hours of electives

Elective Courses

The following Department of Agriculture courses are acceptable to satisfy the elective courses requirement of the Agribusiness Sequence: [AGR 304](https://coursefinder.illinoisstate.edu/AGR/304/) (<https://coursefinder.illinoisstate.edu/AGR/304/>), [AGR 305](https://coursefinder.illinoisstate.edu/AGR/305/) (<https://coursefinder.illinoisstate.edu/AGR/305/>), [AGR 306](https://coursefinder.illinoisstate.edu/AGR/306/) (<https://coursefinder.illinoisstate.edu/AGR/306/>), [AGR 312](https://coursefinder.illinoisstate.edu/AGR/312/) (<https://coursefinder.illinoisstate.edu/AGR/312/>), [AGR 313](https://coursefinder.illinoisstate.edu/AGR/313/) (<https://coursefinder.illinoisstate.edu/AGR/313/>), [AGR 315](https://coursefinder.illinoisstate.edu/AGR/315/) (<https://coursefinder.illinoisstate.edu/AGR/315/>), [AGR 318](https://coursefinder.illinoisstate.edu/AGR/318/) (<https://coursefinder.illinoisstate.edu/AGR/318/>), [AGR 319](https://coursefinder.illinoisstate.edu/AGR/319/) (<https://coursefinder.illinoisstate.edu/AGR/319/>), [AGR 320](https://coursefinder.illinoisstate.edu/AGR/320/) (<https://coursefinder.illinoisstate.edu/AGR/320/>), [AGR 324](https://coursefinder.illinoisstate.edu/AGR/324/) (<https://coursefinder.illinoisstate.edu/AGR/324/>), [AGR 352](https://coursefinder.illinoisstate.edu/AGR/352/) (<https://coursefinder.illinoisstate.edu/AGR/352/>), [AGR 353](https://coursefinder.illinoisstate.edu/AGR/353/) (<https://coursefinder.illinoisstate.edu/AGR/353/>), [AGR 355](https://coursefinder.illinoisstate.edu/AGR/355/) (<https://coursefinder.illinoisstate.edu/AGR/355/>), [AGR 357](https://coursefinder.illinoisstate.edu/AGR/357/) (<https://coursefinder.illinoisstate.edu/AGR/357/>), [AGR 363](https://coursefinder.illinoisstate.edu/AGR/363/) (<https://coursefinder.illinoisstate.edu/AGR/363/>), [AGR 375](https://coursefinder.illinoisstate.edu/AGR/375/) (<https://coursefinder.illinoisstate.edu/AGR/375/>), [AGR 383](https://coursefinder.illinoisstate.edu/agr/383/) (<https://coursefinder.illinoisstate.edu/agr/383/>), [AGR 400](https://coursefinder.illinoisstate.edu/AGR/400/) (<https://coursefinder.illinoisstate.edu/AGR/400/>), [AGR 408](https://coursefinder.illinoisstate.edu/agr/408/) (<https://coursefinder.illinoisstate.edu/agr/408/>), [AGR 409](https://coursefinder.illinoisstate.edu/agr/409/) (<https://coursefinder.illinoisstate.edu/agr/409/>), [AGR 417](https://coursefinder.illinoisstate.edu/agr/417/) (<https://coursefinder.illinoisstate.edu/agr/417/>), [AGR 425](https://coursefinder.illinoisstate.edu/agr/425/) (<https://coursefinder.illinoisstate.edu/agr/425/>), [AGR 426](https://coursefinder.illinoisstate.edu/agr/426/) (<https://coursefinder.illinoisstate.edu/agr/426/>), [AGR 446](https://coursefinder.illinoisstate.edu/agr/446/) (<https://coursefinder.illinoisstate.edu/agr/446/>), [AGR 464](https://coursefinder.illinoisstate.edu/agr/464/) (<https://coursefinder.illinoisstate.edu/agr/464/>), [AGR 465](https://coursefinder.illinoisstate.edu/agr/465/) (<https://coursefinder.illinoisstate.edu/agr/465/>), [AGR 472](https://coursefinder.illinoisstate.edu/agr/472/) (<https://coursefinder.illinoisstate.edu/agr/472/>), [AGR 480](https://coursefinder.illinoisstate.edu/agr/480/) (<https://coursefinder.illinoisstate.edu/agr/480/>), [AGR 492](https://coursefinder.illinoisstate.edu/AGR/492/) (<https://coursefinder.illinoisstate.edu/AGR/492/>); [MBA 411](https://coursefinder.illinoisstate.edu/mba/411/) (<https://coursefinder.illinoisstate.edu/mba/411/>), [MBA 416](https://coursefinder.illinoisstate.edu/mba/416/) (<https://coursefinder.illinoisstate.edu/mba/416/>), [MBA 427](https://coursefinder.illinoisstate.edu/mba/427/) (<https://coursefinder.illinoisstate.edu/mba/427/>), [MBA 440](https://coursefinder.illinoisstate.edu/mba/440/) (<https://coursefinder.illinoisstate.edu/mba/440/>), [MBA 450](https://coursefinder.illinoisstate.edu/mba/450/) (<https://coursefinder.illinoisstate.edu/mba/450/>); [MKT 440](https://coursefinder.illinoisstate.edu/mkt/440/) (<https://coursefinder.illinoisstate.edu/mkt/440/>), [MKT 445](https://coursefinder.illinoisstate.edu/mkt/445/) (<https://coursefinder.illinoisstate.edu/mkt/445/>); [MGT 440](https://coursefinder.illinoisstate.edu/mgt/440/) (<https://coursefinder.illinoisstate.edu/mgt/440/>), [MGT 482](https://coursefinder.illinoisstate.edu/mgt/482/) (<https://coursefinder.illinoisstate.edu/mgt/482/>), [MGT 484](https://coursefinder.illinoisstate.edu/mgt/484/) (<https://coursefinder.illinoisstate.edu/mgt/484/>) or coursework of interest from pertinent departments approved by the student's committee.

Additional 300-level graduate electives may come from the Departments of Accounting; Finance, Insurance and Law; Management and Quantitative Methods; and Marketing. (Agribusiness students may earn no more than 12 credits from 400-level courses in the College of Business.) 300- and 400-level graduate electives may come from the Department of Economics (excluding [ECO 401](https://coursefinder.illinoisstate.edu/ECO/401/) (<https://coursefinder.illinoisstate.edu/ECO/401/>)).

Agriscience Sequence

This 36-hour sequence requires:

- 7 hour required core: [AGR 403](https://coursefinder.illinoisstate.edu/AGR/403/) (<https://coursefinder.illinoisstate.edu/AGR/403/>), [AGR 445](https://coursefinder.illinoisstate.edu/AGR/445/) (<https://coursefinder.illinoisstate.edu/AGR/445/>), and [AGR 497](https://coursefinder.illinoisstate.edu/AGR/497/) (<https://coursefinder.illinoisstate.edu/AGR/497/>).
- 3 hours: [BSC 490](https://coursefinder.illinoisstate.edu/BSC/490/) (<https://coursefinder.illinoisstate.edu/BSC/490/>).
- plus Option I or II

Option I - Thesis

- the degree requirements listed above
- 6 hours of Master's Thesis ([AGR 499](https://coursefinder.illinoisstate.edu/AGR/499/) (<https://coursefinder.illinoisstate.edu/AGR/499/>))
- 20 hours of electives selected from the list below

Option II - Non-Thesis

- the degree requirements listed above
- a synthesizing experience consisting of 3 hours of Independent Study ([AGR 400](https://coursefinder.illinoisstate.edu/AGR/400/) (<https://coursefinder.illinoisstate.edu/AGR/400/>)) under the direction of a major advisor and with the approval of an advisory committee OR an immersion-based professional training experience for 3 hours of Independent Study (AGR 400) approved by the graduate program coordinator and oral examination.

Agricultural Education and Leadership Sequence

Students who completed a limited number of Agricultural Education or education courses as undergraduates may be required to take undergraduate foundation courses as a prerequisite. Foundation courses cannot be presented for use in the Agricultural Education and Leadership degree program.

This 36-hour sequence requires:

- 7 hour required core: [AGR 403](https://coursefinder.illinoisstate.edu/AGR/403/) (<https://coursefinder.illinoisstate.edu/AGR/403/>), [AGR 445](https://coursefinder.illinoisstate.edu/AGR/445/) (<https://coursefinder.illinoisstate.edu/AGR/445/>), and [AGR 497](https://coursefinder.illinoisstate.edu/AGR/497/) (<https://coursefinder.illinoisstate.edu/AGR/497/>).
- 14 hours of agriculture electives
- 9 hours from Teaching and Learning, Technology, or other coursework identified by the students' graduate committee as relevant to the area of interest
- plus Option I or II

Option I - Thesis

- the degree requirements listed above
- 6 hours of Master's Thesis ([AGR 499](https://coursefinder.illinoisstate.edu/AGR/499/) (<https://coursefinder.illinoisstate.edu/AGR/499/>))

Option II - Non-Thesis

- the degree requirements listed above
- a synthesizing experience consisting of 3 hours of Independent Study ([AGR 400](https://coursefinder.illinoisstate.edu/AGR/400/) (<https://coursefinder.illinoisstate.edu/AGR/400/>)) under the direction of a major advisor and with the approval of an advisory committee OR an immersion-based professional training experience for 3 hours of Independent Study ([AGR 400](https://coursefinder.illinoisstate.edu/agr/400/) (<https://coursefinder.illinoisstate.edu/agr/400/>)) approved by the graduate program coordinator and oral examination.
- 3 hours of electives from the list below

Criminal Justice Sciences

Programs Offered

M.A., M.S. degree in Criminal Justice Sciences

Criminal Justice Sciences Program

Degree Offered: M.A., M.S.

The Department offers both thesis and culminating research options for completion of the master's degree.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Accelerated Master's Degree in Criminal Justice Sciences: High achieving students who graduated with a degree in ISU's Accelerated CJS undergraduate program are allowed to apply up to 12 hours of approved graduate courses to both the undergraduate and graduate degrees.

Option I — Thesis

This 33-hour option requires:

- 15 hours: CJS 401 (<https://coursefinder.illinoisstate.edu/CJS/401/>), CJS 440 (<https://coursefinder.illinoisstate.edu/CJS/440/>), CJS 497 (<https://coursefinder.illinoisstate.edu/CJS/497/>), CJS 499 (<https://coursefinder.illinoisstate.edu/CJS/499/>) (6 hours)
- 18 hours of electives selected with the cooperation of the student's mentor and the approval of the graduate advisor. The electives will be selected from appropriate graduate course offerings in Criminal Justice Sciences, Sociology, Politics and Government, and other departments. Courses at the 300 level may be taken only with the approval of the graduate advisor.

Option II - Non-Thesis

This 36-hour option requires:

- 12 hours: CJS 400 (<https://coursefinder.illinoisstate.edu/CJS/400/>), CJS 401 (<https://coursefinder.illinoisstate.edu/CJS/401/>), CJS 440 (<https://coursefinder.illinoisstate.edu/CJS/440/>), CJS

497 (<https://coursefinder.illinoisstate.edu/CJS/497/>).

- 24 hours of electives from appropriate graduate course offerings in Criminal Justice Sciences, Sociology, Politics and Government, and other departments. Courses at the 300 level may be taken only with the approval of the graduate advisor.

Family and Consumer Sciences

Programs Offered

The Department of Family and Consumer Sciences offers a Master of Science or Master of Arts degree in Family and Consumer Sciences. The degree program is designed for those seeking advanced study in one of the specialty areas of family and consumer sciences. Two degree programs are available - Family and Consumer Sciences and Nutrition.

The M.A./M.S. in Family Consumer Sciences offers sequences in Family & Consumer Sciences, Fashion Design and Merchandising, Child Life, Human Development and Family Science, and Interior Design.

The M.S. in Nutrition offers sequences in Nutrition and Dietetic Internship. A Distance Dietetic Internship Certificate is also offered as well as a combined master's degree and Dietetic Internship program for those students seeking to become registered dietitians.

Family and Consumer Sciences Program

Degree Offered: M.A., M.S.

Each sequence has a thesis and non-thesis option. For students choosing the non-thesis option, a scholarly project will be required that will be determined by the graduate coordinator in conjunction with the graduate faculty. Required core courses include: FCS 445 (<https://coursefinder.illinoisstate.edu/FCS/445/>), and FCS 497 (<https://coursefinder.illinoisstate.edu/FCS/497/>). All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

A career option leading to general administrative endorsement with emphasis in vocational education is offered in cooperation with the Department of Educational Administration and Foundations through Agriculture, Business Education and Administrative Services, Family and Consumer Sciences, and Technology departments. Students interested in the vocational emphasis should (a) see the Department chairperson and (b) submit an Intent to File for Licensure form in the Office of Clinical Experiences and Certification Processes. All students who plan to receive certification for the State of Illinois via an approved Illinois State program must file official forms and follow specific procedures. Licensure is not given automatically at the completion of specific coursework or degree program.

Family and Consumer Sciences Sequence

Accelerated Master's Degree in Family and Consumer Sciences: High achieving students who graduated with a degree in ISU's Accelerated FCS undergraduate program are allowed to apply up to 12 hours of approved graduate courses to both the undergraduate and graduate degrees.

This sequence has a thesis and non-thesis option.

Option 1—Thesis

- 9 hour core: [FCS 401](https://coursefinder.illinoisstate.edu/FCS/401/) (<https://coursefinder.illinoisstate.edu/FCS/401/>), [FCS 445](https://coursefinder.illinoisstate.edu/FCS/445/) (<https://coursefinder.illinoisstate.edu/FCS/445/>), and [FCS 497](https://coursefinder.illinoisstate.edu/FCS/497/) (<https://coursefinder.illinoisstate.edu/FCS/497/>)
- 4 hours: [FCS 499](https://coursefinder.illinoisstate.edu/FCS/499/) (<https://coursefinder.illinoisstate.edu/FCS/499/>)
- 17 hours of electives with at least 10 hours in Family and Consumer Sciences

Option 2—Non-Thesis

- 9 hour core: [FCS 401](https://coursefinder.illinoisstate.edu/FCS/401/) (<https://coursefinder.illinoisstate.edu/FCS/401/>), [FCS 445](https://coursefinder.illinoisstate.edu/FCS/445/) (<https://coursefinder.illinoisstate.edu/FCS/445/>), and [FCS 497](https://coursefinder.illinoisstate.edu/FCS/497/) (<https://coursefinder.illinoisstate.edu/FCS/497/>)
- 3 hours of [FCS 400](https://coursefinder.illinoisstate.edu/fcs/400/) (<https://coursefinder.illinoisstate.edu/fcs/400/>) or [FCS 498](https://coursefinder.illinoisstate.edu/fcs/498/) (<https://coursefinder.illinoisstate.edu/fcs/498/>)
- 18 hours of electives, at least 10 hours in Family and Consumer Sciences

Fashion Design and Merchandising Sequence

The Fashion Design and Merchandising sequence provides advanced study in the global apparel and textile industry.

- 6 hours thesis: HSC 499

Additional courses may qualify as electives with approval from the academic advisor or graduate program coordinator.

Health and Wellness Coaching Graduate Certificate

The certificate prepares learners to become a National Board Certified-Health & Wellness Coach. With the certification, coaches can work in various settings, full or part-time, helping people improve their health and optimize their wellness. Courses completed as part of the certificate may also be counted towards the requirements for the Master of Public Health with official admission to the graduate program. Students should apply for the certificate before beginning coursework.

This 9-hour certificate requires successful completion with a grade of B or better in each of the following courses:

[HSC 477 \(https://coursefinder.illinoisstate.edu/hsc/477/\)](https://coursefinder.illinoisstate.edu/hsc/477/), [HSC 496 \(https://coursefinder.illinoisstate.edu/hsc/496/\)](https://coursefinder.illinoisstate.edu/hsc/496/),
 and [HSC 498a11 \(https://coursefinder.illinoisstate.edu/hsc/498a11/\)](https://coursefinder.illinoisstate.edu/hsc/498a11/)

Information Technology

Programs Offered

M.S. in Computer Science, M.S. in Information Systems with sequences in: Geographic Information Systems, Internet Application Development, Network and Security Management, and Systems Development. Graduate certificates are offered in: Data Science: Computer Science, Information Assurance and Security, Internet Application Development, Network and Telecommunications Management, and Systems Analyst.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Graduate Certificates

The School of Information Technology offers several graduate certificate programs. The certificates are designed for individuals who would like to gain specialized knowledge in one of the areas of the certificates without the commitment of completing an entire degree program. The certificate programs provide students with focused studies and exposure to the very latest topics and trends in the IT industry and various opportunities for career advancement. Courses completed as part of the certificates may also be counted towards the requirements of the Master of Science in Computer Science or Information Systems with official admission to the corresponding graduate program. Students must apply for the certificate before beginning coursework.

Information Technology Courses

Beginning with the 2016-2018 Graduate Catalog, IT 300-level Information Technology courses are no longer designated with .05 after the number. Only 300-level courses approved for graduate credit may be counted toward a graduate program.

Computer Science Program

Degree Offered: M.S.

The Master of Science in Computer Science major is designed to give students the knowledge and tools necessary for studying important current issues in computer science to obtain productive employment or pursue advanced degrees. It emphasizes foundational knowledge in computer science and programmatic application of these fundamental concepts in leading edge applications. It is appropriate for a range of students, including industry computing professionals seeking career advancement, students wishing to expand on their undergraduate computer science work and/or prepare for doctoral degree, and individuals wishing to make a career change.

This degree requires the student to complete a 33- semester-hour thesis, project, or course option. It assumes an undergraduate knowledge base in computer science, which students with some types of computer-related undergraduate degrees will typically have acquired. Students lacking sufficient background will need to complete fundamental courses before enrolling in the MS Computer Science degree courses.

Students lacking sufficient background should expect to complete some or all of the following courses with a grade of B or better:

- [IT 168 \(https://coursefinder.illinoisstate.edu/IT/168/\)](https://coursefinder.illinoisstate.edu/IT/168/): Structured Problem Solving Using the Computer
- [IT 179 \(https://coursefinder.illinoisstate.edu/IT/179/\)](https://coursefinder.illinoisstate.edu/IT/179/): Introduction to Data Structures
- [IT 180 \(https://coursefinder.illinoisstate.edu/IT/180/\)](https://coursefinder.illinoisstate.edu/IT/180/): C++ Programming
- [IT 225 \(https://coursefinder.illinoisstate.edu/IT/225/\)](https://coursefinder.illinoisstate.edu/IT/225/): Computer Organization
- [IT 279 \(https://coursefinder.illinoisstate.edu/IT/279/\)](https://coursefinder.illinoisstate.edu/IT/279/): Algorithms and Data Structures
- [IT 383 \(https://coursefinder.illinoisstate.edu/IT/383/\)](https://coursefinder.illinoisstate.edu/IT/383/): Principles of Operating Systems
- [IT 378 \(https://coursefinder.illinoisstate.edu/IT/378/\)](https://coursefinder.illinoisstate.edu/IT/378/): Database Processing

The graduate coordinator will determine specific requirements.

Option I — Thesis

Information Systems Program

Degree Offered: M.S.

MS in Information Systems offers four different sequences: Geographic Information Systems, Internet Application Development, Network and Security Management, and Systems Development Sequence. Within the Geographic Information Systems sequence, the student may choose to complete a 35-semester hour thesis option (Option I), a 35-semester hour project option (Option II), or a 35 semester-hour course option (Option III). Within the other three sequences, the student may choose to complete a 33-semester hour thesis option (Option I), a 33-semester hour

project option (Option II), or a 33-semester-hour course option (Option III). This degree assumes an undergraduate knowledge base in information technology, which students with computer-related undergraduate degrees typically have acquired. Students lacking sufficient background will need to complete fundamental courses before enrolling in the Information Systems core courses.

Students lacking sufficient background should expect to complete some or all of the following courses with a grade of B or better: [IT 250](https://coursefinder.illinoisstate.edu/IT/250/) (<https://coursefinder.illinoisstate.edu/IT/250/>), Fundamentals of Information Assurance and Security, [IT 254](https://coursefinder.illinoisstate.edu/IT/254/) (<https://coursefinder.illinoisstate.edu/IT/254/>), Hardware and Software Concepts, [IT 275](https://coursefinder.illinoisstate.edu/IT/275/) (<https://coursefinder.illinoisstate.edu/IT/275/>), Java as a Second Language OR [IT 168](https://coursefinder.illinoisstate.edu/IT/168/) (<https://coursefinder.illinoisstate.edu/IT/168/>), Structured Problem Solving Using the Computer AND [IT 178](https://coursefinder.illinoisstate.edu/IT/178/) (<https://coursefinder.illinoisstate.edu/IT/178/>), Computer Applications Programming, [IT 276](https://coursefinder.illinoisstate.edu/IT/276/) (<https://coursefinder.illinoisstate.edu/IT/276/>), Data Communications, [IT 378](https://coursefinder.illinoisstate.edu/IT/378/) (<https://coursefinder.illinoisstate.edu/IT/378/>), Database Processing. The graduate coordinator will determine specific requirements.

The MS in Information Systems has a 15-hour core requirement for options II and III: [IT 351](https://coursefinder.illinoisstate.edu/IT/351/) (<https://coursefinder.illinoisstate.edu/IT/351/>), or [IT 357](https://coursefinder.illinoisstate.edu/IT/357/) (<https://coursefinder.illinoisstate.edu/IT/357/>), or [IT 377](https://coursefinder.illinoisstate.edu/IT/377/) (<https://coursefinder.illinoisstate.edu/IT/377/>), [IT 432](https://coursefinder.illinoisstate.edu/IT/432/) (<https://coursefinder.illinoisstate.edu/IT/432/>), [IT 463](https://coursefinder.illinoisstate.edu/IT/463/) (<https://coursefinder.illinoisstate.edu/IT/463/>), [IT 478](https://coursefinder.illinoisstate.edu/IT/478/) (<https://coursefinder.illinoisstate.edu/IT/478/>), [IT 496](https://coursefinder.illinoisstate.edu/IT/496/) (<https://coursefinder.illinoisstate.edu/IT/496/>). For option 1 it has an 18 hour core requirement: [IT 351](https://coursefinder.illinoisstate.edu/IT/351/) (<https://coursefinder.illinoisstate.edu/IT/351/>), or [IT 357](https://coursefinder.illinoisstate.edu/IT/357/) (<https://coursefinder.illinoisstate.edu/IT/357/>), or [IT 377](https://coursefinder.illinoisstate.edu/IT/377/) (<https://coursefinder.illinoisstate.edu/IT/377/>), [IT 432](https://coursefinder.illinoisstate.edu/IT/432/) (<https://coursefinder.illinoisstate.edu/IT/432/>), [IT 463](https://coursefinder.illinoisstate.edu/IT/463/) (<https://coursefinder.illinoisstate.edu/IT/463/>), [IT 478](https://coursefinder.illinoisstate.edu/IT/478/) (<https://coursefinder.illinoisstate.edu/IT/478/>), [IT 496](https://coursefinder.illinoisstate.edu/IT/496/) (<https://coursefinder.illinoisstate.edu/IT/496/>), and [IT 497](https://coursefinder.illinoisstate.edu/IT/497/) (<https://coursefinder.illinoisstate.edu/IT/497/>).

- If the thesis option is selected, [IT 497](https://coursefinder.illinoisstate.edu/IT/497/) (<https://coursefinder.illinoisstate.edu/IT/497/>), must be taken during the first year in the program.

Geographic Information Systems Sequence

Option I — Thesis

This 35-hour sequence requires:

- 18-hour core: [IT 432](https://coursefinder.illinoisstate.edu/IT/432/) (<https://coursefinder.illinoisstate.edu/IT/432/>), [IT 463](https://coursefinder.illinoisstate.edu/IT/463/) (<https://coursefinder.illinoisstate.edu/IT/463/>), [IT 478](https://coursefinder.illinoisstate.edu/IT/478/) (<https://coursefinder.illinoisstate.edu/IT/478/>), [IT 496](https://coursefinder.illinoisstate.edu/IT/496/), (<https://coursefinder.illinoisstate.edu/IT/496/>) [IT 497](https://coursefinder.illinoisstate.edu/it/497/) (<https://coursefinder.illinoisstate.edu/it/497/>) plus on of the following: [IT 351](https://coursefinder.illinoisstate.edu/IT/351/) (<https://coursefinder.illinoisstate.edu/IT/351/>), [IT 357](https://coursefinder.illinoisstate.edu/IT/357/), (<https://coursefinder.illinoisstate.edu/IT/357/>) [IT 377](https://coursefinder.illinoisstate.edu/IT/377/) (<https://coursefinder.illinoisstate.edu/IT/377/>).

- 3 hours: [IT 495](https://coursefinder.illinoisstate.edu/IT/495/) (<https://coursefinder.illinoisstate.edu/IT/495/>), Capstone
- 9 hours: 3 of the following: [IT 341](https://coursefinder.illinoisstate.edu/IT/341/) (<https://coursefinder.illinoisstate.edu/IT/341/>), [IT 368](https://coursefinder.illinoisstate.edu/IT/368/) (<https://coursefinder.illinoisstate.edu/IT/368/>), [IT 485](https://coursefinder.illinoisstate.edu/IT/485/) (<https://coursefinder.illinoisstate.edu/IT/485/>), [IT 433](https://coursefinder.illinoisstate.edu/it/433/) (<https://coursefinder.illinoisstate.edu/it/433/>), [IT 435](https://coursefinder.illinoisstate.edu/it/435/) (<https://coursefinder.illinoisstate.edu/it/435/>), [IT 497](https://coursefinder.illinoisstate.edu/it/497/) (<https://coursefinder.illinoisstate.edu/it/497/>).

Data Science: Computer Science Graduate Certificate

The Data Science: Computer Science Graduate Certificate is designed to provide a specialized education in emerging technologies for students who seek further studies in data science. The certificate is intended to prepare students to meet the growing demand for qualifications in this field.

Three out of the four core courses, namely [IT 441](https://coursefinder.illinoisstate.edu/IT/441/) (<https://coursefinder.illinoisstate.edu/IT/441/>), [IT 444](https://coursefinder.illinoisstate.edu/IT/444/) (<https://coursefinder.illinoisstate.edu/IT/444/>), [IT 448](https://coursefinder.illinoisstate.edu/IT/448/) (<https://coursefinder.illinoisstate.edu/IT/448/>), and [IT 452](https://coursefinder.illinoisstate.edu/IT/452/) (<https://coursefinder.illinoisstate.edu/IT/452/>), are required to earn the certificate. Prerequisites: [IT 279](https://coursefinder.illinoisstate.edu/IT/279/) (<https://coursefinder.illinoisstate.edu/IT/279/>) and [IT 378](https://coursefinder.illinoisstate.edu/IT/378/) (<https://coursefinder.illinoisstate.edu/IT/378/>) or consent of the graduate advisor.

Information Assurance and Security Graduate Certificate

The Information Assurance and Security Graduate Certificate is designed for IT professionals who are interested in continuing education in methodologies and tools necessary for protecting information and information systems. The certificate provides an in depth study of protecting the confidentiality, availability, and integrity of information using technology, people, and policy.

Three core courses, [IT 351](https://coursefinder.illinoisstate.edu/IT/351/) (<https://coursefinder.illinoisstate.edu/IT/351/>), [IT 357](https://coursefinder.illinoisstate.edu/IT/357/) (<https://coursefinder.illinoisstate.edu/IT/357/>) and [IT 450](https://coursefinder.illinoisstate.edu/IT/450/) (<https://coursefinder.illinoisstate.edu/IT/450/>) are required to earn the certificate. Prerequisites: [IT 250](https://coursefinder.illinoisstate.edu/IT/250/) (<https://coursefinder.illinoisstate.edu/IT/250/>), [IT 261](https://coursefinder.illinoisstate.edu/IT/261/) (<https://coursefinder.illinoisstate.edu/IT/261/>) and [IT 276](https://coursefinder.illinoisstate.edu/IT/276/) (<https://coursefinder.illinoisstate.edu/IT/276/>) or consent of the graduate advisor

Internet Application Development Graduate Certificate

The Internet Application Development Graduate Certificate is designed to provide a specialized education in emerging technologies for students who seek further studies in Web development. The certificate is intended to prepare students to meet the growing demand for qualifications in this field.

Two core courses, [IT 353](https://coursefinder.illinoisstate.edu/IT/353/) (<https://coursefinder.illinoisstate.edu/IT/353/>), [IT 354](https://coursefinder.illinoisstate.edu/IT/354/) (<https://coursefinder.illinoisstate.edu/IT/354/>), and one of [IT 358](https://coursefinder.illinoisstate.edu/IT/358/) (<https://coursefinder.illinoisstate.edu/IT/358/>), [IT 467](https://coursefinder.illinoisstate.edu/IT/467/) (<https://coursefinder.illinoisstate.edu/IT/467/>), [IT 468](https://coursefinder.illinoisstate.edu/IT/468/) (<https://coursefinder.illinoisstate.edu/IT/468/>), or [IT 485](https://coursefinder.illinoisstate.edu/IT/485/) (<https://coursefinder.illinoisstate.edu/IT/485/>), are required to earn the certificate. Prerequisites: [IT 261](https://coursefinder.illinoisstate.edu/IT/261/) (<https://coursefinder.illinoisstate.edu/IT/261/>) and [IT 276](https://coursefinder.illinoisstate.edu/IT/276/) (<https://coursefinder.illinoisstate.edu/IT/276/>) or consent of the graduate advisor

Network and Telecommunications Management Graduate Certificate

The Network and Telecommunications Management Graduate Certificate is designed for IT professionals who are interested in pursuing further professional development in the Telecommunications and Networking area. This certificate program prepares students to better understand different network and telecommunications technologies and management methodologies.

Two core courses, [IT 381](https://coursefinder.illinoisstate.edu/IT/381/) (<https://coursefinder.illinoisstate.edu/IT/381/>) and [IT 477](https://coursefinder.illinoisstate.edu/IT/477/) (<https://coursefinder.illinoisstate.edu/IT/477/>) and one of [IT 376](https://coursefinder.illinoisstate.edu/IT/376/) (<https://coursefinder.illinoisstate.edu/IT/376/>) or [IT 377](https://coursefinder.illinoisstate.edu/IT/377/) (<https://coursefinder.illinoisstate.edu/IT/377/>) are required to earn the certificate. Prerequisite: [IT 276](https://coursefinder.illinoisstate.edu/IT/276/) (<https://coursefinder.illinoisstate.edu/IT/276/>) or consent of the graduate advisor.

Systems Analyst Graduate Certificate

The Systems Analyst Graduate Certificate is designed for IT professionals who are interested in pursuing further professional development in the Systems Analyst area. This certificate program prepares students to better understand different information systems development methodologies and develop the skills to manage information systems projects.

Three courses, [IT 432](https://coursefinder.illinoisstate.edu/IT/432/) (<https://coursefinder.illinoisstate.edu/IT/432/>), [IT 463](https://coursefinder.illinoisstate.edu/IT/463/) (<https://coursefinder.illinoisstate.edu/IT/463/>), and [IT 478](https://coursefinder.illinoisstate.edu/IT/478/) (<https://coursefinder.illinoisstate.edu/IT/478/>), are required to earn the certificate. Prerequisites: [IT 261](https://coursefinder.illinoisstate.edu/IT/261/) (<https://coursefinder.illinoisstate.edu/IT/261/>) and [IT 378](https://coursefinder.illinoisstate.edu/IT/378/) (<https://coursefinder.illinoisstate.edu/IT/378/>) or consent of the graduate advisor.

Kinesiology and Recreation

Programs Offered

M.S. in Kinesiology and Recreation includes sequences in Applied Community and Economic Development, Athletic Training, Biomechanics, Exercise Physiology, Physical Education Pedagogy, Psychology of Sport and Physical Activity, Recreation Administration, Sport Management and Sport Management (online). The Master of Athletic Training (M.A.T.) degree is also offered.

Certificates

Sport Coaching and Leadership Certificate (Online)

Kinesiology and Recreation Program

Degree Offered: M.S.

The Master of Science degree is a 33 hour program and consists of a 6 hour research core ([KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>), [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>)*), 21-24 hours of additional graduate-level coursework, and either 6 hours of Master's Thesis ([KNR 499](https://coursefinder.illinoisstate.edu/KNR/499/) (<https://coursefinder.illinoisstate.edu/KNR/499/>)) or a minimum of 3 hours of a culminating experience ([KNR 400](https://coursefinder.illinoisstate.edu/KNR/400/) (<https://coursefinder.illinoisstate.edu/KNR/400/>) or [KNR 498](https://coursefinder.illinoisstate.edu/KNR/498/) (<https://coursefinder.illinoisstate.edu/KNR/498/>)).

Since sequences are available in Kinesiology and Recreation, a plan of study is individually developed through faculty-student advisement. The plan of study must include 24 hours of Kinesiology and Recreation courses (including the research core).

All master's degree sequences require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above. Specific requirements for each sequence are detailed below.

*The 6 hour research core for the Physical Education Pedagogy sequence consists of [KNR 418](https://coursefinder.illinoisstate.edu/KNR/418/) (<https://coursefinder.illinoisstate.edu/KNR/418/>) and [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>).

Applied Community and Economic Development Sequence

The Applied Community and Economic Development (ACED) sequence is for returned Peace Corps Volunteers and students with equivalent domestic or international experience with other agencies.

This 34-hour sequence requires:

- 6 hour core: [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>) & [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>).
- 12 hours: [KNR 400A01](https://coursefinder.illinoisstate.edu/KNR/400A01/) (<https://coursefinder.illinoisstate.edu/KNR/400A01/>), 3 hours from [KNR 472](https://coursefinder.illinoisstate.edu/KNR/472/) (<https://coursefinder.illinoisstate.edu/KNR/472/>), [KNR 474](https://coursefinder.illinoisstate.edu/KNR/474/) (<https://coursefinder.illinoisstate.edu/KNR/474/>), or [KNR 475](https://coursefinder.illinoisstate.edu/KNR/475/) (<https://coursefinder.illinoisstate.edu/KNR/475/>), and 6 hours from [KNR 381](https://coursefinder.illinoisstate.edu/KNR/381/) (<https://coursefinder.illinoisstate.edu/KNR/381/>), [KNR 466](https://coursefinder.illinoisstate.edu/KNR/466/) (<https://coursefinder.illinoisstate.edu/KNR/466/>), [KNR 473](https://coursefinder.illinoisstate.edu/KNR/473/) (<https://coursefinder.illinoisstate.edu/KNR/473/>), or [KNR 476](https://coursefinder.illinoisstate.edu/KNR/476/) (<https://coursefinder.illinoisstate.edu/KNR/476/>).
- 16 hours: ACED core [ECO 478](https://coursefinder.illinoisstate.edu/ECO/478/) (<https://coursefinder.illinoisstate.edu/ECO/478/>)/[POL 478](https://coursefinder.illinoisstate.edu/POL/478/) (<https://coursefinder.illinoisstate.edu/POL/478/>)/[SOC 478](https://coursefinder.illinoisstate.edu/SOC/478/) (<https://coursefinder.illinoisstate.edu/SOC/478/>), [ECO 406](https://coursefinder.illinoisstate.edu/ECO/406/) (<https://coursefinder.illinoisstate.edu/ECO/406/>), [POL 470](https://coursefinder.illinoisstate.edu/POL/470/) (<https://coursefinder.illinoisstate.edu/POL/470/>)/[SOC 470](https://coursefinder.illinoisstate.edu/SOC/470/) (<https://coursefinder.illinoisstate.edu/SOC/470/>), and [POL 477](https://coursefinder.illinoisstate.edu/POL/477/) (<https://coursefinder.illinoisstate.edu/POL/477/>)/[SOC 477](https://coursefinder.illinoisstate.edu/SOC/477/) (<https://coursefinder.illinoisstate.edu/SOC/477/>); [KNR 498A30](https://coursefinder.illinoisstate.edu/KNR/498A30/) (<https://coursefinder.illinoisstate.edu/KNR/498A30/>) or [KNR 498A90](https://coursefinder.illinoisstate.edu/KNR/498A90/) (<https://coursefinder.illinoisstate.edu/KNR/498A90/>) (5 hours--the sequence ends with a required 11-month internship arranged through the Stevenson Center)

Athletic Training Sequence

This 33-hour sequence requires:

- 6 hour core: [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>) & [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>).
- 18 hours: [KNR 484](https://coursefinder.illinoisstate.edu/KNR/484/) (<https://coursefinder.illinoisstate.edu/KNR/484/>), [KNR 486](https://coursefinder.illinoisstate.edu/KNR/486/) (<https://coursefinder.illinoisstate.edu/KNR/486/>), [KNR 487](https://coursefinder.illinoisstate.edu/KNR/487/) (<https://coursefinder.illinoisstate.edu/KNR/487/>), [KNR 490](https://coursefinder.illinoisstate.edu/KNR/490/) (<https://coursefinder.illinoisstate.edu/KNR/490/>), [KNR 494](https://coursefinder.illinoisstate.edu/KNR/494/) (<https://coursefinder.illinoisstate.edu/KNR/494/>), [KNR 496](https://coursefinder.illinoisstate.edu/KNR/496/) (<https://coursefinder.illinoisstate.edu/KNR/496/>).
- 3-6 hours in a cognate area approved by the athletic training sequence coordinator
- a culminating experience consisting of either a 6- hour thesis or 3 hours of independent study

Biomechanics Sequence

This 33-hour sequence requires:

- 6 hour core: [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>) & [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>).

- 12 hours: [KNR 342](https://coursefinder.illinoisstate.edu/KNR/342/) (<https://coursefinder.illinoisstate.edu/KNR/342/>), [KNR 352](https://coursefinder.illinoisstate.edu/KNR/352/) (<https://coursefinder.illinoisstate.edu/KNR/352/>), [KNR 482](https://coursefinder.illinoisstate.edu/KNR/482/) (<https://coursefinder.illinoisstate.edu/KNR/482/>) & [KNR 490](https://coursefinder.illinoisstate.edu/KNR/490/) (<https://coursefinder.illinoisstate.edu/KNR/490/>)
- 6-9 hours in a cognate area approved by the biomechanics faculty advisor
- a culminating experience consisting of either a 6-hour thesis or 3-6 hours of independent study and/or professional practice

Exercise Physiology Sequence

This 33-hour sequence requires:

- 6 hour core: [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>) & [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>)
- 12 hours: [KNR 415](https://coursefinder.illinoisstate.edu/KNR/415/) (<https://coursefinder.illinoisstate.edu/KNR/415/>), [KNR 457](https://coursefinder.illinoisstate.edu/KNR/457/) (<https://coursefinder.illinoisstate.edu/KNR/457/>), [KNR 480](https://coursefinder.illinoisstate.edu/KNR/480/) (<https://coursefinder.illinoisstate.edu/KNR/480/>), [KNR 481](https://coursefinder.illinoisstate.edu/KNR/481/) (<https://coursefinder.illinoisstate.edu/KNR/481/>)
- 9-12 hours in a cognate area approved by the exercise physiology faculty advisor
- a culminating experience consisting of either a 6-hour thesis or 3-6 hours of independent study

Physical Education Pedagogy Sequence

All courses for the physical education graduate sequence will be delivered 100% online. This degree does not lead to teacher licensure or a teaching endorsement in physical education.

This 33-hour sequence requires:

- 6 hour core: [KNR 418](https://coursefinder.illinoisstate.edu/KNR/418/) (<https://coursefinder.illinoisstate.edu/KNR/418/>) & [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>)
- 12 hours: [KNR 417](https://coursefinder.illinoisstate.edu/KNR/417/) (<https://coursefinder.illinoisstate.edu/KNR/417/>), [KNR 419](https://coursefinder.illinoisstate.edu/KNR/419/) (<https://coursefinder.illinoisstate.edu/KNR/419/>), [KNR 421](https://coursefinder.illinoisstate.edu/KNR/421/) (<https://coursefinder.illinoisstate.edu/KNR/421/>), [KNR 422](https://coursefinder.illinoisstate.edu/KNR/422/) (<https://coursefinder.illinoisstate.edu/KNR/422/>)
- 9-12 elective hours approved by the Physical Education sequence coordinator (i.e. [KNR 423](https://coursefinder.illinoisstate.edu/KNR/423/) (<https://coursefinder.illinoisstate.edu/KNR/423/>), [KNR 425](https://coursefinder.illinoisstate.edu/KNR/425/) (<https://coursefinder.illinoisstate.edu/KNR/425/>), [KNR 426](https://coursefinder.illinoisstate.edu/KNR/426/) (<https://coursefinder.illinoisstate.edu/KNR/426/>), [KNR 427](https://coursefinder.illinoisstate.edu/KNR/427/) (<https://coursefinder.illinoisstate.edu/KNR/427/>), [KNR 428](https://coursefinder.illinoisstate.edu/KNR/428/) (<https://coursefinder.illinoisstate.edu/KNR/428/>))
- a culminating experience consisting of either a 6-hour thesis or professional practice or 3-6 hours of independent study

Psychology of Sport and Physical Activity Sequence

This 33-hour sequence requires:

- 6 hour core: [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>) & [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>)
- 9 hours: [KNR 405](https://coursefinder.illinoisstate.edu/KNR/405/) (<https://coursefinder.illinoisstate.edu/KNR/405/>), [KNR 406](https://coursefinder.illinoisstate.edu/KNR/406/) (<https://coursefinder.illinoisstate.edu/KNR/406/>), [KNR 416](https://coursefinder.illinoisstate.edu/KNR/416/) (<https://coursefinder.illinoisstate.edu/KNR/416/>)
- 6-12 hours in a cognate area approved by the psychology of sport and physical activity faculty advisor

- a culminating experience consisting of either a 6-hour thesis or professional practice or 3-6 hours of independent study, or 3 hours of practicum including 3 hours [KNR 495](https://coursefinder.illinoisstate.edu/knr/495/) (<https://coursefinder.illinoisstate.edu/knr/495/>).

Recreation Administration Sequence

This 33-hour sequence requires:

- 6 hour core: [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>) & [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>).
- 21 hours: [KNR 453](https://coursefinder.illinoisstate.edu/KNR/453/) (<https://coursefinder.illinoisstate.edu/KNR/453/>), [KNR 466](https://coursefinder.illinoisstate.edu/KNR/466/) (<https://coursefinder.illinoisstate.edu/KNR/466/>), [KNR 472](https://coursefinder.illinoisstate.edu/KNR/472/) (<https://coursefinder.illinoisstate.edu/KNR/472/>), [KNR 473](https://coursefinder.illinoisstate.edu/KNR/473/) (<https://coursefinder.illinoisstate.edu/KNR/473/>), [KNR 474](https://coursefinder.illinoisstate.edu/KNR/474/) (<https://coursefinder.illinoisstate.edu/KNR/474/>), [KNR 475](https://coursefinder.illinoisstate.edu/KNR/475/) (<https://coursefinder.illinoisstate.edu/KNR/475/>), [KNR 476](https://coursefinder.illinoisstate.edu/KNR/476/) (<https://coursefinder.illinoisstate.edu/KNR/476/>).
- 3 hours in a content area approved by the recreation administration faculty advisor
- a culminating experience consisting of either a 3-6 hour professional practice, a 6 hour thesis, or 3 hours of independent study.

Sport Management Sequence

This 33-hour sequence requires:

- 6 hour core: [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>) & [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>).
- 18 hours: [KNR 430](https://coursefinder.illinoisstate.edu/KNR/430/) (<https://coursefinder.illinoisstate.edu/KNR/430/>), [KNR 453](https://coursefinder.illinoisstate.edu/KNR/453/) (<https://coursefinder.illinoisstate.edu/KNR/453/>), [KNR 455](https://coursefinder.illinoisstate.edu/KNR/455/) (<https://coursefinder.illinoisstate.edu/KNR/455/>), [KNR 462](https://coursefinder.illinoisstate.edu/KNR/462/) (<https://coursefinder.illinoisstate.edu/KNR/462/>), [KNR 466](https://coursefinder.illinoisstate.edu/KNR/466/) (<https://coursefinder.illinoisstate.edu/KNR/466/>), [KNR 467](https://coursefinder.illinoisstate.edu/KNR/467/) (<https://coursefinder.illinoisstate.edu/KNR/467/>).
- 3-6 hours in a cognate area approved by a sport management faculty advisor
- a culminating experience consisting of either a 6-hour thesis or 3 hours of independent study or 3-6 hours of professional practice, or 3 hours of practicum including 3 hours [KNR 491](https://coursefinder.illinoisstate.edu/knr/491/) (<https://coursefinder.illinoisstate.edu/knr/491/>).

Sport Management Sequence (Online)

This 33-hour sequence requires:

- 6 hour core: [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>) & [KNR 497](https://coursefinder.illinoisstate.edu/KNR/497/) (<https://coursefinder.illinoisstate.edu/KNR/497/>).

- 9 hours in a cognate area approved by a sport management faculty advisor
- a culminating practicum experience of 3 hours [KNR 491](https://coursefinder.illinoisstate.edu/knr/491/) (<https://coursefinder.illinoisstate.edu/knr/491/>).

Master of Athletic Training

Degree Offered: M.A.T.

In addition to requirements for the Graduate School, students must meet all academic and clinical education requirements of the Commission on Accreditation of Athletic Training Education (CAATE). The Master of Athletic Training (MAT) degree is a 52 credit hour program and requires both classroom and clinical education. Admission to the academic program is limited and is based on space availability and the competitiveness of the applicant pool. Specific undergraduate prerequisite coursework is required for admission. For a complete list of prerequisite coursework, please refer to the MAT website.

Once admitted, students must maintain a cumulative grade point average (GPA) of 3.00 on a 4.00 scale throughout the entirety of the program. A student falling below the GPA requirement will be placed on probation for one semester and removed from clinical education. If after one semester the minimum GPA has not been re-established, the student will be dismissed from the program. Students must earn a grade of "C" or better on each clinical site preceptor evaluation. Hours completed while at the site will not be counted toward the required clinical education hours if the student earns a grade below a C. Students must adhere to all student policies in the latest published version of the Athletic Training (AT) Program Handbook. Successful completion of all academic and clinical education requirements will qualify the student to take the Board of Certification (BOC) exam to earn the Certified Athletic Trainer (ATC) credential.

This 52-hour program requires:

- 6 academic hour research core: [KNR 445](https://coursefinder.illinoisstate.edu/KNR/445/) (<https://coursefinder.illinoisstate.edu/KNR/445/>), [KNR 484](https://coursefinder.illinoisstate.edu/KNR/484/) (<https://coursefinder.illinoisstate.edu/KNR/484/>).
- 31 academic hours: [KNR 401](https://coursefinder.illinoisstate.edu/KNR/401/) (<https://coursefinder.illinoisstate.edu/KNR/401/>), [KNR 402](https://coursefinder.illinoisstate.edu/KNR/402/) (<https://coursefinder.illinoisstate.edu/KNR/402/>), [KNR 403](https://coursefinder.illinoisstate.edu/KNR/403/) (<https://coursefinder.illinoisstate.edu/KNR/403/>), [KNR 404](https://coursefinder.illinoisstate.edu/KNR/404/) (<https://coursefinder.illinoisstate.edu/KNR/404/>), [KNR 409](https://coursefinder.illinoisstate.edu/KNR/409/) (<https://coursefinder.illinoisstate.edu/KNR/409/>), [KNR 410](https://coursefinder.illinoisstate.edu/KNR/410/) (<https://coursefinder.illinoisstate.edu/KNR/410/>), [KNR 414](https://coursefinder.illinoisstate.edu/KNR/414/) (<https://coursefinder.illinoisstate.edu/KNR/414/>), [KNR 424](https://coursefinder.illinoisstate.edu/KNR/424/) (<https://coursefinder.illinoisstate.edu/KNR/424/>), [KNR 432](https://coursefinder.illinoisstate.edu/KNR/432/) (<https://coursefinder.illinoisstate.edu/KNR/432/>), [KNR 433](https://coursefinder.illinoisstate.edu/KNR/433/) (<https://coursefinder.illinoisstate.edu/KNR/433/>), [KNR 435](https://coursefinder.illinoisstate.edu/KNR/435/) (<https://coursefinder.illinoisstate.edu/KNR/435/>), [KNR 486](https://coursefinder.illinoisstate.edu/KNR/486/) (<https://coursefinder.illinoisstate.edu/KNR/486/>).
- 11 practicum hours: [KNR 492A01](https://coursefinder.illinoisstate.edu/KNR/492A01/) (<https://coursefinder.illinoisstate.edu/KNR/492A01/>), [KNR 492A02](https://coursefinder.illinoisstate.edu/KNR/492A02/) (<https://coursefinder.illinoisstate.edu/KNR/492A02/>), [KNR 492A03](https://coursefinder.illinoisstate.edu/KNR/492A03/) (<https://coursefinder.illinoisstate.edu/KNR/492A03/>), [KNR 492A04](https://coursefinder.illinoisstate.edu/KNR/492A04/) (<https://coursefinder.illinoisstate.edu/KNR/492A04/>).
- 4 professional practice hours: [KNR 498A12](https://coursefinder.illinoisstate.edu/KNR/498A12/) (<https://coursefinder.illinoisstate.edu/KNR/498A12/>).
- Minimum of 1000 clinical education hours under the direction of a preceptor

Sport Coaching and Leadership Certificate (Online)

The Sport Coaching and Leadership certificate requires 12 credit hours and can be completed online in one academic year:

KNR 430 (<https://coursefinder.illinoisstate.edu/knr/430/>): The Sport Industry (3 credits)

KNR 459 (<https://coursefinder.illinoisstate.edu/knr/459/>): Foundations of Coaching and Leadership in Sport (3 credits)

KNR 408 (<https://coursefinder.illinoisstate.edu/knr/408/>): Psychosocial Athlete Development (3 credits)

KNR 462 (<https://coursefinder.illinoisstate.edu/knr/462/>): Principles of Sport Law (3 credits)

Technology

Programs Offered

M.S. in Technology with sequences in Project Management, Quality Management and Analytics, STEM Education and Leadership, and Training and Development; certificates in Project Management, Quality Management and Analytics, STEM Education and Leadership, and Training and Development.

Technology Program

Degree Offered: M.S.

Students must select one of two options (30 semester hours including thesis or 33 semester hours with a comprehensive experience) in completing the M.S. degree. Required core courses include: TEC 445 (<https://coursefinder.illinoisstate.edu/TEC/445/>) and TEC 497 (<https://coursefinder.illinoisstate.edu/TEC/497/>).

Students must also complete courses selected from the following: TEC 400- and/or TEC 300-level technical courses (if approved for graduate credit) and/or approved courses from other departments and schools. No more than nine hours may be taken in a combination of TEC 400 (<https://coursefinder.illinoisstate.edu/TEC/400/>), and TEC 498 (<https://coursefinder.illinoisstate.edu/TEC/498/>), general courses. Students may select courses in other departments and schools only by advisement.

All master's degree programs require a minimum of 50 percent of nonthesis credit hours applied to the degree to be 400- level courses or above.

Project Management Sequence

Option I — Thesis

This 30-hour sequence requires:

- 6 hour core: TEC 445 (<https://coursefinder.illinoisstate.edu/TEC/445/>) & TEC 497 (<https://coursefinder.illinoisstate.edu/TEC/497/>).
- 9 hours: TEC 430 (<https://coursefinder.illinoisstate.edu/TEC/430/>), TEC 431 (<https://coursefinder.illinoisstate.edu/TEC/431/>), and TEC 432 (<https://coursefinder.illinoisstate.edu/TEC/432/>).

- 6 hours: [TEC 499](https://coursefinder.illinoisstate.edu/TEC/499/) (<https://coursefinder.illinoisstate.edu/TEC/499/>)
- 9 hours of electives, selected through advisement

Option II — Non-Thesis

This 33-hour sequence requires:

- 6 hour core: [TEC 445](https://coursefinder.illinoisstate.edu/TEC/445/) (<https://coursefinder.illinoisstate.edu/TEC/445/>) & [TEC 497](https://coursefinder.illinoisstate.edu/TEC/497/) (<https://coursefinder.illinoisstate.edu/TEC/497/>)
- 9 hours: [TEC 430](https://coursefinder.illinoisstate.edu/TEC/430/) (<https://coursefinder.illinoisstate.edu/TEC/430/>), [TEC 431](https://coursefinder.illinoisstate.edu/TEC/431/) (<https://coursefinder.illinoisstate.edu/TEC/431/>), and [TEC 432](https://coursefinder.illinoisstate.edu/TEC/432/) (<https://coursefinder.illinoisstate.edu/TEC/432/>)
- a comprehensive experience
- 18 hours of electives, selected through advisement

Quality Management and Analytics Sequence

Option I — Thesis

This 30-hour sequence requires:

- 6 hour core: [TEC 445](https://coursefinder.illinoisstate.edu/TEC/445/) (<https://coursefinder.illinoisstate.edu/TEC/445/>) & [TEC 497](https://coursefinder.illinoisstate.edu/TEC/497/) (<https://coursefinder.illinoisstate.edu/TEC/497/>)

- a comprehensive experience
- 18 hours of electives, selected through advisement

Graduate Certificate Programs

Courses completed as a portion of the Department of Technology Graduate Certificate programs may also be counted toward the requirements of the Master of Science in Technology degree. No transfer credit may be counted toward completion of certificates. Students must petition for certificate eligibility.

Note: Students must apply for the certificate before beginning coursework.

Project Management Graduate Certificate

The department offers a graduate certificate in Project Management. This certificate requires successful completion with a grade of B or better in each of [TEC 430](https://coursefinder.illinoisstate.edu/TEC/430/) (<https://coursefinder.illinoisstate.edu/TEC/430/>), [TEC 431](https://coursefinder.illinoisstate.edu/TEC/431/) (<https://coursefinder.illinoisstate.edu/TEC/431/>), and [TEC 432](https://coursefinder.illinoisstate.edu/TEC/432/) (<https://coursefinder.illinoisstate.edu/TEC/432/>). The content for these courses was identified through analysis of the Project Manager's Body of Knowledge developed by the Project Management Institute (PMI) organization and is consistent with those standards. This is not an advanced Project Management Professional (PMP) certification examination preparation program

Quality Management and Analytics Certificate

The department offers a graduate certificate in Quality Management and Analytics. This certificate requires successful completion with a grade of B or better in each of the following three courses: [TEC 437](https://coursefinder.illinoisstate.edu/TEC/437/) (<https://coursefinder.illinoisstate.edu/TEC/437/>), [TEC 438](https://coursefinder.illinoisstate.edu/TEC/438/) (<https://coursefinder.illinoisstate.edu/TEC/438/>), and [TEC 439](https://coursefinder.illinoisstate.edu/TEC/439/) (<https://coursefinder.illinoisstate.edu/TEC/439/>).

STEM Education and Leadership Certificate

The department offers a graduate certificate in STEM Education and Leadership. This certificate requires successful completion with a grade of B or better in each of the following courses: [TEC 423](https://coursefinder.illinoisstate.edu/TEC/423/) (<https://coursefinder.illinoisstate.edu/TEC/423/>), [TEC 424](https://coursefinder.illinoisstate.edu/TEC/424/) (<https://coursefinder.illinoisstate.edu/TEC/424/>), and [TEC 425](https://coursefinder.illinoisstate.edu/TEC/425/) (<https://coursefinder.illinoisstate.edu/TEC/425/>). This certificate is not tied to teacher licensure in the State of Illinois.

Training and Development Certificate

(Admission to this program is closed.)

This certificate requires successful completion with a grade of B or better in each of [TEC 406](https://coursefinder.illinoisstate.edu/TEC/406/) (<https://coursefinder.illinoisstate.edu/TEC/406/>), [TEC 407](https://coursefinder.illinoisstate.edu/TEC/407/) (<https://coursefinder.illinoisstate.edu/TEC/407/>), and [TEC 408](https://coursefinder.illinoisstate.edu/TEC/408/) (<https://coursefinder.illinoisstate.edu/TEC/408/>). Course content was identified through analysis of American Society for Training and Development (ASTD) and International Board of Standards for Training, Performance and Instruction (IBSTPI) standards and recommendations and is consistent with those recommendations and standards.

College of Arts and Sciences Programs

The College of Arts and Sciences is the largest and most diverse college at the university. It serves a major role in the intellectual development of our students by providing opportunities in the humanities, sciences, and social sciences. Students gain a liberal arts education with a focus on important skills such as critical inquiry, analytical thinking, scientific investigation, exchange of ideas, collaboration, and real-world application. This training prepares students to be informed, engaged citizens and leaders, and for a lifetime of career opportunities.

The College offers 28 bachelor's degree programs with 64 plans of study, 19 masters programs with 43 plans of study, and 5 doctoral programs with 8 plans of study across its 16 departments and schools. The College of Arts and Sciences also houses 44 minors including playing an important role in interdisciplinary minors such as: African-American Studies; African Studies; Children's Studies; Civic Engagement and Responsibility; Classical Studies; Cognitive Science; East Asian Studies; Environmental Studies; Ethnic Studies; European Studies; Food Studies; Global Studies, Latin American and Latino/a Studies; Middle Eastern and South Asian Studies; Native American Studies; Peace and Conflict Resolution Studies; Religious Studies; Urban Studies; Water Sustainability Studies, and Women's, Gender, and Sexuality Studies. For further information, please consult the [Interdisciplinary Studies](https://catalog/undergraduate/interdisciplinary-studies/) ([/catalog/undergraduate/interdisciplinary-studies/](https://catalog/undergraduate/interdisciplinary-studies/)) section of this catalog.

Chemistry

Programs Offered

Master of Science in Chemistry (M.S.), Master of Science in Chemistry Education (M.S.C.E.), and Master of Chemistry Education (M.C.E.).

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Master of Science in Chemistry Program

Degree Offered: M.S.

The program is broad-based, and allows students to specialize in any of the sub-disciplines (physical, organic, inorganic, analytical, biochemistry, or chemical education), although coursework is required in at least four sub-disciplines. The Master of Science in Chemistry (M.S.) is a thesis-based M.S. degree requiring 31 credit hours including: Four hours each in [CHE 490](https://coursefinder.illinoisstate.edu/CHE/490/) (<https://coursefinder.illinoisstate.edu/CHE/490/>) (Research) and [CHE 499](https://coursefinder.illinoisstate.edu/CHE/499/) (<https://coursefinder.illinoisstate.edu/CHE/499/>) (Master's Thesis) are required as part of the 31-hour program, although most students will register for more than the total of eight required hours while pursuing the degree. Students select a research advisor and work closely with that faculty member to complete a thesis based upon original research. Upon completion of a written thesis, a final oral examination/thesis defense is required.

In general, students admitted to the Master of Science in Chemistry program should have completed coursework in science and math equivalent to that required for a B.S. degree in Chemistry at Illinois State University or have received an American Chemical Society-certified B.S. degree from another school. If a student will be admitted to the Master's degree program with deficiencies (though no student will be admitted with 12 or more credit hours of deficiencies in Chemistry coursework), the deficiencies will be identified as specific courses and students will have to complete those courses as early as possible in order to bring their background coursework to the required level. All deficiencies should be completed by the end of the third semester in the program. In general, credit earned for completion of deficiencies does not apply toward M.S. degree requirements unless the student petitions the Department and receives approval to count specific courses (up to a maximum of six credit hours) for graduate credit in the student's plan of study, and only courses listed as approved for graduate credit on Course Finder may be counted.

This 31-hour degree requires:

- 21 hours of 400 and/or CHE 300-level courses including a minimum of 12 credit hours of courses at the 400 level in 3 sub-disciplines (analytical, inorganic, organic, physical, biochemistry, and chemical education)
- 2 hours: 1 hour each [CHE 492](https://coursefinder.illinoisstate.edu/CHE/492/) (<https://coursefinder.illinoisstate.edu/CHE/492/>) and [CHE 494](https://coursefinder.illinoisstate.edu/CHE/494/) (<https://coursefinder.illinoisstate.edu/CHE/494/>)

- 8 hours: 4 hours each in [CHE 490](https://coursefinder.illinoisstate.edu/CHE/490/) (<https://coursefinder.illinoisstate.edu/CHE/490/>) and [CHE 499](https://coursefinder.illinoisstate.edu/CHE/499/) (<https://coursefinder.illinoisstate.edu/CHE/499/>).
- Successful completion of a thesis based upon original research and oral examination/thesis defense. Graduate coursework in related disciplines may be substituted with consent of the Chemistry Department.

Master of Science in Chemistry Education Program

Degree Offered: M.S.C.E.

The Master of Science in Chemistry Education (M.S.C.E.) is a professional degree designed to improve the content and pedagogical knowledge of teachers of chemistry who already possess a bachelor's degree in Chemistry.

The 33-credit hour degree requires coursework in two areas: Chemistry Content and Chemistry Education or Foundational Science Education. It also requires a two-semester capstone classroom project. By the time of final degree awarding, a candidate must have completed three years of full-time teaching.

Chemistry Content:

- 12 credit hours from the following: [CHE 315](https://coursefinder.illinoisstate.edu/CHE/315/) (<https://coursefinder.illinoisstate.edu/CHE/315/>), [CHE 318](https://coursefinder.illinoisstate.edu/CHE/318/) (<https://coursefinder.illinoisstate.edu/CHE/318/>), [CHE 344](https://coursefinder.illinoisstate.edu/CHE/344/) (<https://coursefinder.illinoisstate.edu/CHE/344/>), [CHE 350](https://coursefinder.illinoisstate.edu/CHE/350/) (<https://coursefinder.illinoisstate.edu/CHE/350/>), [CHE 362](https://coursefinder.illinoisstate.edu/CHE/362/) (<https://coursefinder.illinoisstate.edu/CHE/362/>), or any 380 or 400-level course in Inorganic, Organic, Analytical, Physical, or Biochemistry for which the student has appropriate prerequisites. No credit will be granted for an Illinois State University course if a student has already taken an equivalent course elsewhere.

Chemistry Education and Science Education:

- 15 credit hours from the following: [CHE 401](https://coursefinder.illinoisstate.edu/CHE/401/) (<https://coursefinder.illinoisstate.edu/CHE/401/>), [CHE 402](https://coursefinder.illinoisstate.edu/CHE/402/) (<https://coursefinder.illinoisstate.edu/CHE/402/>), [CHE 403](https://coursefinder.illinoisstate.edu/CHE/403/) (<https://coursefinder.illinoisstate.edu/CHE/403/>); [TCH 401](https://coursefinder.illinoisstate.edu/TCH/401/) (<https://coursefinder.illinoisstate.edu/TCH/401/>), [TCH 450](https://coursefinder.illinoisstate.edu/TCH/450/) (<https://coursefinder.illinoisstate.edu/TCH/450/>), [TCH 451](https://coursefinder.illinoisstate.edu/tch/451/) (<https://coursefinder.illinoisstate.edu/tch/451/>), [TCH 453](https://coursefinder.illinoisstate.edu/tch/453/) (<https://coursefinder.illinoisstate.edu/tch/453/>).

Capstone Project:

- 6 credit hour sequence: [CHE 481](https://coursefinder.illinoisstate.edu/CHE/481/) (<https://coursefinder.illinoisstate.edu/CHE/481/>) and [CHE 482](https://coursefinder.illinoisstate.edu/CHE/482/) (<https://coursefinder.illinoisstate.edu/CHE/482/>); or [TCH 481](https://coursefinder.illinoisstate.edu/TCH/481/) (<https://coursefinder.illinoisstate.edu/TCH/481/>) and [TCH 482](https://coursefinder.illinoisstate.edu/TCH/482/) (<https://coursefinder.illinoisstate.edu/TCH/482/>); or [SED 406](https://coursefinder.illinoisstate.edu/SED/406/) (<https://coursefinder.illinoisstate.edu/SED/406/>) and [SED 407](https://coursefinder.illinoisstate.edu/SED/407/) (<https://coursefinder.illinoisstate.edu/SED/407/>); or [CHE 490](https://coursefinder.illinoisstate.edu/CHE/490/) (<https://coursefinder.illinoisstate.edu/CHE/490/>) and/or [CHE 498](https://coursefinder.illinoisstate.edu/CHE/498/) (<https://coursefinder.illinoisstate.edu/CHE/498/>) and/or [CHE 498a50](https://coursefinder.illinoisstate.edu/CHE/498a50/) (<https://coursefinder.illinoisstate.edu/CHE/498a50/>).

Master of Chemistry Education Program

Degree Offered: M.S.E.

The Master of Chemistry Education (M.C.E.) is a professional degree designed to improve the content and pedagogical knowledge of teachers of chemistry who do not possess a bachelor's degree in Chemistry.

The degree requires 33 credit hours of coursework in two areas:

Chemistry Content and Chemistry Education or Foundational Science Education. It also requires a two-semester capstone project. By the time of final degree awarding, a candidate must have completed three years of full-time teaching.

Chemistry Content:

- 9 credit hours from the following: [CHE 315](https://coursefinder.illinoisstate.edu/CHE/315/) (<https://coursefinder.illinoisstate.edu/CHE/315/>), [CHE 318](https://coursefinder.illinoisstate.edu/CHE/318/) (<https://coursefinder.illinoisstate.edu/CHE/318/>), [CHE 344](https://coursefinder.illinoisstate.edu/CHE/344/) (<https://coursefinder.illinoisstate.edu/CHE/344/>), [CHE 350](https://coursefinder.illinoisstate.edu/CHE/350/) (<https://coursefinder.illinoisstate.edu/CHE/350/>), [CHE 362](https://coursefinder.illinoisstate.edu/CHE/362/) (<https://coursefinder.illinoisstate.edu/CHE/362/>), or any 380 or 400 level course in Inorganic, Organic, Analytical, Physical, or Biochemistry for which the student has appropriate prerequisites. No credit will be granted for an Illinois State University course if a student has already taken an equivalent course elsewhere.

Chemistry Education and Science Education:

- 18 credit hours from the following: [CHE 401](https://coursefinder.illinoisstate.edu/CHE/401/) (<https://coursefinder.illinoisstate.edu/CHE/401/>), [CHE 402](https://coursefinder.illinoisstate.edu/CHE/402/) (<https://coursefinder.illinoisstate.edu/CHE/402/>), [CHE 403](https://coursefinder.illinoisstate.edu/CHE/403/) (<https://coursefinder.illinoisstate.edu/CHE/403/>), [TCH 401](https://coursefinder.illinoisstate.edu/TCH/401/) (<https://coursefinder.illinoisstate.edu/TCH/401/>), [TCH 450](https://coursefinder.illinoisstate.edu/TCH/450/) (<https://coursefinder.illinoisstate.edu/TCH/450/>), [TCH 451](https://coursefinder.illinoisstate.edu/TCH/451/) (<https://coursefinder.illinoisstate.edu/TCH/451/>), [TCH 453](https://coursefinder.illinoisstate.edu/TCH/453/) (<https://coursefinder.illinoisstate.edu/TCH/453/>).

Capstone Project:

- 6 credit hour sequence: [CHE 481](https://coursefinder.illinoisstate.edu/CHE/481/) (<https://coursefinder.illinoisstate.edu/CHE/481/>) and [CHE 482](https://coursefinder.illinoisstate.edu/CHE/482/) (<https://coursefinder.illinoisstate.edu/CHE/482/>), [TCH 481](https://coursefinder.illinoisstate.edu/TCH/481/) (<https://coursefinder.illinoisstate.edu/TCH/481/>) and [TCH 482](https://coursefinder.illinoisstate.edu/TCH/482/) (<https://coursefinder.illinoisstate.edu/TCH/482/>), [SED 406](https://coursefinder.illinoisstate.edu/SED/406/) (<https://coursefinder.illinoisstate.edu/SED/406/>) and [SED 407](https://coursefinder.illinoisstate.edu/SED/407/) (<https://coursefinder.illinoisstate.edu/SED/407/>), or [CHE 490](https://coursefinder.illinoisstate.edu/CHE/490/) (<https://coursefinder.illinoisstate.edu/CHE/490/>) and/or [CHE 498](https://coursefinder.illinoisstate.edu/CHE/498/) (<https://coursefinder.illinoisstate.edu/CHE/498/>) and/or [CHE 498a50](https://coursefinder.illinoisstate.edu/CHE/498a50/) (<https://coursefinder.illinoisstate.edu/CHE/498a50/>).

Chemistry Courses

Only 300-level chemistry courses listed as approved for graduate credit on Course Finder may be used on the degree audit. Other 300-level chemistry courses are available for undergraduate credit only and may not be used in the degree audit for the graduate degrees in chemistry.

Biological Sciences

Programs Offered

M.S. in Biological Sciences with sequences in: Behavior, Ecology, Evolution, and Systematics; Bioenergy Sciences; Biomathematics; Biotechnology; Conservation Biology; Neuroscience and Physiology; and a Ph.D. degree in Biological Sciences with sequences in: Behavior, Ecology, Evolution, and Systematics; Molecular and Cellular Biology; and Neurosciences.

Master's in Biological Sciences Program

Degree Offered: M.S.

All master's degree students are required to complete a research thesis and at least 30 semester hours, which must include at least 2 semester hours of BSC 420Axx Graduate Seminars (See list of options at <https://coursefinder.illinoisstate.edu/directory/bsc/> (<https://coursefinder.illinoisstate.edu/directory/bsc/>)). The School will determine additional coursework specific to each individual's plan of study.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Behavior, Ecology, Evolution, and Systematics (BEES) Sequence

Students may elect to pursue a sequence in Behavior, Ecology, Evolution, and Systematics, a course of study that provides students with a strong conceptual background in whole-organism biology. The sequence is designed to enhance students' understanding of the underlying concepts that unite research in the areas of behavior, ecology, evolution, and systematics while providing the opportunity for training in specific taxa and in subjects ranging from molecular and cellular biology to neurobiology, physiology, and advanced research techniques.

This 30-hour sequence requires:

- 2 hours of BSC 420Axx Graduate Seminars (See list of options at <https://coursefinder.illinoisstate.edu/directory/bsc/> (<https://coursefinder.illinoisstate.edu/directory/bsc/>)).

- 4 hours of thesis ([BSC 499 \(https://coursefinder.illinoisstate.edu/BSC/499/\)](https://coursefinder.illinoisstate.edu/BSC/499/))
- 7 hours of sequence core courses: [BSC 420A27 \(https://coursefinder.illinoisstate.edu/BSC/420A27/\)](https://coursefinder.illinoisstate.edu/BSC/420A27/), [BSC 470 \(https://coursefinder.illinoisstate.edu/BSC/470/\)](https://coursefinder.illinoisstate.edu/BSC/470/), and [BSC 490 \(https://coursefinder.illinoisstate.edu/BSC/490/\)](https://coursefinder.illinoisstate.edu/BSC/490/)
- 9-12 hours: chosen from [BSC 319 \(https://coursefinder.illinoisstate.edu/bsc/319/\)](https://coursefinder.illinoisstate.edu/bsc/319/), [BSC 325 \(https://coursefinder.illinoisstate.edu/BSC/325/\)](https://coursefinder.illinoisstate.edu/BSC/325/), [BSC 327 \(https://coursefinder.illinoisstate.edu/bsc/327/\)](https://coursefinder.illinoisstate.edu/bsc/327/), [BSC 333 \(https://coursefinder.illinoisstate.edu/bsc/333/\)](https://coursefinder.illinoisstate.edu/bsc/333/), [BSC 375 \(https://coursefinder.illinoisstate.edu/BSC/375/\)](https://coursefinder.illinoisstate.edu/BSC/375/), [376 \(https://coursefinder.illinoisstate.edu/bsc/376/\)](https://coursefinder.illinoisstate.edu/bsc/376/), [BSC 404 \(https://coursefinder.illinoisstate.edu/BSC/404/\)](https://coursefinder.illinoisstate.edu/BSC/404/), [BSC 405 \(https://coursefinder.illinoisstate.edu/BSC/405/\)](https://coursefinder.illinoisstate.edu/BSC/405/), [BSC 406 \(https://coursefinder.illinoisstate.edu/BSC/406/\)](https://coursefinder.illinoisstate.edu/BSC/406/), [BSC 450A48 \(https://coursefinder.illinoisstate.edu/bsc/450a48/\)](https://coursefinder.illinoisstate.edu/bsc/450a48/), [BSC 486 \(https://coursefinder.illinoisstate.edu/BSC/486/\)](https://coursefinder.illinoisstate.edu/BSC/486/)
- 5-8 hours of elective courses are selected through consultation among the major professor, the student's committee, and the student

Bioenergy Sciences Sequence

This course of study provides students with a strong conceptual background in biological and environmental aspects of using and engineering plants and microbes for the production of bio-based fuels. Students successfully completing this sequence should be competitive for admission into Ph.D. programs and/or for acquiring bioenergy-related jobs in industry, non-profits, government agencies, or academia. Students can choose between a biotechnology-based track and an ecology/conservation biology-based track.

This 30-hour sequence requires:

Biotechnology-based track

- 20 hours: [BSC 453 \(https://coursefinder.illinoisstate.edu/bsc/453/\)](https://coursefinder.illinoisstate.edu/bsc/453/), [BSC 365 \(https://coursefinder.illinoisstate.edu/BSC/365/\)](https://coursefinder.illinoisstate.edu/BSC/365/), [BSC 415 \(https://coursefinder.illinoisstate.edu/BSC/415/\)](https://coursefinder.illinoisstate.edu/BSC/415/), [BSC 419 \(https://coursefinder.illinoisstate.edu/BSC/419/\)](https://coursefinder.illinoisstate.edu/BSC/419/), [BSC 420A38 \(https://coursefinder.illinoisstate.edu/BSC/420A38/\)](https://coursefinder.illinoisstate.edu/BSC/420A38/), BSC 420Axx Graduate Seminars (See list of options at [https://coursefinder.illinoisstate.edu/directory/bsc/ \(https://coursefinder.illinoisstate.edu/directory/bsc/\)](https://coursefinder.illinoisstate.edu/directory/bsc/)), [BSC 454 \(https://coursefinder.illinoisstate.edu/bsc/454/\)](https://coursefinder.illinoisstate.edu/bsc/454/), [BSC 450A45 \(https://coursefinder.illinoisstate.edu/BSC/450A45/\)](https://coursefinder.illinoisstate.edu/BSC/450A45/)
- 4 hours of thesis ([BSC 499 \(https://coursefinder.illinoisstate.edu/BSC/499/\)](https://coursefinder.illinoisstate.edu/BSC/499/))
- 6 hours of electives

Ecology/Conservation Biology-based track

- 19 hours: [BSC 365 \(https://coursefinder.illinoisstate.edu/BSC/365/\)](https://coursefinder.illinoisstate.edu/BSC/365/), [BSC 404 \(https://coursefinder.illinoisstate.edu/BSC/404/\)](https://coursefinder.illinoisstate.edu/BSC/404/) or [BSC 405 \(https://coursefinder.illinoisstate.edu/BSC/405/\)](https://coursefinder.illinoisstate.edu/BSC/405/), [BSC 406 \(https://coursefinder.illinoisstate.edu/BSC/406/\)](https://coursefinder.illinoisstate.edu/BSC/406/), [BSC 420A27 \(https://coursefinder.illinoisstate.edu/BSC/420A27/\)](https://coursefinder.illinoisstate.edu/BSC/420A27/), [BSC 420A38 \(https://coursefinder.illinoisstate.edu/BSC/420A38/\)](https://coursefinder.illinoisstate.edu/BSC/420A38/), [BSC 470 \(https://coursefinder.illinoisstate.edu/BSC/470/\)](https://coursefinder.illinoisstate.edu/BSC/470/), [BSC 490 \(https://coursefinder.illinoisstate.edu/BSC/490/\)](https://coursefinder.illinoisstate.edu/BSC/490/)
- 4 hours of thesis ([BSC 499 \(https://coursefinder.illinoisstate.edu/BSC/499/\)](https://coursefinder.illinoisstate.edu/BSC/499/))
- 7 hours of electives

Biomathematics Sequence

This cross-disciplinary sequence provides students with a unique and strong cross-disciplinary training in biology and mathematics. The sequence is designed first to give students a solid foundation in mathematics (core courses), then training in one of two biological areas that use specific types of mathematical applications to address biological questions (emphases). Before entering the sequence, students should have two semesters of calculus and one semester of linear algebra.

This 32-hour sequence requires:

- 2 hours of [BSC 420A36](https://coursefinder.illinoisstate.edu/bsc/420a36/) (<https://coursefinder.illinoisstate.edu/bsc/420a36/>).
- 4 hours of thesis [BSC 499](https://coursefinder.illinoisstate.edu/BSC/499/) (<https://coursefinder.illinoisstate.edu/BSC/499/>).
- 14 hours of sequence core courses: [MAT 340](https://coursefinder.illinoisstate.edu/MAT/340/) (<https://coursefinder.illinoisstate.edu/MAT/340/>), [MAT 350](https://coursefinder.illinoisstate.edu/MAT/350/) (<https://coursefinder.illinoisstate.edu/MAT/350/>), [MAT 351](https://coursefinder.illinoisstate.edu/MAT/351/) (<https://coursefinder.illinoisstate.edu/MAT/351/>), and [MAT 442](https://coursefinder.illinoisstate.edu/MAT/442/) (<https://coursefinder.illinoisstate.edu/MAT/442/>). Transfer credit can be offered for the core math classes provided that students take at least two courses from the Mathematics Department while at Illinois State University.
- 12 hours of electives from two areas of emphasis. A minimum of 12 non-thesis hours must be from the School of Biological Sciences. A minimum of 14 hours (not including 499) outside of the core courses and [BSC 420A36](https://coursefinder.illinoisstate.edu/BSC/420A36/) (<https://coursefinder.illinoisstate.edu/BSC/420A36/>) must be at the 400 level.
- Biological Statistics and Modeling area of emphasis: with a choice of courses from [BSC 343](https://coursefinder.illinoisstate.edu/BSC/343/) (<https://coursefinder.illinoisstate.edu/BSC/343/>), [BSC 404](https://coursefinder.illinoisstate.edu/BSC/404/) (<https://coursefinder.illinoisstate.edu/BSC/404/>), [BSC 405](https://coursefinder.illinoisstate.edu/BSC/405/) (<https://coursefinder.illinoisstate.edu/BSC/405/>), [BSC 406](https://coursefinder.illinoisstate.edu/BSC/406/) (<https://coursefinder.illinoisstate.edu/BSC/406/>), [BSC 450A37](https://coursefinder.illinoisstate.edu/BSC/450A37/) (<https://coursefinder.illinoisstate.edu/BSC/450A37/>), [BSC 450A51](https://coursefinder.illinoisstate.edu/BSC/450A51/) (<https://coursefinder.illinoisstate.edu/BSC/450A51/>), [BSC 470](https://coursefinder.illinoisstate.edu/BSC/470/) (<https://coursefinder.illinoisstate.edu/BSC/470/>), [BSC 486](https://coursefinder.illinoisstate.edu/BSC/486/) (<https://coursefinder.illinoisstate.edu/BSC/486/>); [MAT 353](https://coursefinder.illinoisstate.edu/MAT/353/) (<https://coursefinder.illinoisstate.edu/MAT/353/>), [MAT 356](https://coursefinder.illinoisstate.edu/MAT/356/) (<https://coursefinder.illinoisstate.edu/MAT/356/>), [MAT 362](https://coursefinder.illinoisstate.edu/MAT/362/) (<https://coursefinder.illinoisstate.edu/MAT/362/>), [MAT 378](https://coursefinder.illinoisstate.edu/MAT/378/), [MAT 450](https://coursefinder.illinoisstate.edu/MAT/450/) (<https://coursefinder.illinoisstate.edu/MAT/450/>), [MAT 453](https://coursefinder.illinoisstate.edu/MAT/453/) (<https://coursefinder.illinoisstate.edu/MAT/453/>), [MAT 455](https://coursefinder.illinoisstate.edu/MAT/455/) (<https://coursefinder.illinoisstate.edu/MAT/455/>), [MAT 456](https://coursefinder.illinoisstate.edu/MAT/456/) (<https://coursefinder.illinoisstate.edu/MAT/456/>), [MAT 458](https://coursefinder.illinoisstate.edu/MAT/458/) (<https://coursefinder.illinoisstate.edu/MAT/458/>).
- Computation and Bioinformatics area of emphasis: with a choice of courses from [BSC 453](https://coursefinder.illinoisstate.edu/bsc/453/) (<https://coursefinder.illinoisstate.edu/bsc/453/>), [BSC 415](https://coursefinder.illinoisstate.edu/BSC/415/) (<https://coursefinder.illinoisstate.edu/BSC/415/>), [BSC 447](https://coursefinder.illinoisstate.edu/bsc/447/) (<https://coursefinder.illinoisstate.edu/bsc/447/>) with concurrent enrollment in [BSC420A40](https://coursefinder.illinoisstate.edu/bsc/420a40/) (<https://coursefinder.illinoisstate.edu/bsc/420a40/>), [BSC 450A53](https://coursefinder.illinoisstate.edu/BSC/450A53/) (<https://coursefinder.illinoisstate.edu/BSC/450A53/>), [BSC 454](https://coursefinder.illinoisstate.edu/bsc/454/) (<https://coursefinder.illinoisstate.edu/bsc/454/>), [BSC 455](https://coursefinder.illinoisstate.edu/bsc/455/) (<https://coursefinder.illinoisstate.edu/bsc/455/>), [BSC 470](https://coursefinder.illinoisstate.edu/BSC/470/) (<https://coursefinder.illinoisstate.edu/BSC/470/>); [MAT 356](https://coursefinder.illinoisstate.edu/MAT/356/) (<https://coursefinder.illinoisstate.edu/MAT/356/>), [MAT 361](https://coursefinder.illinoisstate.edu/MAT/361/) (<https://coursefinder.illinoisstate.edu/MAT/361/>), [MAT 363](https://coursefinder.illinoisstate.edu/MAT/363/) (<https://coursefinder.illinoisstate.edu/MAT/363/>), [MAT 461](https://coursefinder.illinoisstate.edu/MAT/461/) (<https://coursefinder.illinoisstate.edu/MAT/461/>).

Biotechnology Sequence

This sequence provides training in Biotechnology, a discipline linking biochemistry, molecular biology, genomics, bioinformatics, cell biology, genetics, and their biomedical and agricultural applications. It is designed to enhance students' competency in fundamental principles, strategies, and techniques applied widely across biotechnology and

medical research.

This 30-hour sequence requires:

- 1 hour of BSC 420Axx
- 4-6 hours of thesis [BSC 499](https://coursefinder.illinoisstate.edu/BSC/499/) (<https://coursefinder.illinoisstate.edu/BSC/499/>)
- 16 hours of sequence core courses: [BSC 453](https://coursefinder.illinoisstate.edu/bsc/453/) (<https://coursefinder.illinoisstate.edu/bsc/453/>), [BSC 454](https://coursefinder.illinoisstate.edu/bsc/454/) (<https://coursefinder.illinoisstate.edu/bsc/454/>), [BSC 415](https://coursefinder.illinoisstate.edu/BSC/415/) (<https://coursefinder.illinoisstate.edu/BSC/415/>), [BSC 420A40](https://coursefinder.illinoisstate.edu/bsc/420a40/) (<https://coursefinder.illinoisstate.edu/bsc/420a40/>), [BSC 447](https://coursefinder.illinoisstate.edu/bsc/447/) (<https://coursefinder.illinoisstate.edu/bsc/447/>) and [BSC 450A45](https://coursefinder.illinoisstate.edu/BSC/450A45/) (<https://coursefinder.illinoisstate.edu/BSC/450A45/>).
- 7-9 hours of electives, to include at least one course in the area of genomics or bioinformatics ([BSC 455](https://coursefinder.illinoisstate.edu/bsc/455/) (<https://coursefinder.illinoisstate.edu/bsc/455/>), [BSC 370A03](https://coursefinder.illinoisstate.edu/BSC/370A03/) (<https://coursefinder.illinoisstate.edu/BSC/370A03/>), [BSC 450A53](https://coursefinder.illinoisstate.edu/BSC/450A53/) (<https://coursefinder.illinoisstate.edu/BSC/450A53/>), [BSC 457](https://coursefinder.illinoisstate.edu/bsc/457/) (<https://coursefinder.illinoisstate.edu/bsc/457/>), or advisor-approved topics course in that area).

Conservation Biology Sequence

This sequence is a discipline linking ecology, genetics, evolution, and systematics to applied problems in biodiversity preservation and ecosystem function and maintenance.

This 30-hour degree requirements include:

- 8 hours of sequence core courses ([BSC 406](https://coursefinder.illinoisstate.edu/BSC/406/) (<https://coursefinder.illinoisstate.edu/BSC/406/>), [BSC 420A29](https://coursefinder.illinoisstate.edu/BSC/420A29/) (<https://coursefinder.illinoisstate.edu/BSC/420A29/>), [BSC 490](https://coursefinder.illinoisstate.edu/BSC/490/) (<https://coursefinder.illinoisstate.edu/BSC/490/>)/[BSC 420A27](https://coursefinder.illinoisstate.edu/BSC/420A27/) (<https://coursefinder.illinoisstate.edu/BSC/420A27/>))
- 4 hours of thesis [BSC 499](https://coursefinder.illinoisstate.edu/BSC/499/) (<https://coursefinder.illinoisstate.edu/BSC/499/>)
- 1 hour of another BSC 420Axx Graduate Seminars (See list of options at <https://coursefinder.illinoisstate.edu/directory/bsc/> (<https://coursefinder.illinoisstate.edu/directory/bsc/>)).
- 17 hours of elective courses distributed across four groups (I-IV) of electives. Group I (Ecology): [BSC 375](https://coursefinder.illinoisstate.edu/BSC/375/) (<https://coursefinder.illinoisstate.edu/BSC/375/>)/[376](https://coursefinder.illinoisstate.edu/bsc/376/) (<https://coursefinder.illinoisstate.edu/bsc/376/>), [BSC 404](https://coursefinder.illinoisstate.edu/BSC/404/) (<https://coursefinder.illinoisstate.edu/BSC/404/>), [BSC 405](https://coursefinder.illinoisstate.edu/BSC/405/) (<https://coursefinder.illinoisstate.edu/BSC/405/>). Group II (Genetics and Evolution): [BSC 470](https://coursefinder.illinoisstate.edu/BSC/470/) (<https://coursefinder.illinoisstate.edu/BSC/470/>). Group III (Taxon Focus): [BSC 301](https://coursefinder.illinoisstate.edu/BSC/301/) (<https://coursefinder.illinoisstate.edu/BSC/301/>), [BSC 333](https://coursefinder.illinoisstate.edu/BSC/333/) (<https://coursefinder.illinoisstate.edu/BSC/333/>), [BSC 396](https://coursefinder.illinoisstate.edu/BSC/396/) (<https://coursefinder.illinoisstate.edu/BSC/396/>). Group IV (Other Electives): [BSC 311](https://coursefinder.illinoisstate.edu/BSC/311/) (<https://coursefinder.illinoisstate.edu/BSC/311/>), [BSC 325](https://coursefinder.illinoisstate.edu/BSC/325/) (<https://coursefinder.illinoisstate.edu/BSC/325/>), [BSC 453](https://coursefinder.illinoisstate.edu/bsc/453/) (<https://coursefinder.illinoisstate.edu/bsc/453/>), [BSC 486](https://coursefinder.illinoisstate.edu/BSC/486/) (<https://coursefinder.illinoisstate.edu/BSC/486/>), [GEO 403](https://coursefinder.illinoisstate.edu/geo/403/) (<https://coursefinder.illinoisstate.edu/geo/403/>), [GEO 404](https://coursefinder.illinoisstate.edu/geo/404/) (<https://coursefinder.illinoisstate.edu/geo/404/>), [GEO 405](https://coursefinder.illinoisstate.edu/geo/405/) (<https://coursefinder.illinoisstate.edu/geo/405/>).

Neuroscience and Physiology Sequence

This sequence provides students with a strong conceptual background in these two fields of biological sciences and is designed to enhance students' understanding of the canonical concepts that underlie neuroscience and physiology, including biostatistics, while providing the opportunity for training in related fields such as cell and molecular biology, chemistry, behavior and psychology.

This 30-hour sequence requires:

- 2 hours of BSC 420Axx Graduate Seminars (See list of options at <https://coursefinder.illinoisstate.edu/directory/bsc/> (<https://coursefinder.illinoisstate.edu/directory/bsc/>)).
- 4-6 hours of thesis BSC 499 (<https://coursefinder.illinoisstate.edu/BSC/499/>)
- 10 hours of sequence core courses (BSC 430 (<https://coursefinder.illinoisstate.edu/BSC/430/>), BSC 435 (<https://coursefinder.illinoisstate.edu/BSC/435/>), BSC 490 (<https://coursefinder.illinoisstate.edu/BSC/490/>), and BSC 420A27 (<https://coursefinder.illinoisstate.edu/BSC/420A27/>))
- 12-14 hours of sequence elective courses chosen from BSC 411 (<https://coursefinder.illinoisstate.edu/BSC/411/>), BSC 415 (<https://coursefinder.illinoisstate.edu/BSC/415/>), BSC 447 (<https://coursefinder.illinoisstate.edu/bsc/447/>) with concurrent enrollment in BSC420A40 (<https://coursefinder.illinoisstate.edu/bsc/420a40/>), BSC 450A37 (<https://coursefinder.illinoisstate.edu/BSC/450A37/>), BSC 450A47 (<https://coursefinder.illinoisstate.edu/BSC/450A47/>), BSC 450A50 (<https://coursefinder.illinoisstate.edu/BSC/450A50/>), BSC 450A51 (<https://coursefinder.illinoisstate.edu/BSC/450A51/>), BSC 486 (<https://coursefinder.illinoisstate.edu/BSC/486/>), BSC 470 (<https://coursefinder.illinoisstate.edu/BSC/470/>) and BSC 472 (<https://coursefinder.illinoisstate.edu/BSC/472/>). To complete these 14 hours of sequence elective courses, no more than two of the following may also be taken: BSC 301 (<https://coursefinder.illinoisstate.edu/BSC/301/>), BSC 325 (<https://coursefinder.illinoisstate.edu/BSC/325/>), BSC 345 (<https://coursefinder.illinoisstate.edu/BSC/345/>), BSC 346 (<https://coursefinder.illinoisstate.edu/BSC/346/>), BSC 453 (<https://coursefinder.illinoisstate.edu/bsc/453/>), BSC 367 (<https://coursefinder.illinoisstate.edu/BSC/367/>), BSC 396, (<https://coursefinder.illinoisstate.edu/BSC/396/>) BSC 427, BSC 443, BSC 453 (<https://coursefinder.illinoisstate.edu/bsc/453/>), BSC 454 (<https://coursefinder.illinoisstate.edu/bsc/454/>), BSC 455; (<https://coursefinder.illinoisstate.edu/bsc/455/>) CHE 442 (<https://coursefinder.illinoisstate.edu/CHE/442/>), CHE 444 (<https://coursefinder.illinoisstate.edu/CHE/444/>); PSY 418 (<https://coursefinder.illinoisstate.edu/PSY/418/>), PSY 421 (<https://coursefinder.illinoisstate.edu/PSY/421/>), and PSY 468 (<https://coursefinder.illinoisstate.edu/PSY/468/>).
- Additional elective courses are selected through consultation among the major professor, the student's committee, and the student. For further information, see the Department's website at [BIO.IllinoisState.edu](https://bio.illinoisstate.edu).

Ph.D. in Biological Sciences Program

Degree Offered: Ph.D.

Doctoral students may design an individual coursework plan of study in consultation with advisors, or they may elect to pursue a sequence within the Ph.D. program in (1) Behavior, Ecology, Evolution, and Systematics (BEES), (2) Molecular and Cellular Biology, or (3) Neuroscience and Physiology, each of which includes specific requirements (see below).

Degree requirements include:

- 4 hours BSC 420Axx Graduate Seminars (See list of options at <https://coursefinder.illinoisstate.edu/directory/bsc/> (<https://coursefinder.illinoisstate.edu/directory/bsc/>)).
- Most Ph.D. students take 30-40 semester hours of coursework
- Take and pass the Ph.D. qualifying exam
- 15+ hours: [BSC 599](https://coursefinder.illinoisstate.edu/BSC/599/) (<https://coursefinder.illinoisstate.edu/BSC/599/>).
- A sequence (requirements follow) or an individual plan of study dictating additional coursework.
- Other university requirements for Ph.D. degrees are listed elsewhere in this catalog.

Behavior, Ecology, Evolution, and Systematics (BEES) Sequence

The sequence is designed to enhance students' understanding of the underlying concepts that unite research in the areas of behavior, ecology, evolution, and systematics while providing the opportunity for training in specific taxa and in subjects ranging from molecular and cellular biology to neurobiology, physiology, and advanced research techniques.

Degree requirements include:

- 7 hours of sequence core courses ([BSC 420A27](https://coursefinder.illinoisstate.edu/BSC/420A27/) (<https://coursefinder.illinoisstate.edu/BSC/420A27/>), [BSC 470](https://coursefinder.illinoisstate.edu/BSC/470/) (<https://coursefinder.illinoisstate.edu/BSC/470/>), and [BSC 490](https://coursefinder.illinoisstate.edu/BSC/490/) (<https://coursefinder.illinoisstate.edu/BSC/490/>)) and 3 additional sequence courses (9-12 hours) chosen from [BSC 319](https://coursefinder.illinoisstate.edu/bsc/319/) (<https://coursefinder.illinoisstate.edu/bsc/319/>), [BSC 325](https://coursefinder.illinoisstate.edu/BSC/325/) (<https://coursefinder.illinoisstate.edu/BSC/325/>), [BSC 327](https://coursefinder.illinoisstate.edu/bsc/327/) (<https://coursefinder.illinoisstate.edu/bsc/327/>), [BSC 333](https://coursefinder.illinoisstate.edu/bsc/333/) (<https://coursefinder.illinoisstate.edu/bsc/333/>), [BSC 375](https://coursefinder.illinoisstate.edu/BSC/375/) (<https://coursefinder.illinoisstate.edu/BSC/375/>), [376](https://coursefinder.illinoisstate.edu/bsc/376/) (<https://coursefinder.illinoisstate.edu/bsc/376/>), [BSC 404](https://coursefinder.illinoisstate.edu/BSC/404/) (<https://coursefinder.illinoisstate.edu/BSC/404/>), [BSC 405](https://coursefinder.illinoisstate.edu/BSC/405/) (<https://coursefinder.illinoisstate.edu/BSC/405/>), [BSC 406](https://coursefinder.illinoisstate.edu/BSC/406/) (<https://coursefinder.illinoisstate.edu/BSC/406/>), [BSC 450A48](https://coursefinder.illinoisstate.edu/bsc/450a48/) (<https://coursefinder.illinoisstate.edu/bsc/450a48/>), [BSC 486](https://coursefinder.illinoisstate.edu/BSC/486/) (<https://coursefinder.illinoisstate.edu/BSC/486/>).
- Elective courses (unspecified hours) are selected through consultation among the major professor, the student's committee, and the student

Molecular and Cellular Biology Sequence

The sequence is designed to enhance the student's competency in molecular and cellular biology principles, techniques, and their application for becoming leaders in solving tomorrow's problems in molecular cell biology.

Degree requirements include:

- 8 hours of core courses ([BSC 415](https://coursefinder.illinoisstate.edu/BSC/415/) (<https://coursefinder.illinoisstate.edu/BSC/415/>), [BSC 447](https://coursefinder.illinoisstate.edu/bsc/447/) (<https://coursefinder.illinoisstate.edu/bsc/447/>), [BSC 420a37](https://coursefinder.illinoisstate.edu/bsc/420a37/) (<https://coursefinder.illinoisstate.edu/bsc/420a37/>),

BSC 420a40 (<https://coursefinder.illinoisstate.edu/bsc/420a40/>)

- at least three graduate elective courses (8-11 hours). Elective courses will be selected from the area of the student's specialization and will be decided by the student in consultation with their advisor and/or student dissertation committee. Elective courses may be selected from among, but not limited to, the following representative courses: BSC 325 (<https://coursefinder.illinoisstate.edu/BSC/325/>), BSC 329 (<https://coursefinder.illinoisstate.edu/BSC/329/>), BSC 330 (<https://coursefinder.illinoisstate.edu/BSC/330/>), BSC 343 (<https://coursefinder.illinoisstate.edu/BSC/343/>), BSC 345 (<https://coursefinder.illinoisstate.edu/BSC/345/>), BSC 361 (<https://coursefinder.illinoisstate.edu/BSC/361/>), BSC 367 (<https://coursefinder.illinoisstate.edu/BSC/367/>), BSC 411 (<https://coursefinder.illinoisstate.edu/BSC/411/>), BSC 418, BSC 451 (<https://coursefinder.illinoisstate.edu/bsc/451/>), BSC 447 (<https://coursefinder.illinoisstate.edu/bsc/447/>), BSC 453 (<https://coursefinder.illinoisstate.edu/bsc/453/>), BSC 454 (<https://coursefinder.illinoisstate.edu/bsc/454/>), BSC 455 (<https://coursefinder.illinoisstate.edu/bsc/455/>), BSC 457 (<https://coursefinder.illinoisstate.edu/bsc/457/>), BSC 463 (<https://coursefinder.illinoisstate.edu/bsc/463/>), BSC 464 (<https://coursefinder.illinoisstate.edu/bsc/464/>), CHE 342 (<https://coursefinder.illinoisstate.edu/CHE/342/>), CHE 343 (<https://coursefinder.illinoisstate.edu/CHE/343/>), CHE 344 (<https://coursefinder.illinoisstate.edu/CHE/344/>), CHE 440 (<https://coursefinder.illinoisstate.edu/CHE/440/>), CHE 442 (<https://coursefinder.illinoisstate.edu/CHE/442/>), CHE 444 (<https://coursefinder.illinoisstate.edu/CHE/444/>).

Neuroscience and Physiology Sequence

The sequence is designed to enhance students' understanding of the canonical concepts that underlie neuroscience and physiology, including biostatistics, while providing the opportunity for training in related fields such as cell and molecular biology, chemistry, behavior and psychology.

Degree requirements include:

- 10 hours of sequence core courses (BSC 430 (<https://coursefinder.illinoisstate.edu/BSC/430/>), BSC 435 (<https://coursefinder.illinoisstate.edu/BSC/435/>), BSC 490 (<https://coursefinder.illinoisstate.edu/BSC/490/>), and BSC 420A27 (<https://coursefinder.illinoisstate.edu/BSC/420A27/>))
- 12 hours of sequence elective courses chosen from BSC 411 (<https://coursefinder.illinoisstate.edu/BSC/411/>), BSC 415 (<https://coursefinder.illinoisstate.edu/BSC/415/>), BSC 447 (<https://coursefinder.illinoisstate.edu/bsc/447/>) with concurrent enrollment in BSC420A40 (<https://coursefinder.illinoisstate.edu/bsc/420a40/>), BSC 450A37 (<https://coursefinder.illinoisstate.edu/BSC/450A37/>), BSC 450A47 (<https://coursefinder.illinoisstate.edu/BSC/450A47/>), BSC 486 (<https://coursefinder.illinoisstate.edu/BSC/486/>), and BSC 470 (<https://coursefinder.illinoisstate.edu/BSC/470/>). To complete these 12 hours of sequence elective courses, no more than two of the following may also be taken: BSC 301 (<https://coursefinder.illinoisstate.edu/BSC/301/>), BSC 325 (<https://coursefinder.illinoisstate.edu/BSC/325/>), BSC 345 (<https://coursefinder.illinoisstate.edu/BSC/345/>), BSC 346 (<https://coursefinder.illinoisstate.edu/BSC/346/>), BSC 367 (<https://coursefinder.illinoisstate.edu/bsc/367/>), BSC 396 (<https://coursefinder.illinoisstate.edu/BSC/396/>), BSC 427, BSC 443, BSC 453 (<https://coursefinder.illinoisstate.edu/bsc/453/>), BSC 454 (<https://coursefinder.illinoisstate.edu/bsc/454/>),

BSC 455 (<https://coursefinder.illinoisstate.edu/bsc/455/>); CHE 442

(<https://coursefinder.illinoisstate.edu/CHE/442/>), CHE 444;

(<https://coursefinder.illinoisstate.edu/CHE/444/>) PSY 418

(<https://coursefinder.illinoisstate.edu/PSY/418/>), PSY 421

(<https://coursefinder.illinoisstate.edu/PSY/421/>), and PSY 468

(<https://coursefinder.illinoisstate.edu/PSY/468/>)

- Additional elective courses are selected through consultation among the major professor, the student's committee, and the student. For further information, see the Department's website at [BIO.IllinoisState.edu](https://bio.illinoisstate.edu)

Biology Geographic Information Systems (GIS) Graduate Certificate

Graduate students in the School of Biological Sciences may elect to pursue a Biology Geographic Information Systems (GIS) Graduate Certificate. To earn the certificate, students must take GEO 403 (<https://coursefinder.illinoisstate.edu/geo/403/>) or GEO 463 (<https://coursefinder.illinoisstate.edu/geo/463/>), GEO 404 (<https://coursefinder.illinoisstate.edu/geo/404/>), and GEO 405 (<https://coursefinder.illinoisstate.edu/geo/405/>) or GEO 465 (<https://coursefinder.illinoisstate.edu/geo/465/>).

Communication

Programs Offered

M.A./M.S. degrees in Communication.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be in 400-level graduate seminars.

Communication Program

Degree Offered: M.S., M.A.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be in 400-level graduate seminars.

Option I - Thesis

This 32-hour master's thesis option requires:

- 9 hours including [COM 422](https://coursefinder.illinoisstate.edu/COM/422/) (<https://coursefinder.illinoisstate.edu/COM/422/>), [COM 497](https://coursefinder.illinoisstate.edu/COM/497/) (<https://coursefinder.illinoisstate.edu/COM/497/>) and another methods course ([COM 402](https://coursefinder.illinoisstate.edu/COM/402/) (<https://coursefinder.illinoisstate.edu/COM/402/>) or [COM 473](https://coursefinder.illinoisstate.edu/COM/473/) (<https://coursefinder.illinoisstate.edu/COM/473/>))
- 5 hours of [COM 499](https://coursefinder.illinoisstate.edu/COM/499/) (<https://coursefinder.illinoisstate.edu/COM/499/>) under which student completes thesis
- 18 hours of electives
- at least 12 of the 18 elective credit hours must be completed in Graduate Seminars. A maximum of 6 credit hours may be completed in other coursework approved for graduate credit to fulfill the elective requirements. A maximum of six credit hours from [COM 400](https://coursefinder.illinoisstate.edu/COM/400/) (<https://coursefinder.illinoisstate.edu/COM/400/>) and [COM 498](https://coursefinder.illinoisstate.edu/COM/498/) (<https://coursefinder.illinoisstate.edu/COM/498/>) (combined) may be applied to the degree

Option II - Master's Project

This 36-hour master's project option requires:

- 9 hours including [COM 422](https://coursefinder.illinoisstate.edu/COM/422/) (<https://coursefinder.illinoisstate.edu/COM/422/>), [COM 497](https://coursefinder.illinoisstate.edu/COM/497/) (<https://coursefinder.illinoisstate.edu/COM/497/>) and another methods course ([COM 402](https://coursefinder.illinoisstate.edu/COM/402/) (<https://coursefinder.illinoisstate.edu/COM/402/>) or [COM 473](https://coursefinder.illinoisstate.edu/COM/473/) (<https://coursefinder.illinoisstate.edu/COM/473/>))

- 3 hours of COM 450 (<https://coursefinder.illinoisstate.edu/com/450/>) in which student completes master's project under the direction of a graduate committee chair and additional committee member
- 24 credit hours of electives
- at least 15 of the 24 elective credit hours must be completed in Graduate Seminars. A maximum of 9 credit hours may be completed in other coursework approved for graduate credit to fulfill the elective requirements. A maximum of nine credit hours from COM 400 (<https://coursefinder.illinoisstate.edu/com/400/>) and COM 498 (<https://coursefinder.illinoisstate.edu/com/498/>) (combined) can be applied to the degree (with no more than six hours of each).

Communication Sciences and Disorders

Programs Offered

M.A./M.S. in speech language pathology, Au.D. in Audiology, and a Graduate Certificate in Social Aspects of Aging.

Admissions Information

Illinois State University's Department of Communication Sciences and Disorders completes criminal background checks for all candidates for the Master's Program in Speech-Language Pathology and the Doctoral Program in Audiology and reserves the right to deny admission based on application materials, previous academic records, and records of past conduct, including but not limited to the results of a criminal background check or registration of a sex offense.

Any offers of admission are contingent upon completing and passing a national background check. The department may refuse or revoke admission for the following: misrepresentation of self, criminal behavior, results of the national background check, and/or behavior that interferes with performing professional duties.

If admitted to a CSD graduate program, any applicant or student with a criminal background may not be eligible for some clinical placements. In addition, the applicant or student may not be eligible for licensure after completing the requirements for the advanced degree. Many clinical sites require criminal background checks for accepting a student clinician in their setting. It is the student's responsibility to inquire with the Department of Financial and Professional Regulation or other professional licensure boards to determine their licensure eligibility.

Once admitted to a graduate program in CSD, students must report any new information or criminal convictions and adhere to the Professional Standards of the University and the Department of Communication Sciences and Disorders. Students must meet the professional and ethical standards set forth by the Department of Communication Sciences and Disorders.

In addition to the requirements of the Graduate School, the degree students must meet all the academic requirements and clinical practicum requirements for the Certificate of Clinical Competence of the American Speech-LanguageHearing Association. Copies of requirements for both Illinois and national certification can be found online. The graduate programs are accredited by the Council on Academic Accreditation.

Students must maintain a cumulative grade point average of 3.00 in major courses and overall to retain their degree status and to be eligible for department clinicals. Enrollment by graduate students in the department's clinicals requires degree status. In all instances, permission of the Clinic Director is needed for practicum enrollment, and enrollments may be restricted. External graduate clinicals may require special coursework and will require a student to provide transportation to external settings arranged by the department.

A candidate for the master's degree must complete two external placements in order to qualify for the degree. A degree student in the Doctor of Audiology program must spend one year in residency in order to qualify for the degree. A year in residence is interpreted as three consecutive semesters of enrollment in CSD 598.90 for one credit hour each semester.

Speech-Language Pathology Program

Degree Offered: M.A., M.S.

Students must meet all the academic and clinical practicum requirements for the Certificate of Clinical Competence (CCC) in Speech Language Pathology from the American Speech Language Hearing Association (ASHA).

Students will select one of three options at the end of the spring semester (third term on campus).

Option I—Comprehensive Exam

- 40 academic hours: [CSD 402](https://coursefinder.illinoisstate.edu/CSD/402/) (<https://coursefinder.illinoisstate.edu/CSD/402/>), [CSD 403](https://coursefinder.illinoisstate.edu/CSD/403/) (<https://coursefinder.illinoisstate.edu/CSD/403/>), [CSD 404](https://coursefinder.illinoisstate.edu/CSD/404/) (<https://coursefinder.illinoisstate.edu/CSD/404/>), [CSD 406](https://coursefinder.illinoisstate.edu/CSD/406/) (<https://coursefinder.illinoisstate.edu/CSD/406/>), [CSD 409](https://coursefinder.illinoisstate.edu/CSD/409/) (<https://coursefinder.illinoisstate.edu/CSD/409/>), [CSD 410](https://coursefinder.illinoisstate.edu/CSD/410/) (<https://coursefinder.illinoisstate.edu/CSD/410/>), [CSD 412](https://coursefinder.illinoisstate.edu/CSD/412/) (<https://coursefinder.illinoisstate.edu/CSD/412/>), [CSD 413](https://coursefinder.illinoisstate.edu/CSD/413/) (<https://coursefinder.illinoisstate.edu/CSD/413/>), [CSD 414](https://coursefinder.illinoisstate.edu/CSD/414/) (<https://coursefinder.illinoisstate.edu/CSD/414/>), [CSD 418](https://coursefinder.illinoisstate.edu/CSD/418/) (<https://coursefinder.illinoisstate.edu/CSD/418/>), [CSD 420](https://coursefinder.illinoisstate.edu/CSD/420/) (<https://coursefinder.illinoisstate.edu/CSD/420/>), [CSD 422](https://coursefinder.illinoisstate.edu/CSD/422/) (<https://coursefinder.illinoisstate.edu/CSD/422/>), [CSD 432](https://coursefinder.illinoisstate.edu/CSD/432/) (<https://coursefinder.illinoisstate.edu/CSD/432/>), [CSD 451](https://coursefinder.illinoisstate.edu/CSD/451/) (<https://coursefinder.illinoisstate.edu/CSD/451/>), and [CSD 460](https://coursefinder.illinoisstate.edu/CSD/460/) (<https://coursefinder.illinoisstate.edu/CSD/460/>).
- 18 clinical hours: [CSD 408A30](https://coursefinder.illinoisstate.edu/CSD/408A30/) (<https://coursefinder.illinoisstate.edu/CSD/408A30/>), [CSD 408A40](https://coursefinder.illinoisstate.edu/CSD/408A40/) (<https://coursefinder.illinoisstate.edu/CSD/408A40/>), [CSD 408A50](https://coursefinder.illinoisstate.edu/CSD/408A50/) (<https://coursefinder.illinoisstate.edu/CSD/408A50/>), [CSD 408A60](https://coursefinder.illinoisstate.edu/CSD/408A60/) (<https://coursefinder.illinoisstate.edu/CSD/408A60/>), and [CSD 408A70](https://coursefinder.illinoisstate.edu/CSD/408A70/) (<https://coursefinder.illinoisstate.edu/CSD/408A70/>).
- Pass the comprehensive exam administered by the Department of Communication Science and Disorders

Option II—Independent Study

- 40 academic hours: CSD 400 (<https://coursefinder.illinoisstate.edu/CSD/400/>), CSD 402 (<https://coursefinder.illinoisstate.edu/CSD/402/>), CSD 403 (<https://coursefinder.illinoisstate.edu/CSD/403/>), CSD 404 (<https://coursefinder.illinoisstate.edu/CSD/404/>), CSD 406 (<https://coursefinder.illinoisstate.edu/CSD/406/>), CSD 409 (<https://coursefinder.illinoisstate.edu/CSD/409/>), CSD 410 (<https://coursefinder.illinoisstate.edu/CSD/410/>), CSD 412 (<https://coursefinder.illinoisstate.edu/CSD/412/>), CSD 413 (<https://coursefinder.illinoisstate.edu/CSD/413/>), CSD 414 (<https://coursefinder.illinoisstate.edu/CSD/414/>), CSD 418 (<https://coursefinder.illinoisstate.edu/CSD/418/>), CSD 420 (<https://coursefinder.illinoisstate.edu/CSD/420/>), CSD 422 (<https://coursefinder.illinoisstate.edu/CSD/422/>), CSD 432 (<https://coursefinder.illinoisstate.edu/CSD/432/>), CSD 451 (<https://coursefinder.illinoisstate.edu/CSD/451/>), and CSD 460 (<https://coursefinder.illinoisstate.edu/CSD/460/>).
- 18 clinical hours: CSD 408A30 (<https://coursefinder.illinoisstate.edu/CSD/408A30/>), CSD 408A40 (<https://coursefinder.illinoisstate.edu/CSD/408A40/>), CSD 408A50 (<https://coursefinder.illinoisstate.edu/CSD/408A50/>), CSD 408A60 (<https://coursefinder.illinoisstate.edu/CSD/408A60/>), and CSD 408A70 (<https://coursefinder.illinoisstate.edu/CSD/408A70/>).
- 2 independent study hours of CSD 400 (<https://coursefinder.illinoisstate.edu/CSD/400/>) under the direction of a CSD faculty member

Option III—Thesis

- 40 academic hours: CSD 402 (<https://coursefinder.illinoisstate.edu/CSD/402/>), CSD 403 (<https://coursefinder.illinoisstate.edu/CSD/403/>), CSD 404 (<https://coursefinder.illinoisstate.edu/CSD/404/>), CSD 406 (<https://coursefinder.illinoisstate.edu/CSD/406/>), CSD 409 (<https://coursefinder.illinoisstate.edu/CSD/409/>), CSD 410 (<https://coursefinder.illinoisstate.edu/CSD/410/>), CSD 412 (<https://coursefinder.illinoisstate.edu/CSD/412/>), CSD 413 (<https://coursefinder.illinoisstate.edu/CSD/413/>), CSD 414 (<https://coursefinder.illinoisstate.edu/CSD/414/>), CSD 418 (<https://coursefinder.illinoisstate.edu/CSD/418/>), CSD 420 (<https://coursefinder.illinoisstate.edu/CSD/420/>), CSD 422 (<https://coursefinder.illinoisstate.edu/CSD/422/>), CSD 432 (<https://coursefinder.illinoisstate.edu/CSD/432/>), CSD 451 (<https://coursefinder.illinoisstate.edu/CSD/451/>), and CSD 460 (<https://coursefinder.illinoisstate.edu/CSD/460/>).
- 18 clinical hours: CSD 408A30 (<https://coursefinder.illinoisstate.edu/CSD/408A30/>), CSD 408A40 (<https://coursefinder.illinoisstate.edu/CSD/408A40/>), CSD 408A50 (<https://coursefinder.illinoisstate.edu/CSD/408A50/>), CSD 408A60 (<https://coursefinder.illinoisstate.edu/CSD/408A60/>), and CSD 408A70 (<https://coursefinder.illinoisstate.edu/CSD/408A70/>).
- 6 thesis hours: CSD 499 (<https://coursefinder.illinoisstate.edu/CSD/499/>) under the direction of a CSD faculty member

Doctor of Audiology Program

Degree Offered: Au.D.

This four-year post-baccalaureate professional degree is designed to produce audiologists who are competent to perform a wide array of diagnostic, remedial, and other services associated with the practice of audiology. Students must meet all the academic requirements and clinical practicum requirements for the Certificate of Clinical Competence (CCC) of the American Speech-Language-Hearing Association (ASHA). The program requires a range of 87-93 credit hours depending on whether students chose to complete comprehensive exams or a 6 hour capstone. Students are expected to be in residence for at least one academic year.

Degree requirements include:

- 60 academic hours: [CSD 401](https://coursefinder.illinoisstate.edu/CSD/401/) (<https://coursefinder.illinoisstate.edu/CSD/401/>), [CSD 509](https://coursefinder.illinoisstate.edu/CSD/509/) (<https://coursefinder.illinoisstate.edu/CSD/509/>), [CSD 510](https://coursefinder.illinoisstate.edu/CSD/510/) (<https://coursefinder.illinoisstate.edu/CSD/510/>), [CSD 511](https://coursefinder.illinoisstate.edu/CSD/511/) (<https://coursefinder.illinoisstate.edu/CSD/511/>), [CSD 520](https://coursefinder.illinoisstate.edu/CSD/520/) (<https://coursefinder.illinoisstate.edu/CSD/520/>), [CSD 521](https://coursefinder.illinoisstate.edu/CSD/521/) (<https://coursefinder.illinoisstate.edu/CSD/521/>), [CSD 522](https://coursefinder.illinoisstate.edu/CSD/522/) (<https://coursefinder.illinoisstate.edu/CSD/522/>), [CSD 523](https://coursefinder.illinoisstate.edu/CSD/523/) (<https://coursefinder.illinoisstate.edu/CSD/523/>), [CSD 524](https://coursefinder.illinoisstate.edu/CSD/524/) (<https://coursefinder.illinoisstate.edu/CSD/524/>), [CSD 526](https://coursefinder.illinoisstate.edu/CSD/526/) (<https://coursefinder.illinoisstate.edu/CSD/526/>), [CSD 530](https://coursefinder.illinoisstate.edu/CSD/530/) (<https://coursefinder.illinoisstate.edu/CSD/530/>), [CSD 531](https://coursefinder.illinoisstate.edu/CSD/531/) (<https://coursefinder.illinoisstate.edu/CSD/531/>), [CSD 532](https://coursefinder.illinoisstate.edu/CSD/532/) (<https://coursefinder.illinoisstate.edu/CSD/532/>), [CSD 533](https://coursefinder.illinoisstate.edu/CSD/533/) (<https://coursefinder.illinoisstate.edu/CSD/533/>), [CSD 536](https://coursefinder.illinoisstate.edu/CSD/536/) (<https://coursefinder.illinoisstate.edu/CSD/536/>), [CSD 538](https://coursefinder.illinoisstate.edu/CSD/538/) (<https://coursefinder.illinoisstate.edu/CSD/538/>), [CSD 540](https://coursefinder.illinoisstate.edu/CSD/540/) (<https://coursefinder.illinoisstate.edu/CSD/540/>), [CSD 541](https://coursefinder.illinoisstate.edu/CSD/541/) (<https://coursefinder.illinoisstate.edu/CSD/541/>), [CSD 542](https://coursefinder.illinoisstate.edu/csd/542/) (<https://coursefinder.illinoisstate.edu/csd/542/>), [CSD 551](https://coursefinder.illinoisstate.edu/csd/551/) (<https://coursefinder.illinoisstate.edu/csd/551/>).
- 24 clinical hours: [CSD 508A10](https://coursefinder.illinoisstate.edu/CSD/508A10/) (<https://coursefinder.illinoisstate.edu/CSD/508A10/>), [CSD 508A20](https://coursefinder.illinoisstate.edu/CSD/508A20/) (<https://coursefinder.illinoisstate.edu/CSD/508A20/>), [CSD 508A25](https://coursefinder.illinoisstate.edu/csd/508a25/) (<https://coursefinder.illinoisstate.edu/csd/508a25/>), [CSD 508A30](https://coursefinder.illinoisstate.edu/CSD/508A30/) (<https://coursefinder.illinoisstate.edu/CSD/508A30/>), [CSD 508A40](https://coursefinder.illinoisstate.edu/CSD/508A40/) (<https://coursefinder.illinoisstate.edu/CSD/508A40/>).
- 6 capstone hours (over three semesters): [CSD 500](https://coursefinder.illinoisstate.edu/CSD/500/) (<https://coursefinder.illinoisstate.edu/CSD/500/>) or successful completion of comprehensive exams.
- 3 clinical residency hours: [CSD 598](https://coursefinder.illinoisstate.edu/CSD/598/) (<https://coursefinder.illinoisstate.edu/CSD/598/>).

Graduate Certificate in Social Aspects of Aging

A multidisciplinary program designed to offer a limited number of academically and professionally oriented graduate experiences in aging. The graduate certificate is located within the Department of Sociology and Anthropology in cooperation with the Departments of Family and Consumer Sciences, Health Sciences, Psychology, and Communication Sciences and Disorders. For admission requirements and other information, please see the Department of Sociology and Anthropology section in this catalog.

Economics

Programs Offered

M.A./M.S. degree in Applied Economics with sequences in Applied Community and Economic Development, Electricity, Natural Gas, and Telecommunications Economics, Financial Economics, and Quantitative Economics.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Applied Economics Program

Degree Offered: M.A, M.S.

This option is appropriate for students whose interests lie outside one of the applied fields noted above and for those who intend to pursue doctoral level studies in economics or a related discipline.

Option I - Non-Thesis

The 33-hour program includes:

English

Programs Offered

M.A./M.S. and Ph.D. in English; M.A./M.S. in English Education; Graduate Certificate in Teaching English to Speakers of Other Languages (TESOL).

Accelerated Master's Degree in English Education

High achieving students who graduated with a degree in ISU's Accelerated English Education undergraduate program are allowed to apply up to 12 hours of approved graduate courses to both the undergraduate and graduate degrees.

Master's Degree in English Program

Degree Offered: M.A., M.S.

The Department offers a master's degree in English, with emphases by advising in English studies, children's literature, creative writing, linguistics, literary and cultural studies, rhetoric and composition, technical writing and rhetorics, and TESOL. ENG 402 (<https://coursefinder.illinoisstate.edu/ENG/402/>) is required for students with teaching assistantships in the writing program.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Option 1 - Non-Thesis

This degree option, made in consultation with the advisor, requires 11 courses and either a comprehensive examination or a portfolio, the contents of which are to be determined by the student, also in consultation with the advisor.

Option 2 - Thesis

This degree option, made in consultation with the advisor, requires 10 courses and a thesis. The typical program is approximately 34 semester hours.

Master's of English Education Program

Degree Offered: M.A., M.S.

The Master of English Education is a professional degree designed to improve the content and pedagogical knowledge of in service teachers of English language arts (ELA) who already possess a bachelor's degree in English Education. The 34 credit hour degree requires core coursework in English Education and elective coursework in English or related disciplines. It also requires a thesis.

Students who wish to complete degree requirements for a Master of Arts rather than Master of Science, must complete the Graduate School Master of Arts degree foreign language requirement.

English Education Content:

- 15 credit hours of the following: [ENG 435](https://coursefinder.illinoisstate.edu/eng/435/) (<https://coursefinder.illinoisstate.edu/eng/435/>), [ENG 436](https://coursefinder.illinoisstate.edu/eng/436/) (<https://coursefinder.illinoisstate.edu/eng/436/>), [ENG 437](https://coursefinder.illinoisstate.edu/eng/437/) (<https://coursefinder.illinoisstate.edu/eng/437/>), [ENG 438](https://coursefinder.illinoisstate.edu/eng/438/) (<https://coursefinder.illinoisstate.edu/eng/438/>), [ENG 439](https://coursefinder.illinoisstate.edu/eng/439/) (<https://coursefinder.illinoisstate.edu/eng/439/>).

Elective Content:

- 15 credit hours from 400-level courses in English. Students may take graduate courses in other related disciplines such as Educational Administration and Foundations, Special Education, Teaching and Learning, Theater, and Communication. Written permission must be received prior to enrollment from the English Education Graduate Program Coordinator.

Required Thesis

- 4 credit hours of [ENG 499](https://coursefinder.illinoisstate.edu/eng/499/) (<https://coursefinder.illinoisstate.edu/eng/499/>) under the direction of English Education graduate faculty advisor or thesis chair.

Doctor of Philosophy in English Studies Program

Degree Offered: Ph.D.

The Ph.D requires a minimum of 12 courses (exclusive of ENG 591 and ENG 599). A full-time student should normally complete coursework in two calendar years, a part-time student, in four years. Other university requirements for Ph.D. degrees are listed elsewhere in this catalog.

Course requirements include:

- 3 hours: [ENG 402](https://coursefinder.illinoisstate.edu/ENG/402/) (<https://coursefinder.illinoisstate.edu/ENG/402/>) for students with teaching assistantships in composition
- 12 hours: [ENG 510](https://coursefinder.illinoisstate.edu/ENG/510/) (<https://coursefinder.illinoisstate.edu/ENG/510/>), [ENG 540](https://coursefinder.illinoisstate.edu/ENG/540/) (<https://coursefinder.illinoisstate.edu/ENG/540/>), [ENG 560](https://coursefinder.illinoisstate.edu/ENG/560/) (<https://coursefinder.illinoisstate.edu/ENG/560/>), and [ENG 590](https://coursefinder.illinoisstate.edu/ENG/590/) (<https://coursefinder.illinoisstate.edu/ENG/590/>)
- 6-9 hours: English Studies electives
- 6 hours: pedagogy
- 15 hours: specialization
- comprehensive examinations: specialization exam and English Studies presentation
- 4 hours: [ENG 591](https://coursefinder.illinoisstate.edu/ENG/591/) (<https://coursefinder.illinoisstate.edu/ENG/591/>)
- 15+ hours: [ENG 599](https://coursefinder.illinoisstate.edu/ENG/599/) (<https://coursefinder.illinoisstate.edu/ENG/599/>), dissertation that connects research in language, literature, or writing with pedagogy

Graduate Certificate in Teaching English to Speakers of Other Languages (TESOL)

The graduate certificate requires 15 hours to consist of [ENG 461](https://coursefinder.illinoisstate.edu/eng/461/), (<https://coursefinder.illinoisstate.edu/eng/461/>), [ENG 442](https://coursefinder.illinoisstate.edu/eng/442/) (<https://coursefinder.illinoisstate.edu/eng/442/>) or [ENG 443](https://coursefinder.illinoisstate.edu/eng/443/) (<https://coursefinder.illinoisstate.edu/eng/443/>), [ENG 444](https://coursefinder.illinoisstate.edu/eng/444/) (<https://coursefinder.illinoisstate.edu/eng/444/>), [ENG 394](https://coursefinder.illinoisstate.edu/ENG/394/) (<https://coursefinder.illinoisstate.edu/ENG/394/>), and [ENG 441](https://coursefinder.illinoisstate.edu/ENG/441/) (<https://coursefinder.illinoisstate.edu/ENG/441/>). Students desiring to acquire the certificate should consult the Graduate Program Director.

Geography, Geology, and the Environment

Programs Offered

M.S. in Hydrogeology and the Hydrogeology Geographic Information Systems (GIS) Graduate Certificate.

Hydrogeology Program

Degree Offered: M.S.

Master's degree candidates may choose either of two options.

Option I — Thesis

This 32-hour option requires:

- 9 hour core: [GEO 410](https://coursefinder.illinoisstate.edu/GEO/410/) (<https://coursefinder.illinoisstate.edu/GEO/410/>), [GEO 439](https://coursefinder.illinoisstate.edu/GEO/439/) (<https://coursefinder.illinoisstate.edu/GEO/439/>), [GEO 456](https://coursefinder.illinoisstate.edu/GEO/456/) (<https://coursefinder.illinoisstate.edu/GEO/456/>).
- Choice of 1 from [GEO 419](https://coursefinder.illinoisstate.edu/geo/419/) (<https://coursefinder.illinoisstate.edu/geo/419/>) or [GEO 435](https://coursefinder.illinoisstate.edu/geo/435/) (<https://coursefinder.illinoisstate.edu/geo/435/>).

(<https://coursefinder.illinoisstate.edu/geo/461/>).

- Choice of 1 from [GEO 463 \(https://coursefinder.illinoisstate.edu/geo/463/\)](https://coursefinder.illinoisstate.edu/geo/463/) or [GEO 465 \(https://coursefinder.illinoisstate.edu/geo/465/\)](https://coursefinder.illinoisstate.edu/geo/465/).
- 13-14 hours of electives
- a comprehensive examination

Hydrogeology Geographic Information Systems (GIS) Graduate Certificate

Graduate students in the Department of Geography, Geology, and the Environment may elect to pursue a Hydrogeology GIS Graduate Certificate. To earn the certificate, the student must take and successfully complete [GEO 403 \(https://coursefinder.illinoisstate.edu/geo/403/\)](https://coursefinder.illinoisstate.edu/geo/403/), or [GEO 463 \(https://coursefinder.illinoisstate.edu/geo/463/\)](https://coursefinder.illinoisstate.edu/geo/463/), [GEO 404 \(https://coursefinder.illinoisstate.edu/geo/404/\)](https://coursefinder.illinoisstate.edu/geo/404/), and [GEO 405 \(https://coursefinder.illinoisstate.edu/geo/405/\)](https://coursefinder.illinoisstate.edu/geo/405/) or [GEO 465 \(https://coursefinder.illinoisstate.edu/geo/465/\)](https://coursefinder.illinoisstate.edu/geo/465/).

History

Programs Offered

M.A./M.S. degrees, in history.

Accelerated Master's Degree in History

High achieving students who graduated with a degree in ISU's Accelerated HIS undergraduate program are allowed to apply up to 12 hours of approved graduate courses to both the undergraduate and graduate degrees.

Master's Degree in History Program

Degree Offered: M.A., M.S.

A degree in history requires either a thesis or a non-thesis option.

Master of Arts

Completion of the degree requirements as well as a minimum of two years of study in foreign language at the university level (equivalent of completion of LAN 116) or a satisfactory score on a university administered foreign language test

Master of Science

Option I — Thesis

This 30-hour option requires:

- 3 hours: HIS 496 (<https://coursefinder.illinoisstate.edu/HIS/496/>)
- 4-6 hours: HIS 499 (<https://coursefinder.illinoisstate.edu/HIS/499/>)
- 21-23 hours of electives, with a minimum of 15 hours of 400-level graduate seminars. HIS 400 (<https://coursefinder.illinoisstate.edu/HIS/400/>), HIS 497 (<https://coursefinder.illinoisstate.edu/HIS/497/>), and HIS 498 (<https://coursefinder.illinoisstate.edu/HIS/498/>) can count toward the 15 hour minimum

Option II — Field of Study

This 33-hour option requires:

- 3 hours: [HIS 496](https://coursefinder.illinoisstate.edu/HIS/496/) (<https://coursefinder.illinoisstate.edu/HIS/496/>)
- 3 hours: [HIS 497](https://coursefinder.illinoisstate.edu/HIS/497/) (<https://coursefinder.illinoisstate.edu/HIS/497/>) Research in History or an equivalent research paper written in the History department. Students undertaking this option must receive no less than a grade of B in [HIS 497](https://coursefinder.illinoisstate.edu/HIS/497/) (<https://coursefinder.illinoisstate.edu/HIS/497/>) or on an equivalent research paper written in the History department.
- 3 hours: [HIS 490](https://coursefinder.illinoisstate.edu/HIS/490/) (<https://coursefinder.illinoisstate.edu/HIS/490/>) Readings-Field of Study; the student will thoroughly explore a field of history under the supervision of a member of the department's faculty. The student's mastery will be assessed in a final examination. Students undertaking this option must receive no less than a grade of B in [HIS 490](https://coursefinder.illinoisstate.edu/HIS/490/) (<https://coursefinder.illinoisstate.edu/HIS/490/>).
- 24 hours of electives, with a minimum of 18 hours of 400-level graduate seminars. [HIS 400](https://coursefinder.illinoisstate.edu/HIS/400/) (<https://coursefinder.illinoisstate.edu/HIS/400/>), [HIS 497](https://coursefinder.illinoisstate.edu/HIS/497/) (<https://coursefinder.illinoisstate.edu/HIS/497/>), and [HIS 498](https://coursefinder.illinoisstate.edu/HIS/498/) (<https://coursefinder.illinoisstate.edu/HIS/498/>) can count toward the 18 hour minimum

Areas of Specialization in Master's Study

Students are encouraged to focus their studies on some of the distinctive areas of strength in the department's graduate curriculum. These include U.S. history; Modern European history; Medieval or Ancient history; and global history including Latin America, the Middle East and the Far East. Although the program does not have a formal "breadth" requirement, students are also encouraged to look beyond their area of specialization. For example, those focusing on U.S. history should take courses in European and global history, and vice-versa.

Students may take graduate courses in other related disciplines such as art history and visual culture; English; Languages, Literatures, and Cultures; Philosophy; Politics and Government; and Sociology/Anthropology. Up to six hours of credit from classes in other departments may be used in history master's degree programs provided written permission is received from the history graduate director prior to enrollment and the courses are included on the approved degree audit.

Languages, Literatures, and Cultures

Programs Offered

M.A. in Spanish

Graduate Certificate in Instructional Technology in World Languages

Spanish

Degree Offered: M.A.

The Department of Languages, Literatures, and Cultures offers a flexible program leading to the Master of Arts in Spanish. Note:

Courses taken for core cannot count toward the elective total. Unless otherwise specified, Spanish Elective courses can be satisfied with any 400-level Spanish course. A student must pass at least 6 courses that are taught in Spanish to graduate from this program. A maximum total of 9 credits from study in another department or at another university. Courses taught in Spanish can vary. Please see academic advisor for more information.

Option 2 - Thesis

33 hours minimum required:

- 6-hour core:
 - · One 3-hour course from Literary and Cultural studies: LAN 405, LAN 490, SPA 405, SPA 482
 - · One 3-hour course from Theoretical and Applied Linguistics: LAN 475, LAN 480, LAN 485
- 27 hours of 400-level Spanish electives

Graduate Certificate in Instructional Technology in World Languages

Designed to offer knowledge of instructional technology in the teaching of foreign/second languages. Nine (9) hours are required to earn the certificate, which include the following: one required course [LAN 321](https://coursefinder.illinoisstate.edu/LAN/321/)

(<https://coursefinder.illinoisstate.edu/LAN/321/>) (3 hours); two elective courses (6 hours) from: [TCH 401](https://coursefinder.illinoisstate.edu/TCH/401/)

(<https://coursefinder.illinoisstate.edu/TCH/401/>), [TCH 432](https://coursefinder.illinoisstate.edu/TCH/432/) (<https://coursefinder.illinoisstate.edu/TCH/432/>), [TCH 438](https://coursefinder.illinoisstate.edu/TCH/438/)

(<https://coursefinder.illinoisstate.edu/TCH/438/>). Graduate standing and a grade of B or better in coursework are required.

Mathematics

Programs Offered

Ph.D. in Mathematics Education; M.S. in Mathematics with sequences in Mathematics, Actuarial Science, Online Actuarial Science, Applied Statistics, Biomathematics; and Elementary and Middle School Mathematics Education. At the master's level, concentrations are available in secondary mathematics education, pure mathematics, computational mathematics, and applied mathematics. Concentrations are not listed on a student's transcript.

Accelerated Master's Degree in Mathematics

High achieving students who graduated with a degree in ISU's Accelerated Mathematics undergraduate program are allowed to apply up to 12 hours of approved graduate courses to both the undergraduate and graduate degrees.

Mathematics Program

Degree Offered: M.S.

Students must complete either Option I or Option II. Option I requires a culminating experience in the form of an approved master's project, comprehensive exam, or professional practice. Thesis Option II requires a master's thesis. Students may complete a sequence in Mathematics, Actuarial Science, Applied Statistics, Biomathematics or in Elementary and Middle School Mathematics Education. Students in the Biomathematics sequence must complete Option II. The culminating experience/thesis project must be approved in advance by the Department's master's program committee.

Note: All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

All electives are subject to approval by the department's graduate advisor.

Option I — Non-Thesis

This 32-hour option requires:

- 26 hours in mathematics; 16 hours at the 400 level, 12 hours of mathematics courses at the 400 level
- 3 hours: culminating experience in the form of [MAT 490](https://coursefinder.illinoisstate.edu/MAT/490/) (<https://coursefinder.illinoisstate.edu/MAT/490/>) or [MAT 498](https://coursefinder.illinoisstate.edu/MAT/498/) (<https://coursefinder.illinoisstate.edu/MAT/498/>)
- Electives as needed to reach required credit minimum

Option II — Thesis

This 30-hour option requires:

- 24 hours in mathematics; 15 hours at the 400 level, 10 hours of mathematics courses at the 400 level
- Electives as needed to reach required credit minimum
- [MAT 499](https://coursefinder.illinoisstate.edu/MAT/499/) (<https://coursefinder.illinoisstate.edu/MAT/499/>) (4-6 hours)

Biomathematics is a cross-disciplinary program whose requirements are different from the other sequences. For more information, please consult the description of the Biomathematics Sequence.

Mathematics Sequence

- 11 hours: [MAT 336](https://coursefinder.illinoisstate.edu/MAT/336/) (<https://coursefinder.illinoisstate.edu/MAT/336/>), [MAT 337](https://coursefinder.illinoisstate.edu/MAT/337/) (<https://coursefinder.illinoisstate.edu/MAT/337/>), and [MAT 347](https://coursefinder.illinoisstate.edu/MAT/347/) (<https://coursefinder.illinoisstate.edu/MAT/347/>)
- 3 mathematics courses numbered 407 or above
- Options I or II

Students with the following interests are advised to take the corresponding courses: (1) Secondary mathematics education: [MAT 401](https://coursefinder.illinoisstate.edu/MAT/401/) (<https://coursefinder.illinoisstate.edu/MAT/401/>), [MAT 403](https://coursefinder.illinoisstate.edu/MAT/403/)

- 3 mathematics courses numbered 407 or above

- Options I or II
- The Department reserves the right to enforce professional standards of practice as specified by the Society of Actuaries and the Casualty Actuarial Society. These standards may be taken into consideration in program retention decisions.

Actuarial Science Online Sequence

Option I — Non-Thesis

This 32-hour option requires:

- 1 course selected from: [MAT 336](https://coursefinder.illinoisstate.edu/mat/336/) (<https://coursefinder.illinoisstate.edu/mat/336/>), [MAT 337](https://coursefinder.illinoisstate.edu/mat/337/) (<https://coursefinder.illinoisstate.edu/mat/337/>), [MAT 347](https://coursefinder.illinoisstate.edu/mat/347/) (<https://coursefinder.illinoisstate.edu/mat/347/>).

Biomathematics Sequence

Biomathematics is an interdisciplinary graduate program offering courses and research opportunities in basic and applied mathematical biology. In order to accommodate students in the biological, mathematical or physical sciences, some substitutions may be approved at the discretion of the master's degree director. Persons seeking cross-disciplinary training in mathematics and biology may select this sequence. This 30-hour sequence requires:

- Thesis option II
- BioCore: MAT 340 (<https://coursefinder.illinoisstate.edu/MAT/340/>), MAT 350 (<https://coursefinder.illinoisstate.edu/MAT/350/>), MAT 351 (<https://coursefinder.illinoisstate.edu/MAT/351/>), MAT 442 (<https://coursefinder.illinoisstate.edu/MAT/442/>), BSC 420A36 (<https://coursefinder.illinoisstate.edu/BSC/420A36/>) taken twice under different topics
- 12 hours from the School of Biological Sciences

- 13 hours at the 400 level from outside of the BioCore
- An area of emphasis may be chosen from the following:

Emphasis in Biostatistics and Modeling

A choice of courses from [MAT 353](https://coursefinder.illinoisstate.edu/MAT/353/) (<https://coursefinder.illinoisstate.edu/MAT/353/>), [MAT 356](https://coursefinder.illinoisstate.edu/MAT/356/)

Doctor of Philosophy in Mathematics Education Program

Degree Offered: Ph.D.

The typical program is approximately 90 hours. A full-time student should expect to complete the required coursework for the program in 3 to 4 years past the master's degree.

Two options are available K-8 or K-12.

Program requirements include:

- 6 hours of graduate mathematics content courses
- 30 hours in mathematics education
- 3 hours for a professional project
- 12 hours in research methods
- 6 hours of electives in areas such as mathematics, technology, curriculum, educational psychology, evaluation, supervision, human development, learning theory or measurement
- a minimum of 15 hours of dissertation credit

Students in the program must demonstrate competence in teaching prospective or practicing mathematics teachers. Some of these requirements may be satisfied by work completed prior to acceptance into the program. The student must also meet the other university requirements for Ph.D. programs listed elsewhere in this catalog. Students must meet the Graduate School's residency requirement for a Doctor of Philosophy degree.

Co-Curricular Program Requirements

Approved 6/8/2022

The co-curricular program requirements consist of experiences in teaching, research and engaging with a community of scholars. Activities used to address each of the co-curricular program requirements must be pre-approved by the department.

Teaching Competence: Students who do not have previous PreK–12 teaching experience will be expected to gain teaching experience in PreK–12 classrooms. Additionally, students must demonstrate competence in teaching prospective or practicing mathematics teachers.

Research: Students must engage in a guided research process by preparing and submitting a manuscript to an educational, or educational related, research or teaching journal.

Community of Scholars: Students must actively participate with the mathematics education community at Illinois State University. This requirement can be met in a variety of ways. The focus should be on engaging with the mathematics education community as part of a teaching, research, or service team.

Philosophy

Programs Offered

Graduate degrees are not granted in the Department of Philosophy, but coursework is available as supplemental study or as electives.

Physics

Programs Offered

M.S. in Physics.

Physics Program

Degree Offered: M.S.

The Master of Science (MS) in Physics is designed to offer a well-rounded education that would open doors to interesting, well-paying careers in industry, government, higher education, and non-profits.

This 30 credit hour degree program requires:

- 14-credit core courses: [PHY 417](https://coursefinder.illinoisstate.edu/phy/417/) (<https://coursefinder.illinoisstate.edu/phy/417/>), [PHY 425](https://coursefinder.illinoisstate.edu/phy/425/) (<https://coursefinder.illinoisstate.edu/phy/425/>), [PHY 440](https://coursefinder.illinoisstate.edu/phy/440/) (<https://coursefinder.illinoisstate.edu/phy/440/>), [PHY 484](https://coursefinder.illinoisstate.edu/phy/484/) (<https://coursefinder.illinoisstate.edu/phy/484/>).
- 6-credit electives: Two courses out of [PHY 420](https://coursefinder.illinoisstate.edu/phy/420/) (<https://coursefinder.illinoisstate.edu/phy/420/>), [PHY 455](https://coursefinder.illinoisstate.edu/phy/455/) (<https://coursefinder.illinoisstate.edu/phy/455/>), [PHY 461](https://coursefinder.illinoisstate.edu/phy/461/) (<https://coursefinder.illinoisstate.edu/phy/461/>), [PHY 470](https://coursefinder.illinoisstate.edu/phy/470/) (<https://coursefinder.illinoisstate.edu/phy/470/>), [PHY 471](https://coursefinder.illinoisstate.edu/phy/471/) (<https://coursefinder.illinoisstate.edu/phy/471/>), [PHY 473](https://coursefinder.illinoisstate.edu/phy/473/) (<https://coursefinder.illinoisstate.edu/phy/473/>), [PHY 480](https://coursefinder.illinoisstate.edu/phy/480/) (<https://coursefinder.illinoisstate.edu/phy/480/>), [PHY 488](https://coursefinder.illinoisstate.edu/phy/488/) (<https://coursefinder.illinoisstate.edu/phy/488/>).
- 4-credit research development and seminar: [PHY 490](https://coursefinder.illinoisstate.edu/phy/490/) (<https://coursefinder.illinoisstate.edu/phy/490/>), [PHY 407](https://coursefinder.illinoisstate.edu/phy/407/) (<https://coursefinder.illinoisstate.edu/phy/407/>).
- 6-credit thesis: [PHY 499](https://coursefinder.illinoisstate.edu/phy/499/) (<https://coursefinder.illinoisstate.edu/phy/499/>).

For the research development/thesis students are assigned a research advisor, and the students work closely with the adviser to complete a thesis based on original research. Upon completion of a written thesis, a final oral examination/thesis defense is required. A range of research projects in the areas of nanotechnology, electronic and photonic materials, quantum materials, biophysics, laser physics, quantum field theory, astrophysics, etc., are being offered.

In general, students admitted to the MS in Physics program should have completed coursework in science and math equivalent to that required for a B.S. degree in Physics, Electrical Engineering, or Material Science & Engineering or equivalent.

Politics and Government

Programs Offered

M.A./M.S. with sequences in Applied Community and Economic Development, Global Politics, or Public Service. Students may complete the M.A./M.S. degree in Political Science without a sequence.

Political Science Program

Degree Offered: M.A., M.S.

Students who do not elect a sequence complete the following 32-hour program:

- 3 hours: [POL 496](https://coursefinder.illinoisstate.edu/POL/496/) (<https://coursefinder.illinoisstate.edu/POL/496/>)
- 3 hours: [POL 497](https://coursefinder.illinoisstate.edu/POL/497/) (<https://coursefinder.illinoisstate.edu/POL/497/>) or [POL 461](https://coursefinder.illinoisstate.edu/POL/461/) (<https://coursefinder.illinoisstate.edu/POL/461/>)
- 12 hours: POL 400-level seminars chosen from [POL 411](https://coursefinder.illinoisstate.edu/POL/411/) (<https://coursefinder.illinoisstate.edu/POL/411/>), [POL 421](https://coursefinder.illinoisstate.edu/POL/421/) (<https://coursefinder.illinoisstate.edu/POL/421/>), [POL 431](https://coursefinder.illinoisstate.edu/POL/431/) (<https://coursefinder.illinoisstate.edu/POL/431/>), [POL 441](https://coursefinder.illinoisstate.edu/POL/441/) (<https://coursefinder.illinoisstate.edu/POL/441/>), [POL 451](https://coursefinder.illinoisstate.edu/POL/451/) (<https://coursefinder.illinoisstate.edu/POL/451/>), [POL 461](https://coursefinder.illinoisstate.edu/POL/461/) (<https://coursefinder.illinoisstate.edu/POL/461/>), [POL 463](https://coursefinder.illinoisstate.edu/POL/463/) (<https://coursefinder.illinoisstate.edu/POL/463/>), [POL 470](https://coursefinder.illinoisstate.edu/POL/470/) (<https://coursefinder.illinoisstate.edu/POL/470/>), [POL 497](https://coursefinder.illinoisstate.edu/POL/497/) (<https://coursefinder.illinoisstate.edu/POL/497/>)
(NOTE: One seminar only may be replaced with 3 hours of summer [POL 400](https://coursefinder.illinoisstate.edu/POL/400/) (<https://coursefinder.illinoisstate.edu/POL/400/>) or [POL 490](https://coursefinder.illinoisstate.edu/POL/490/) (<https://coursefinder.illinoisstate.edu/POL/490/>), with prior approval of the Graduate Coordinator and a letter from the instructor certifying that the content adequately substitutes for a regular seminar.)
- a thesis (a thesis, 4-6 hours [POL 499](https://coursefinder.illinoisstate.edu/POL/499/) (<https://coursefinder.illinoisstate.edu/POL/499/>)) or comprehensive exam
- electives as needed to reach a total of 32 hours chosen from POL 400-level or POL 300-level courses listed on Course Finder as approved for graduate credit. With prior approval of the Graduate Coordinator, electives may include up to 3 hours of relevant graduate courses from other departments.

Applied Community and Economic Development Sequence

The Applied Community and Economic Development (ACED) sequence is designed for returned Peace Corps Volunteers and students with equivalent domestic or international experience with other agencies. There are two options for degree completion.

Option I—Capstone

This 40-hour option requires:

- 6 hours [POL 496](https://coursefinder.illinoisstate.edu/POL/496/) (<https://coursefinder.illinoisstate.edu/POL/496/>), and [POL 497](https://coursefinder.illinoisstate.edu/POL/497/) (<https://coursefinder.illinoisstate.edu/POL/497/>) or [POL 461](https://coursefinder.illinoisstate.edu/POL/461/) (<https://coursefinder.illinoisstate.edu/POL/461/>)
- 12 hours POL electives
- 3 hours of [POL 495](https://coursefinder.illinoisstate.edu/POL/495/) (<https://coursefinder.illinoisstate.edu/POL/495/>)

ACED Core

- 6 hours: [POL 470](https://coursefinder.illinoisstate.edu/POL/470/) (<https://coursefinder.illinoisstate.edu/POL/470/>)/[SOC 470](https://coursefinder.illinoisstate.edu/SOC/470/) (<https://coursefinder.illinoisstate.edu/SOC/470/>), [POL 477](https://coursefinder.illinoisstate.edu/POL/477/) (<https://coursefinder.illinoisstate.edu/POL/477/>)/[SOC 477](https://coursefinder.illinoisstate.edu/SOC/477/) (<https://coursefinder.illinoisstate.edu/SOC/477/>)
- 2 hours: [ECO 478](https://coursefinder.illinoisstate.edu/ECO/478/) (<https://coursefinder.illinoisstate.edu/ECO/478/>)/[POL 478](https://coursefinder.illinoisstate.edu/POL/478/) (<https://coursefinder.illinoisstate.edu/POL/478/>)/[SOC 478](https://coursefinder.illinoisstate.edu/SOC/478/) (<https://coursefinder.illinoisstate.edu/SOC/478/>)
- 3 hours: [ECO 406](https://coursefinder.illinoisstate.edu/eco/406/) (<https://coursefinder.illinoisstate.edu/eco/406/>) (<https://coursefinder.illinoisstate.edu/ECO/490A04/>)
- 8 hours: [POL 498A12](https://coursefinder.illinoisstate.edu/POL/498A12/) (<https://coursefinder.illinoisstate.edu/POL/498A12/>) or [POL 498A90](https://coursefinder.illinoisstate.edu/POL/498A90/) (<https://coursefinder.illinoisstate.edu/POL/498A90/>) (The sequence ends with a required 11-month internship arranged through the Stevenson Center)

Option II—Thesis

This 36-hour option requires:

- 6 hours [POL 496](https://coursefinder.illinoisstate.edu/POL/496/) (<https://coursefinder.illinoisstate.edu/POL/496/>), and [POL 497](https://coursefinder.illinoisstate.edu/POL/497/) (<https://coursefinder.illinoisstate.edu/POL/497/>) or [POL 461](https://coursefinder.illinoisstate.edu/POL/461/) (<https://coursefinder.illinoisstate.edu/POL/461/>)
- 9 hours POL electives
- 4 hours of [POL 499](https://coursefinder.illinoisstate.edu/pol/499/) (<https://coursefinder.illinoisstate.edu/pol/499/>)

ACED Core:

- 6 hours: [POL 470](https://coursefinder.illinoisstate.edu/POL/470/) (<https://coursefinder.illinoisstate.edu/POL/470/>)/[SOC 470](https://coursefinder.illinoisstate.edu/SOC/470/) (<https://coursefinder.illinoisstate.edu/SOC/470/>), [POL 477](https://coursefinder.illinoisstate.edu/POL/477/) (<https://coursefinder.illinoisstate.edu/POL/477/>)/[SOC 477](https://coursefinder.illinoisstate.edu/SOC/477/) (<https://coursefinder.illinoisstate.edu/SOC/477/>)
- 2 hours: [ECO 478](https://coursefinder.illinoisstate.edu/ECO/478/) (<https://coursefinder.illinoisstate.edu/ECO/478/>)/[POL 478](https://coursefinder.illinoisstate.edu/POL/478/) (<https://coursefinder.illinoisstate.edu/POL/478/>)/[SOC 478](https://coursefinder.illinoisstate.edu/SOC/478/) (<https://coursefinder.illinoisstate.edu/SOC/478/>)
- 3 hours: [ECO 406](https://coursefinder.illinoisstate.edu/eco/406/) (<https://coursefinder.illinoisstate.edu/eco/406/>)
- 6 hours: [POL 498A12](https://coursefinder.illinoisstate.edu/POL/498A12/) (<https://coursefinder.illinoisstate.edu/POL/498A12/>) or [POL 498A90](https://coursefinder.illinoisstate.edu/POL/498A90/) (<https://coursefinder.illinoisstate.edu/POL/498A90/>) (The sequence ends with a required 11-month internship arranged through the Stevenson Center)

With prior approval of the Graduate Coordinator, electives may include up to 3 hours of relevant graduate courses from other departments.

Global Politics

Global Politics and Culture is a 32-hour sequence designed for students interested in the increasingly inter-connected politics of the modern world.

Option I—Thesis

Requirements are as follows:

- 9 hours including [POL 496](https://coursefinder.illinoisstate.edu/POL/496/) (<https://coursefinder.illinoisstate.edu/POL/496/>), [POL 441](https://coursefinder.illinoisstate.edu/POL/441/) (<https://coursefinder.illinoisstate.edu/POL/441/>), [POL 451](https://coursefinder.illinoisstate.edu/POL/451/) (<https://coursefinder.illinoisstate.edu/POL/451/>)
- 3 hours of [POL 461](https://coursefinder.illinoisstate.edu/POL/461/) (<https://coursefinder.illinoisstate.edu/POL/461/>) or [POL 497](https://coursefinder.illinoisstate.edu/POL/497/) (<https://coursefinder.illinoisstate.edu/POL/497/>)
- 12 hours of POL 400-level seminars chosen from [POL 411](https://coursefinder.illinoisstate.edu/pol/411/) (<https://coursefinder.illinoisstate.edu/pol/411/>), [POL 421](https://coursefinder.illinoisstate.edu/POL/421/) (<https://coursefinder.illinoisstate.edu/POL/421/>), [POL 431](https://coursefinder.illinoisstate.edu/POL/431/) (<https://coursefinder.illinoisstate.edu/POL/431/>), [POL 441](https://coursefinder.illinoisstate.edu/POL/441/) (<https://coursefinder.illinoisstate.edu/POL/441/>), [POL 451](https://coursefinder.illinoisstate.edu/POL/451/) (<https://coursefinder.illinoisstate.edu/POL/451/>), [POL 461](https://coursefinder.illinoisstate.edu/POL/461/) (<https://coursefinder.illinoisstate.edu/POL/461/>), [POL 463](https://coursefinder.illinoisstate.edu/POL/463/) (<https://coursefinder.illinoisstate.edu/POL/463/>), [POL 470](https://coursefinder.illinoisstate.edu/POL/470/) (<https://coursefinder.illinoisstate.edu/POL/470/>), [POL 497](https://coursefinder.illinoisstate.edu/POL/497/) (<https://coursefinder.illinoisstate.edu/POL/497/>)
(NOTE: One seminar only may be replaced with 3 hours of summer [POL 400](https://coursefinder.illinoisstate.edu/POL/400/) (<https://coursefinder.illinoisstate.edu/POL/400/>) or [POL 490](https://coursefinder.illinoisstate.edu/POL/490/) (<https://coursefinder.illinoisstate.edu/POL/490/>), with prior approval of the Graduate Coordinator and a letter from the instructor certifying that the content adequately substitutes for a regular seminar.)
- 4-6 hours of [POL 499](https://coursefinder.illinoisstate.edu/POL/499/) (<https://coursefinder.illinoisstate.edu/POL/499/>)
- Electives as needed to reach a total of 32 hours, representing a range of sub-disciplines of political science, chosen from POL 400-level or POL 300- level courses listed on Course Finder as approved for graduate credit. With prior approval of the Graduate Coordinator, electives may include up to 3 hours of relevant graduate courses from other departments.

Option II—Comprehensive Exam

Requirements are as follows:

- 9 hours including [POL 496](https://coursefinder.illinoisstate.edu/POL/496/) (<https://coursefinder.illinoisstate.edu/POL/496/>), [POL 441](https://coursefinder.illinoisstate.edu/POL/441/) (<https://coursefinder.illinoisstate.edu/POL/441/>), [POL 451](https://coursefinder.illinoisstate.edu/POL/451/) (<https://coursefinder.illinoisstate.edu/POL/451/>)
- 3 hours of [POL 461](https://coursefinder.illinoisstate.edu/POL/461/) (<https://coursefinder.illinoisstate.edu/POL/461/>) or [POL 497](https://coursefinder.illinoisstate.edu/POL/497/) (<https://coursefinder.illinoisstate.edu/POL/497/>)
- 12 hours of POL 400-level seminars chosen from [POL 411](https://coursefinder.illinoisstate.edu/pol/411/) (<https://coursefinder.illinoisstate.edu/pol/411/>), [POL 421](https://coursefinder.illinoisstate.edu/POL/421/) (<https://coursefinder.illinoisstate.edu/POL/421/>), [POL 431](https://coursefinder.illinoisstate.edu/POL/431/) (<https://coursefinder.illinoisstate.edu/POL/431/>), [POL 441](https://coursefinder.illinoisstate.edu/POL/441/) (<https://coursefinder.illinoisstate.edu/POL/441/>), [POL 451](https://coursefinder.illinoisstate.edu/POL/451/) (<https://coursefinder.illinoisstate.edu/POL/451/>), [POL 461](https://coursefinder.illinoisstate.edu/POL/461/) (<https://coursefinder.illinoisstate.edu/POL/461/>), [POL 463](https://coursefinder.illinoisstate.edu/POL/463/) (<https://coursefinder.illinoisstate.edu/POL/463/>), [POL 470](https://coursefinder.illinoisstate.edu/POL/470/) (<https://coursefinder.illinoisstate.edu/POL/470/>), [POL 497](https://coursefinder.illinoisstate.edu/POL/497/) (<https://coursefinder.illinoisstate.edu/POL/497/>)

Residency Requirement

Approved 4/23/92; updated 9/19/02

Full-time residency consists of at least two terms. A term is one semester or a summer session of at least eight weeks.

Full time residency is at least nine semester hours of coursework during a semester or six semester hours during a summer session.

Each student will file a Declaration of Residency for approval of the department prior to entering into residency. The department will verify the completion of residency and file the declaration with the Registrar's Office. Any exceptions to the above requirements must have the approval of the department.

Purposes of a Doctoral Residency

To orient and prepare graduate students to meet academic expectations and engage in activities that are associated with involvement in a scholarly environment within a community of scholars as they pursue their doctoral degree.

To engage and stimulate the intellectual, personal, and social development of graduate students in the process of inquiry.

Graduate Certificate in Women's, Gender, and Sexuality Studies

This certificate is an option for students whose interest in women and gender issues leads them toward particular courses and thesis topics in their department or school and to seek further work in interdisciplinary feminist theory and methods. For additional information, see the Women's, Gender, and Sexuality Studies section of this catalog.

Graduate Certificate in Social Aspects of Aging

This certificate is a multidisciplinary program designed to offer a limited number of academically and professionally oriented graduate experiences in aging. The graduate certificate is located within the Department of Sociology and Anthropology in cooperation with the Departments of Communication Sciences and Disorders, Family and Consumer Sciences, Health Sciences, Psychology, and the School of Social Work. For additional information, see the Department of Sociology and Anthropology section of this catalog.

Social Work

Programs Offered

M.S.W. in Social Work with sequences in Child and Family Practice and School Social Work. Post-MSW Professional Educator License Graduate Certificate. Collaboration with Department of Sociology and Anthropology for a certificate in the Social Aspects of Aging and the Women's, Gender, and Sexuality Studies Program for a graduate certificate in Women's, Gender and Sexuality Studies.

Accredited by the Council on Social Work Education.

Admissions Information

Illinois State University School of Social Work completes criminal background checks for all BSW and MSW candidates and reserves the right to deny admission based on application materials, previous academic record and records of past conduct, including but not limited to the results of a criminal background check or registration of a sex offense.

Any offers of admission are contingent upon successfully completing and passing a national background check. The school may refuse or revoke admission for the following: misrepresentation of self, criminal behavior, results of the national background check, and/or behavior that interferes with performing professional duties.

If admitted to the MSW/BSW program, any applicant or student with a criminal background may not be eligible for some field instruction placements. In addition, the applicant or student may not be eligible for licensure after completing the requirements for the MSW/BSW degree. Many agencies require criminal background checks as a condition for accepting a placement in their program. It is the student's responsibility to inquire with the Illinois Department of Financial and Professional Regulation or other professional licensure boards to determine their licensure eligibility.

Once admitted to the MSW/BSW program, students must report any new information or criminal convictions and adhere to the Professional Standards of the University and the School of Social Work. Students must meet the criteria for professional and ethical behavior as set forth by the School of Social Work.

A 60-hour, two-year program for fulltime students, students may also choose part-time programs and should consult with the advisor. New students who have undergraduate degrees in fields other than social work or from non-accredited schools of social work complete the full program. Students with undergraduate social work degrees from

programs accredited by the Council on Social Work Education may be given advanced standing and complete the 30-hour advanced curriculum.

NOTE: Academic credit for life experience and/or previous work experience is not given, in whole or in part, in lieu of any social work course.

Social Work Program

Degree Offered: M.S.W.

A student must maintain a cumulative GPA of 3.0 in all required courses to retain degree candidate status and earn a grade of C or better in each course (with the exception of field-related courses, which require a grade of B or better or Credit if graded on a Credit/No Credit Scale) to be eligible for School of Social Work practica. Enrollment in the practicum courses requires degree candidate status and must be planned in advance with the Director of Field Education. In addition, all requirements for the M.S.W. degree must be completed within six calendar years beginning with the date the student first registers as a degree candidate.

Child and Family Practice Sequence

Required courses include:

Graduate Certificate in Social Aspects of Aging

A multidisciplinary program designed to offer a limited number of academically and professionally oriented graduate experiences in aging. The graduate certificate is located within the Department of Sociology and Anthropology in cooperation with the Departments of Family and Consumer Sciences, Psychology, Health Sciences, the School of Social Work, and Communication Sciences and Disorders. Please consult this Graduate Catalog and the program coordinator in the Department of Sociology and Anthropology for details.

Women's, Gender, and Sexuality Studies Graduate Certificate

For Social Work Students

The WGSS graduate certificate sequence offer students a conceptual vocabulary for recognizing the intricacies of power and teaches them to identify the barriers that hold social inequalities in place. The sequence's intersectional approach to social issues increases cultural competency by providing practitioners with a working social justice conceptual toolkit that is easily integrated in their professional work.

This 12-hour graduate certificate encourages social work practitioners not only to understand more fully the daily obstacles their clients face, but also to empower their clients by providing them with the skills they need to succeed. Please consult this Graduate Catalog and the WGSS program advisor for details.

Post-MSW Professional Educator License Graduate Certificate

Interested students who have previously completed a master's in social work degree but wish to obtain a professional educator license with a "school social worker endorsement" from the Illinois State Board of Education (ISBE) may complete the required coursework and a school social work practicum placement. The program is offered part-time over 2 years; the first year consisting solely of coursework and the second year consisting of a 700 hour practicum placement in a school setting with a school social worker and a concurrent seminar course. During the program, students also complete the required social work "content exam" and reading modules, which allows them to be eligible to apply for and obtain licensure from ISBE upon completion of the certificate program. Thus, when all course and field practicum requirements are met, students submit their application to ISBE to receive their "professional educator license (PEL) with a school social work endorsement".

17 total hours are required

3.0 cumulative GPA is required

The required courses must be completed with grades of "C" or better (with the exception of field-related courses, which require a grade of "B" or better or Credit, if graded on a Credit/No Credit scale).

Required courses (17 hours): [SWK 461](https://coursefinder.illinoisstate.edu/swk/461/) (<https://coursefinder.illinoisstate.edu/swk/461/>), [SWK 463](https://coursefinder.illinoisstate.edu/swk/463/) (<https://coursefinder.illinoisstate.edu/swk/463/>), [SWK 491](https://coursefinder.illinoisstate.edu/swk/491/) (<https://coursefinder.illinoisstate.edu/swk/491/>), [SWK 492](https://coursefinder.illinoisstate.edu/swk/492/) (<https://coursefinder.illinoisstate.edu/swk/492/>), [SWK 498.03](https://coursefinder.illinoisstate.edu/swk/498.03/) (<https://coursefinder.illinoisstate.edu/swk/498a03/>), [SWK 498.04](https://coursefinder.illinoisstate.edu/swk/498a04/) (<https://coursefinder.illinoisstate.edu/swk/498a04/>); [SED 411](https://coursefinder.illinoisstate.edu/sed/411/) (<https://coursefinder.illinoisstate.edu/sed/411/>).

Sociology-Anthropology

Programs Offered

M.A. and M.S. degrees in Sociology, M.A. and M.S. degrees in Anthropology, and the Graduate Certificate in Social Aspects of Aging.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Accelerated Master's Degree in Anthropology: High achieving students who graduated with a degree in ISU's Accelerated Anthropology undergraduate program are allowed to apply up to 12 hours of approved graduate courses to both the undergraduate and graduate degrees.

Sociology Program

Degree Offered: M.A., M.S.

The M.A./M.S. degree in Sociology requires a thesis.

Additional requirements for this 38-hour degree include:

- 13 hours: [SOC 440](https://coursefinder.illinoisstate.edu/SOC/440/) (<https://coursefinder.illinoisstate.edu/SOC/440/>), [SOC 466](https://coursefinder.illinoisstate.edu/SOC/466/) (<https://coursefinder.illinoisstate.edu/SOC/466/>), [SOC 471](https://coursefinder.illinoisstate.edu/SOC/471/) (<https://coursefinder.illinoisstate.edu/SOC/471/>), [SOC 472](https://coursefinder.illinoisstate.edu/SOC/472/) (<https://coursefinder.illinoisstate.edu/SOC/472/>), [SOC 493A01](https://coursefinder.illinoisstate.edu/SOC/493A01/) (<https://coursefinder.illinoisstate.edu/SOC/493A01/>)
- 9 hours: Sociology courses at the 400 level, excluding [SOC 400](https://coursefinder.illinoisstate.edu/SOC/400/) (<https://coursefinder.illinoisstate.edu/SOC/400/>), [SOC 498](https://coursefinder.illinoisstate.edu/SOC/498/) (<https://coursefinder.illinoisstate.edu/SOC/498/>), readings
- 4 hours: [SOC 499](https://coursefinder.illinoisstate.edu/SOC/499/) (<https://coursefinder.illinoisstate.edu/SOC/499/>) (master's thesis)

The remaining 12 hours may be taken at the 300 or SOC 400 level and may include up to six hours in related non-sociology courses and up to six hours of Independent Study or Readings with consent of the graduate coordinator.

Graduate Certificate in Anthropology Geographic Information Systems (GIS)

This certificate provides the specialized education and training that students need to understand GIS methodology and technology as applied field of study and data management. This certificate is intended to prepare graduates to meet the growing demand for GIS skills in academic research and other employment.

To earn the certificate students must complete the following:

- 10 hours: [GEO 403](https://coursefinder.illinoisstate.edu/geo/403/) (<https://coursefinder.illinoisstate.edu/geo/403/>), [GEO 404](https://coursefinder.illinoisstate.edu/geo/404/) (<https://coursefinder.illinoisstate.edu/geo/404/>) and [GEO 405](https://coursefinder.illinoisstate.edu/geo/405/) (<https://coursefinder.illinoisstate.edu/geo/405/>)

Graduate Certificate in Social Aspects of Aging

A multidisciplinary program designed to offer a limited number of academically and professionally oriented graduate experiences in aging. The graduate certificate is located within the Department of Sociology and Anthropology in cooperation with the Departments of Family and Consumer Sciences, Psychology, Health Sciences, Communication

Sciences and Disorders and the School of Social Work.

Requirements for this 12-hour certificate include:

- SOC 411 (<https://coursefinder.illinoisstate.edu/SOC/411/>) Seminar in Gerontology (3 hours), to be taken after at least 6 hours of the other elective courses have been completed
- 9 hours of electives from among the gerontology related courses: HSC 494 (<https://coursefinder.illinoisstate.edu/hsc/494/>), PSY 303 (<https://coursefinder.illinoisstate.edu/PSY/303/>), COM 331 (<https://coursefinder.illinoisstate.edu/COM/331/>), FCS 405 (<https://coursefinder.illinoisstate.edu/fcs/405/>), SOC 310 (<https://coursefinder.illinoisstate.edu/SOC/310/>).

Experience in Gerontology: Each student enrolled in the Graduate Certificate in Social Aspects of Aging may negotiate with the certificate advisor in Sociology/Anthropology or the cooperating department for 3 hours of "experience" credit in gerontology. This may include, but is not limited to, SOC 400 (<https://coursefinder.illinoisstate.edu/SOC/400/>).

Independent Study or SOC 498 (<https://coursefinder.illinoisstate.edu/SOC/498/>) Professional Practice in any department/program that is relevant to the Social Aspects of Aging. Each "experience" is expected to involve some focused writing and analysis assignments. This experience should ordinarily be permitted after other courses are completed, including SOC 411 (<https://coursefinder.illinoisstate.edu/SOC/411/>), Seminar in Gerontology. If the experience is of a "selected problems" type, a proposal should be approved by the Graduate Certificate in Social Aspects of Aging advisor no later than the fifth week of the semester.

To be certified for the CPA examination in Illinois, a candidate must successfully completed at least 150 semester hours of acceptable credit and earn a baccalaureate or higher degree. The semester hours accepted by the Board must include an accounting concentration or its equivalent. A candidate will be deemed to have met the education requirement if, as a part of the 150 semester hours of education or equivalent as determined by the Board, he or she has earned a graduate degree with a concentration in accounting from a program that is accredited in accounting by the Association to Advance Collegiate Schools of Business (AACSB). The Master of Science in Accountancy (MSA) and the Integrated Bachelor of Science (BS) Master of Professional Accountancy (MPA) are accredited by the AACSB.

More details on the educational requirements to sit for the CPA examination can be found at <https://www.ilboe.org/> (<https://www.ilboe.org/>).

Business Education

Programs Offered

Master of Science in Business Education.

Admissions Information

The MSBE is a non-licensure degree that assumes an undergraduate knowledge base in business and education which students with undergraduate degrees in business education will normally have acquired. Students admitted with a non-business undergraduate degree may have to complete foundation courses before enrolling in any business graduate course. Specific requirements will be determined by the department chair and the program coordinator. The responsibility for demonstrating prior academic coverage of the material at the appropriate level rests with the student and should be completed at least one month prior to the beginning of the first semester of coursework.

Students with a non-business undergraduate degree should expect to complete foundation courses as required to enter courses that have an MBA designation. Foundation courses may not count as part of the MSBE required courses. Some or all of the foundation courses (up to 17 hours) may be waived based on an individual's previous academic work.

Master of Science in Business Education

Degree Offered: M.S.

This 33-hour program requires:

- 9 hours required core courses from: [MBA 416](https://coursefinder.illinoisstate.edu/mba/416/) (<https://coursefinder.illinoisstate.edu/mba/416/>), [MBA 411](https://coursefinder.illinoisstate.edu/mba/411/) (<https://coursefinder.illinoisstate.edu/mba/411/>), [MBA 430](https://coursefinder.illinoisstate.edu/mba/430/) (<https://coursefinder.illinoisstate.edu/mba/430/>).
- 18 hours from Business Education. Students can choose from: [BE 422](https://coursefinder.illinoisstate.edu/be/422/) (<https://coursefinder.illinoisstate.edu/be/422/>), [BE 430](https://coursefinder.illinoisstate.edu/BE/430/) (<https://coursefinder.illinoisstate.edu/BE/430/>), [BE 454](https://coursefinder.illinoisstate.edu/BE/454/) (<https://coursefinder.illinoisstate.edu/BE/454/>), [BE 462](https://coursefinder.illinoisstate.edu/BE/462/) (<https://coursefinder.illinoisstate.edu/BE/462/>), [BE 465](https://coursefinder.illinoisstate.edu/BE/465/) (<https://coursefinder.illinoisstate.edu/BE/465/>), [BE 480](https://coursefinder.illinoisstate.edu/BE/480/) (<https://coursefinder.illinoisstate.edu/BE/480/>), [BE 482](https://coursefinder.illinoisstate.edu/BE/482/) (<https://coursefinder.illinoisstate.edu/BE/482/>), [BE 400](https://coursefinder.illinoisstate.edu/be/400/) (<https://coursefinder.illinoisstate.edu/be/400/>), [BE 401](https://coursefinder.illinoisstate.edu/BE/401/) (<https://coursefinder.illinoisstate.edu/BE/401/>).

(<https://coursefinder.illinoisstate.edu/be/401/>), BE 402 (<https://coursefinder.illinoisstate.edu/be/402/>), or other courses as approved by department.

- 6 hours of electives from MBA courses or MKT 414 (<https://coursefinder.illinoisstate.edu/mkt/414/>) or hours from 400-level courses in the College of Education.

Repetition of Courses in the MSBE Program

The College of Business only allows students to repeat a course once. Students who earn a “W” grade in either attempt must apply for permission to complete a third enrollment.

Finance, Insurance and Law

Programs Offered

Master of Business Administration

Sequences: Traditional MBA, Corporate MBA (CMBA), Panama MBA

STEM MBA

Master of Business Administration Program

Degree Offered: MBA

The MBA degree assumes an undergraduate knowledge base in business and economics which students with undergraduate degrees in business will normally have acquired.

Students admitted with nonbusiness undergraduate degrees may have to complete Pre-MBA Program courses before enrolling in the MBA core courses. Specific requirements will be determined by the Associate Dean for Academic Programs and Curriculum (hereafter referred to as "Associate Dean"). The responsibility for demonstrating prior academic coverage of the material at the appropriate level rests with the student and should be completed at least one month prior to the beginning of the first semester of course work. Students who have not taken college algebra, economics, accounting, finance, and/or statistics within the past five years are strongly encouraged to take the Pre-MBA Program courses as a refresher prior to their first core course.

Students with a non-business undergraduate degree should expect to complete some or all of the following Pre-MBA Program courses online.

- Fundamentals of Economics
- Financial Accounting

- Business Law Essentials

In addition to any Pre-MBA Program courses required, some or all of which may be waived based on an individual's previous academic work, all MBA candidates must complete one of the following sequences:

Traditional MBA Sequence

36 semester hours required:

- 9 hours of beginning skill core courses: [MBA 411](https://coursefinder.illinoisstate.edu/MBA/411/) (<https://coursefinder.illinoisstate.edu/MBA/411/>), [MBA 412](https://coursefinder.illinoisstate.edu/MBA/412/) (<https://coursefinder.illinoisstate.edu/MBA/412/>), [MBA 416](https://coursefinder.illinoisstate.edu/MBA/416/) (<https://coursefinder.illinoisstate.edu/MBA/416/>)
- 15 hours of central core courses: [MBA 421](https://coursefinder.illinoisstate.edu/MBA/421/) (<https://coursefinder.illinoisstate.edu/MBA/421/>), [MBA 427](https://coursefinder.illinoisstate.edu/MBA/427/) (<https://coursefinder.illinoisstate.edu/MBA/427/>), [MBA 430](https://coursefinder.illinoisstate.edu/MBA/430/) (<https://coursefinder.illinoisstate.edu/MBA/430/>), [MBA 440](https://coursefinder.illinoisstate.edu/MBA/440/) (<https://coursefinder.illinoisstate.edu/MBA/440/>), [MBA 450](https://coursefinder.illinoisstate.edu/MBA/450/) (<https://coursefinder.illinoisstate.edu/MBA/450/>); Students who have successfully completed 12 or more undergraduate semester hours in a required core area may be eligible to substitute a 400-level elective in that area for the required core course.
- 3 hour capstone course: [MBA 485](https://coursefinder.illinoisstate.edu/MBA/485/) (<https://coursefinder.illinoisstate.edu/MBA/485/>)
- 9 hours of 400-level graduate business or other pre-approved elective courses. (Graduate courses at the 300-level may not be taken to fulfill the MBA elective requirements). In consultation with a Master of Business Administration advisor, students can choose from among a wide offering of elective courses to design a Plan of Study. The choice should be congruent with each student's goals. Elective courses are offered based on student demand. Elective courses taken outside the College of Business require prior approval by the Associate Dean and often involve additional course work to fulfill prerequisites.

Corporate MBA Sequence (CMBA)

36 semester hours required:

- 9 hours of beginning skill core courses: [MBA 411](https://coursefinder.illinoisstate.edu/MBA/411/) (<https://coursefinder.illinoisstate.edu/MBA/411/>), [MBA 412](https://coursefinder.illinoisstate.edu/MBA/412/) (<https://coursefinder.illinoisstate.edu/MBA/412/>), [MBA 416](https://coursefinder.illinoisstate.edu/MBA/416/) (<https://coursefinder.illinoisstate.edu/MBA/416/>)
- 15 hours of central core courses: [MBA 421](https://coursefinder.illinoisstate.edu/MBA/421/) (<https://coursefinder.illinoisstate.edu/MBA/421/>), [MBA 427](https://coursefinder.illinoisstate.edu/MBA/427/) (<https://coursefinder.illinoisstate.edu/MBA/427/>), [MBA 430](https://coursefinder.illinoisstate.edu/MBA/430/) (<https://coursefinder.illinoisstate.edu/MBA/430/>), [MBA 440](https://coursefinder.illinoisstate.edu/MBA/440/) (<https://coursefinder.illinoisstate.edu/MBA/440/>), [MBA 450](https://coursefinder.illinoisstate.edu/MBA/450/) (<https://coursefinder.illinoisstate.edu/MBA/450/>)
- 3 hour capstone course: [MBA 485](https://coursefinder.illinoisstate.edu/MBA/485/) (<https://coursefinder.illinoisstate.edu/MBA/485/>)
- 9 hours of 400-level graduate business or other pre-approved elective courses. The CMBA is a cohort program. Students vote to choose which three electives the cohort will take.

Course Limitations

No more than a total of three (3) credits can be counted from any 400 (Independent Study) and 498 (Internship) courses. Exceptions must be approved by the Associate Dean. Credit will not be given for course numbers below 400 (no 300-level graduate course will be counted in a Traditional or Corporate MBA Plan of Study). All core and elective courses must be completed within six years from the time of taking the first core course.

Credit-Hour Limitations for Non-Business Graduate Students

While other graduate programs on campus may require and/or give elective credit for selected MBA courses, non-MBA graduate students will not be permitted to exceed 12 credit hours of MBA course work. Non-business students seeking to enroll in MBA courses will first need to obtain their major advisor's permission to register for classes and then must submit to the MBA Office an online override request form. Permission to enroll is dependent upon space availability in the requested course(s) and prior completion of prerequisites. MBA students will have priority in registration.

Courses

Descriptions of courses leading to the MBA degree are found under the Departments of Finance, Insurance and Law; Management; Marketing; Accounting; and Master of Business Administration.

Repetition of Courses in the MBA Program

A student may register officially for an MBA course (core or elective) only twice. A student who completes a course or drops a course after census day (the tenth day of the semester) may officially enroll in the same course only one additional time.

Teaching and Learning

Programs Offered

M.S. in Teaching and Learning with sequences in Teaching and Learning and Bilingual/ESL, M.S.Ed. in Reading and Literacy, Ed.D. in Teaching and Learning, and Post Baccalaureate Library Information Specialist Certificate.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

M.S. in Teaching and Learning

Degree Offered: M.S.

The M.S. in Teaching and Learning requires either a thesis option or a culminating research experience option. The following sequences are offered.

Teaching and Learning Sequence

This 30-hour degree sequence is designed for current educators that want to deepen their understanding of education and their practice of teaching.

This 30-hour degree program requires:

- 15 hours: TCH 407 (<https://coursefinder.illinoisstate.edu/tch/407/>), TCH 409 (<https://coursefinder.illinoisstate.edu/tch/409/>), TCH 411 (<https://coursefinder.illinoisstate.edu/tch/411/>), TCH 478 (<https://coursefinder.illinoisstate.edu/tch/478/>); EAF 410 (<https://coursefinder.illinoisstate.edu/eaf/410/>)
- 9 hours of an area of concentration design with an advisor. Areas of concentration often include educational technology, literacy, science education, or library information
- 6 hours of research experience: Either TCH 481 (<https://coursefinder.illinoisstate.edu/tch/481/>) and TCH 482 (<https://coursefinder.illinoisstate.edu/tch/482/>) or 6 hours TCH 499 (<https://coursefinder.illinoisstate.edu/tch/499/>) (Thesis)

Bilingual/ESL Sequence

This 30-hour degree sequence is designed for current educators that want to deepen their understanding of education and their practice in teaching bilingual and/or ESL students. Program completion would complete the coursework needed for the Bilingual or ESL endorsement for the Illinois State Board of Education.

This 30-hour degree program requires:

- 18 hours: [TCH 409](https://coursefinder.illinoisstate.edu/tch/409/) (<https://coursefinder.illinoisstate.edu/tch/409/>), [TCH 419](https://coursefinder.illinoisstate.edu/tch/419/) (<https://coursefinder.illinoisstate.edu/tch/419/>), [TCH 420](https://coursefinder.illinoisstate.edu/tch/420/) (<https://coursefinder.illinoisstate.edu/tch/420/>), [TCH 424](https://coursefinder.illinoisstate.edu/tch/424/) (<https://coursefinder.illinoisstate.edu/tch/424/>), [TCH 498](https://coursefinder.illinoisstate.edu/tch/498/) (<https://coursefinder.illinoisstate.edu/tch/498/>)AXX, and [ENG 341](https://coursefinder.illinoisstate.edu/eng/341/) (<https://coursefinder.illinoisstate.edu/eng/341/>) (ESL) or [TCH 427](https://coursefinder.illinoisstate.edu/tch/427/) (<https://coursefinder.illinoisstate.edu/tch/427/>) (Bilingual)
- 3 hours: Elective (preferably from TCH)
- 9 hours of research experience: [EAF 410](https://coursefinder.illinoisstate.edu/eaf/410/) (<https://coursefinder.illinoisstate.edu/eaf/410/>) and either [TCH 481](https://coursefinder.illinoisstate.edu/tch/481/) (<https://coursefinder.illinoisstate.edu/tch/481/>) and [TCH 482](https://coursefinder.illinoisstate.edu/tch/482/) (<https://coursefinder.illinoisstate.edu/tch/482/>) or 6 hours [TCH 499](https://coursefinder.illinoisstate.edu/tch/499/) (<https://coursefinder.illinoisstate.edu/tch/499/>) (Thesis)

M.S. Ed. in Reading and Literacy Program

Degree Offered: M.S.Ed.

This 36-hour degree program requires:

- 27 hours: [TCH 452](https://coursefinder.illinoisstate.edu/TCH/452/) (<https://coursefinder.illinoisstate.edu/TCH/452/>), [TCH 455](https://coursefinder.illinoisstate.edu/tch/455/) (<https://coursefinder.illinoisstate.edu/tch/455/>), [TCH 462](https://coursefinder.illinoisstate.edu/TCH/462/) (<https://coursefinder.illinoisstate.edu/TCH/462/>), [TCH 463](https://coursefinder.illinoisstate.edu/TCH/463/) (<https://coursefinder.illinoisstate.edu/TCH/463/>), [TCH 464](https://coursefinder.illinoisstate.edu/TCH/464/) (<https://coursefinder.illinoisstate.edu/TCH/464/>), [TCH 465](https://coursefinder.illinoisstate.edu/TCH/465/) (<https://coursefinder.illinoisstate.edu/TCH/465/>), [TCH 467](https://coursefinder.illinoisstate.edu/TCH/467/) (<https://coursefinder.illinoisstate.edu/TCH/467/>), [TCH 471](https://coursefinder.illinoisstate.edu/TCH/471/) (<https://coursefinder.illinoisstate.edu/TCH/471/>), [TCH 474](https://coursefinder.illinoisstate.edu/TCH/474/) (<https://coursefinder.illinoisstate.edu/TCH/474/>)
- 6 hours of professional capstone course sequence on literacy coaching ([TCH 456](https://coursefinder.illinoisstate.edu/tch/456/) (<https://coursefinder.illinoisstate.edu/tch/456/>) and [TCH 466](https://coursefinder.illinoisstate.edu/tch/466/) (<https://coursefinder.illinoisstate.edu/tch/466/>))
- 3 hours of electives

Doctor of Education in Teaching and Learning Program

Degree Offered: Ed.D.

This 66-hour degree requires:

- 21 hours: [TCH 501](https://coursefinder.illinoisstate.edu/TCH/501/) (<https://coursefinder.illinoisstate.edu/TCH/501/>), [TCH 562](https://coursefinder.illinoisstate.edu/TCH/562/) (<https://coursefinder.illinoisstate.edu/TCH/562/>), [TCH 564](https://coursefinder.illinoisstate.edu/tch/564/) (<https://coursefinder.illinoisstate.edu/tch/564/>), [TCH 574](https://coursefinder.illinoisstate.edu/tch/574/) (<https://coursefinder.illinoisstate.edu/tch/574/>), [TCH 576](https://coursefinder.illinoisstate.edu/TCH/576/) (<https://coursefinder.illinoisstate.edu/TCH/576/>), [TCH 579](https://coursefinder.illinoisstate.edu/tch/579/) (<https://coursefinder.illinoisstate.edu/tch/579/>), [TCH 580](https://coursefinder.illinoisstate.edu/TCH/580/) (<https://coursefinder.illinoisstate.edu/TCH/580/>).
- 15 hours: of an area of concentration: (could include [TCH 500](https://coursefinder.illinoisstate.edu/tch/500/) (<https://coursefinder.illinoisstate.edu/tch/500/>), Independent Study and/or [TCH 598](https://coursefinder.illinoisstate.edu/tch/598/) (<https://coursefinder.illinoisstate.edu/tch/598/>) Professional Practice) courses selected with the assistance of an advisor based on student area of interest
- 15 hours of research methods: [EAF 415](https://coursefinder.illinoisstate.edu/eaf/415/) (<https://coursefinder.illinoisstate.edu/eaf/415/>), [EAF 508](https://coursefinder.illinoisstate.edu/eaf/508/) (<https://coursefinder.illinoisstate.edu/eaf/508/>), or [EAF 509](https://coursefinder.illinoisstate.edu/eaf/509/) (<https://coursefinder.illinoisstate.edu/eaf/509/>); [TCH 533](https://coursefinder.illinoisstate.edu/tch/533/) (<https://coursefinder.illinoisstate.edu/tch/533/>), [TCH 536](https://coursefinder.illinoisstate.edu/tch/536/) (<https://coursefinder.illinoisstate.edu/tch/536/>), [TCH 595A13](https://coursefinder.illinoisstate.edu/tch/595a13/) (<https://coursefinder.illinoisstate.edu/tch/595a13/>), and [TCH 595A14](https://coursefinder.illinoisstate.edu/tch/595a14/) (<https://coursefinder.illinoisstate.edu/tch/595a14/>).

- Other university requirements for Ed.D. degrees are listed elsewhere in this catalog.

Scholarly Development Requirement (in lieu of Residency Requirement): A doctoral student is expected to work with one or more faculty scholar/mentors to demonstrate scholarly development as a joint or single author. This demonstration is to be completed after 18 semester hours of coursework and prior to undertaking the comprehensive doctoral examination. The demonstration of scholarly development may take the form of, but is not limited to, one of the following: prepare and submit a manuscript for publication; prepare and deliver a conference paper or presentation or prepare and submit a grant proposal for funding. Such scholarly work should be directed to at least a statewide audience.

Endorsing Teaching Certificates

Reading Teacher

The Illinois State Board of Education has identified six areas of study required of all teachers whose major teaching assignment is reading. All teachers assigned departmentalized responsibility in reading or language arts must meet this 24-semester hour requirement. The M.S.Ed. in Reading Program offers all coursework leading to the endorsement of a reading teacher.

Reading Specialist

Coursework leading to the Reading Specialist is offered in the M.S.Ed. in Reading and Literacy Program. The program leading to the K-12 Reading Specialist Certificate requires the completion of 36 semester hours in reading and related educational areas. Students working on the Reading Specialist must first have a current teaching certificate. Other

requirements, including any tests required for certification, can be found at the Teaching and Learning website.

Post-Baccalaureate Graduate Certificate in Library Information Specialist

The Post-Baccalaureate Library Information Specialist Certificate provides 18 hours of coursework that prepares teachers to work in school libraries. The program is available to certified teachers and to students who have completed the bachelor's degree and are working on their initial certification. It is designed to help students receive endorsement as Library Information Specialist and to pass the Illinois content area examination. The course of study requires satisfactory completion of the following courses: [TCH 416 \(https://coursefinder.illinoisstate.edu/TCH/416/\)](https://coursefinder.illinoisstate.edu/TCH/416/), [TCH 440 \(https://coursefinder.illinoisstate.edu/TCH/440/\)](https://coursefinder.illinoisstate.edu/TCH/440/), [TCH 442 \(https://coursefinder.illinoisstate.edu/TCH/442/\)](https://coursefinder.illinoisstate.edu/TCH/442/), [TCH 445 \(https://coursefinder.illinoisstate.edu/TCH/445/\)](https://coursefinder.illinoisstate.edu/TCH/445/), [TCH 449 \(https://coursefinder.illinoisstate.edu/TCH/449/\)](https://coursefinder.illinoisstate.edu/TCH/449/) and [TCH 454 \(https://coursefinder.illinoisstate.edu/TCH/454/\)](https://coursefinder.illinoisstate.edu/TCH/454/). Some of these courses may apply as electives to a degree program. Information on admission is available from the School of Teaching and Learning.

Cecilia J. Lauby Teacher Education Center

Mennonite College of Nursing

Programs Offered

M.S. in Nursing with sequences in Family Nurse Practitioner and Leadership and Management

Doctor of Nursing Practice (D.N.P.) with sequences in Leadership, Family Nurse Practitioner, and Post-Master's DNP

Ph.D. in Nursing with sequences in B.S.N. to Ph.D. and Post-Master's Ph.D.

Family Nurse Practitioner Post-Master's Certificate; Psychiatric Mental Health Nurse Practitioner Post-Master's Certificate; and School Nurse Graduate Certificate.

Accreditation

The Master of Science in Nursing program, post-graduate APRN certificate program, and the Doctor of Nursing Practice program at Illinois State University Mennonite College of Nursing are fully accredited by the Commission on Collegiate Nursing Education (CCNE), (<http://www.ccneaccreditation.org>).

Master of Science in Nursing Program

Degree Offered: M.S.N.

The Master of Science in Nursing is distributed among core, support, and nursing specialty courses. 34-44 semester hour program (depending on sequence chosen).

All students must successfully complete a synthesis project within the specified capstone course from each sequence. NUR 477 (<https://coursefinder.illinoisstate.edu/NUR/477/>) is the capstone course identified for the Family Nurse Practitioner sequence, NUR 483 (<https://coursefinder.illinoisstate.edu/NUR/483/>) is the capstone course identified for

the Leadership and Management (NLM) sequence. Those students interested in research and doctoral study may choose to complete a thesis that would result in additional degree hours.

The master's program is developed based on nationally recognized standards for graduate education in nursing. All courses applied toward the degree must be completed at the 400 level or above. In order to maintain clinical proficiency, students who have completed the final practicum course for their enrolled sequence but who do not meet the requirements for graduation must enroll in ongoing practicum independent study ([NUR 400 \(https://coursefinder.illinoisstate.edu/NUR/400/\)](https://coursefinder.illinoisstate.edu/NUR/400/)) until graduation. A contract outlining the specific requirements for the Independent Study will be developed between the Director of Graduate Programs and the student.

Mennonite College of Nursing requires that any student receiving a grade of C or below in graduate coursework must repeat the course. Multiple enrollments allowed for a maximum of 3 semester hours.

Family Nurse Practitioner (FNP) Sequence

This 44-hour blended curriculum sequence requires:

- 12 hour core: [NUR 401 \(https://coursefinder.illinoisstate.edu/NUR/401/\)](https://coursefinder.illinoisstate.edu/NUR/401/), [NUR 405 \(https://coursefinder.illinoisstate.edu/NUR/405/\)](https://coursefinder.illinoisstate.edu/NUR/405/), [NUR 407 \(https://coursefinder.illinoisstate.edu/nur/407/\)](https://coursefinder.illinoisstate.edu/nur/407/), and [NUR 511 \(https://coursefinder.illinoisstate.edu/nur/511/\)](https://coursefinder.illinoisstate.edu/nur/511/).
- 9 hours support courses: [NUR 431 \(https://coursefinder.illinoisstate.edu/NUR/431/\)](https://coursefinder.illinoisstate.edu/NUR/431/), [NUR 433 \(https://coursefinder.illinoisstate.edu/NUR/433/\)](https://coursefinder.illinoisstate.edu/NUR/433/), and [NUR 437 \(https://coursefinder.illinoisstate.edu/NUR/437/\)](https://coursefinder.illinoisstate.edu/NUR/437/).
- 23 hours specialty courses: [NUR 471 \(https://coursefinder.illinoisstate.edu/NUR/471/\)](https://coursefinder.illinoisstate.edu/NUR/471/), [NUR 471a01 \(https://coursefinder.illinoisstate.edu/nur/471a01/\)](https://coursefinder.illinoisstate.edu/nur/471a01/), [NUR 473 \(https://coursefinder.illinoisstate.edu/NUR/473/\)](https://coursefinder.illinoisstate.edu/NUR/473/), [NUR 473a01 \(https://coursefinder.illinoisstate.edu/nur/473a01/\)](https://coursefinder.illinoisstate.edu/nur/473a01/), [NUR 475 \(https://coursefinder.illinoisstate.edu/NUR/475/\)](https://coursefinder.illinoisstate.edu/NUR/475/), [NUR 475a01 \(https://coursefinder.illinoisstate.edu/nur/475a01/\)](https://coursefinder.illinoisstate.edu/nur/475a01/), and [NUR 477 \(https://coursefinder.illinoisstate.edu/nur/477/\)](https://coursefinder.illinoisstate.edu/nur/477/), [NUR 477a01 \(https://coursefinder.illinoisstate.edu/nur/477a01/\)](https://coursefinder.illinoisstate.edu/nur/477a01/); the 5 family nurse practitioner courses ([NUR 431 \(https://coursefinder.illinoisstate.edu/NUR/431/\)](https://coursefinder.illinoisstate.edu/NUR/431/), [NUR 471 \(https://coursefinder.illinoisstate.edu/NUR/471/\)](https://coursefinder.illinoisstate.edu/NUR/471/), [NUR 473 \(https://coursefinder.illinoisstate.edu/NUR/473/\)](https://coursefinder.illinoisstate.edu/NUR/473/), [NUR 475 \(https://coursefinder.illinoisstate.edu/NUR/475/\)](https://coursefinder.illinoisstate.edu/NUR/475/), and [NUR 477 \(https://coursefinder.illinoisstate.edu/NUR/477/\)](https://coursefinder.illinoisstate.edu/NUR/477/)) must be taken in sequential order and in consecutive academic terms

Graduates of the program will be eligible to take the certification exam for Family Nurse Practitioners offered through the American Nurses Credentialing Center (ANCC) and the American Academy of Nurse Practitioners Certification Board (AANPCB).

Leadership and Management Sequence

This 34-hour fully online sequence requires:

Doctor of Nursing Practice Program

Degree Offered: D.N.P.

The DNP program is based on national expectations and competencies for graduates of DNP programs as stated by the American Association of Colleges of Nursing. There are two entry points to the DNP program. Students admitted with a Bachelor of Science in nursing (BSN) degree will be required to complete up to 78 semester hours depending on the sequence selected. Students admitted with a Master of Science in nursing (MSN) degree will be required to complete a minimum of 34 semester hours beyond the master's degree. For students with an MSN who completed the MCN NSA/NLM sequence, advanced standing credits may be transferred from the NSA/NLM degree. Advanced standing credit will only be granted for courses completed within five years of admission to the doctoral professional practice program. All courses applied to the degree must be completed at the graduate level. Mennonite College of Nursing requires that any student receiving a grade of C or below in graduate coursework must repeat the course. Students may repeat a maximum of 3 semester hours.

A student with a BSN degree will be able to complete the DNP degree in 4 to 5 years depending on the sequence selected. Prerequisites to the DNP curriculum for applicants with a BSN degree include:

- BSN degree from a CCNE (Commission on Collegiate Nursing Education) or an NLN (National League for Nursing)-accredited program
- Minimum grade point average of 3.0 on a 4.0 scale for the last 60 semester hours of undergraduate coursework; to include courses in which the student is currently enrolled
- Evidence of satisfactory completion of statistics, nursing research, and physical assessment courses with a grade of a C or better at the baccalaureate level

A student with a MSN degree will be able to complete the DNP degree in a minimum of **seven (7) semesters of study**. Prerequisites to the DNP curriculum for applicants with a MSN degree include:

- MSN degree from a CCNE or NLN-accredited program
- A minimum grade point average of 3.0 for the last 30 hours of graduate or 60 hours of undergraduate coursework; to include courses in which the student is currently enrolled
- Certified and licensed as an advanced practice nurse (certified nurse practitioner, certified clinical nurse specialist, certified nurse midwife, certified registered nurse anesthetist) or have completed a master's degree program in nursing administration/leadership. Other MSN specialties will be considered.
- A graduate level epidemiology course, a graduate level theory course, a graduate level research course, and a master's level statistics course
- Completion of 640 post-BSN clinical hours. Students who do not meet the prerequisite postBSN clinical hours

will be required to register for NUR 560 (<https://coursefinder.illinoisstate.edu/NUR/560/>). Advanced Nursing Practice Experience.

All applicants will be evaluated individually based on prior educational work as well as current experience. Their programs of study will be designed to include additional coursework, if necessary, to position them to achieve the educational objectives of the curriculum.

DNP Leadership and Management Sequence

This 64-semester hour fully online sequence requires:

- 27 hours of core courses: NUR 401 (<https://coursefinder.illinoisstate.edu/NUR/401/>), NUR 405 (<https://coursefinder.illinoisstate.edu/NUR/405/>), NUR 407 (<https://coursefinder.illinoisstate.edu/NUR/407/>), NUR 451 (<https://coursefinder.illinoisstate.edu/NUR/451/>), NUR 509 (<https://coursefinder.illinoisstate.edu/NUR/509/>), NUR 511 (<https://coursefinder.illinoisstate.edu/NUR/511/>), NUR 562 (<https://coursefinder.illinoisstate.edu/NUR/562/>), NUR 564 (<https://coursefinder.illinoisstate.edu/NUR/564/>), NUR 565 (<https://coursefinder.illinoisstate.edu/NUR/565/>).

- A minimum of 1,000 clinical hours postbaccalaureate degree

The Illinois State University residency requirement will be followed and may be fulfilled in the following ways:

DNP students meet the residency requirement upon successful completion of [NUR 543](https://coursefinder.illinoisstate.edu/NUR/543/)

(<https://coursefinder.illinoisstate.edu/NUR/543/>) and [NUR 550](https://coursefinder.illinoisstate.edu/NUR/550/) (<https://coursefinder.illinoisstate.edu/NUR/550/>) taken

in their final fall semester of the program followed by successful completion of [NUR 545](https://coursefinder.illinoisstate.edu/NUR/545/)

(<https://coursefinder.illinoisstate.edu/NUR/545/>) and [NUR 552](https://coursefinder.illinoisstate.edu/NUR/552/) (<https://coursefinder.illinoisstate.edu/NUR/552/>) in their

final spring semester. These two semesters are completed consecutively and in sequence according to prerequisites.

Doctor of Philosophy in Nursing Program

Degree Offered: Ph.D.

The Doctor of Philosophy in Nursing program consists of 75 credit hours beyond the baccalaureate degree or 63 credit hours beyond the master's degree. This program primarily consists of online asynchronous course work with some online synchronous sessions most semesters. The Doctor of Philosophy degree prepares nurse researchers to serve the public health by designing and conducting research on relevant clinical, educational, health systems and/or health policy topics.

There are two entry points to the PhD program. In the BSN to PhD sequence, students admitted with a Bachelor of Science in nursing (BSN) degree will be required to complete a minimum of 75 credit hours. In the post master's PhD sequence, students admitted with a BSN and a Master of Science (in nursing or other related area) degree will be required to complete a minimum of 63 credit hours. All courses applied to the degree must be completed at the graduate level. Mennonite College of Nursing requires that any student receiving a grade of C or below in graduate coursework must repeat the course. Students may repeat a maximum of 3 credit hours.

A student with a BSN degree will be able to complete the PhD degree in 4 years. Prerequisites to the PhD curriculum for applicants with a BSN degree include:

BSN degree from a CCNE (Commission on Collegiate Nursing Education) or an ACEN (Accreditation Commission for Education in Nursing) accredited program

Minimum grade point average of 3.0 on a 4.0 scale for the last 60 semester hours of undergraduate coursework; this includes courses in which the student is currently enrolled

Evidence of satisfactory completion of statistics and nursing research, with a grade of a C or better at the baccalaureate level

A student with a BSN and a master's degree in nursing or a related field will be able to complete the 63 credit hours required for a PhD degree in a minimum of 3 years. A master's level statistics course or completion of the MCN statistics proficiency exam with a minimum score of 80% is required. Prerequisites to the post master's PhD sequence include:

MSN degree from a CCNE or ACEN-accredited program, or a master's degree in a related field

A minimum grade point average of 3.0 for the last 30 hours of graduate or 60 hours of undergraduate coursework; this includes courses in which the student is currently enrolled.

Mennonite College of Nursing requires that any student receiving a grade of C or below in graduate coursework must repeat the course. Multiple enrollments allowed for a maximum of 3 semester hours.

Family Nurse Practitioner Post-Master's Certificate

Coursework for the Family Nurse Practitioner (FNP) post-master's certificate is determined for each student following an assessment of the applicant's graduate nursing education transcript. Candidates for the post-master's FNP certificate are required to complete a minimum of 26 credits in Mennonite College of Nursing at Illinois State University, including [NUR 431 \(https://coursefinder.illinoisstate.edu/NUR/431/\)](https://coursefinder.illinoisstate.edu/NUR/431/) and 23 hours of specialty courses in the FNP sequence.

School Nurse Graduate Certificate

The School Nurse Graduate Certificate program is a fully online 10 credit hour certificate that meets the Illinois State Board of Education certified Professional Educator License (PEL) and certified school nurses requirements. The certificate will be a full-cost recovery, post baccalaureate program open to school nurses with an unencumbered Illinois Registered Nurse license and 2 years of relevant nursing experience. Theory courses will be offered in the summer followed by a 3 credit hour clinical practicum during the fall semester.

10 total hours are required to complete this graduate certificate.

3.00 GPA or above is required to graduate with this graduate certificate

- Required courses (10 hours): [NUR 416 \(https://coursefinder.illinoisstate.edu/NUR/416/\)](https://coursefinder.illinoisstate.edu/NUR/416/), [NUR 417 \(https://coursefinder.illinoisstate.edu/NUR/417/\)](https://coursefinder.illinoisstate.edu/NUR/417/), [NUR 418 \(https://coursefinder.illinoisstate.edu/NUR/418/\)](https://coursefinder.illinoisstate.edu/NUR/418/)

Psychiatric Mental Health Nurse Practitioner Post-Master's Certificate

The Psychiatric Mental Health Nurse Practitioner (PMHNP) post-master's certificate program consists of 24 credit hours of specialty coursework and 540 clinical hours. Specialty PMHNP courses are fully online. Program applicants must 1) hold an unencumbered advanced practice registered nurse license in the state in which they will perform clinical, and 2) be nationally certified as a family nurse practitioner.

Coursework for the PMHNP post-master's certificate is determined for each student following an assessment of the applicant's previously completed graduate nursing courses. Candidates for the PMHNP post-master's certificate are required to complete all 24 credits of the PMHNP specialty courses at Mennonite College of Nursing at Illinois State University. Applicants should refer to the Mennonite College of Nursing website for detailed information related to program plan of study and admission requirements.

Mennonite College of Nursing requires that any student receiving a grade of C or below in graduate coursework must repeat the course. Students may repeat a maximum of 3 semester hours. A 3.0 GPA or above is required to graduate with this certificate. Graduates of the program will be eligible to take the certification exam for Psychiatric Mental Health Nurse Practitioners offered through the American Nurses Credentialing Center (ANCC).

The PMHNP post-master's certificate includes the following requirements:

- 24 hours of specialty courses: [NUR 420 \(https://coursefinder.illinoisstate.edu/nur/420/\)](https://coursefinder.illinoisstate.edu/nur/420/), [NUR 421 \(https://coursefinder.illinoisstate.edu/nur/421/\)](https://coursefinder.illinoisstate.edu/nur/421/), [NUR 422 \(https://coursefinder.illinoisstate.edu/nur/422/\)](https://coursefinder.illinoisstate.edu/nur/422/), [NUR 422a01 \(https://coursefinder.illinoisstate.edu/nur/422a01/\)](https://coursefinder.illinoisstate.edu/nur/422a01/), [NUR 423 \(https://coursefinder.illinoisstate.edu/nur/423/\)](https://coursefinder.illinoisstate.edu/nur/423/), [NUR 423a01 \(https://coursefinder.illinoisstate.edu/nur/423a01/\)](https://coursefinder.illinoisstate.edu/nur/423a01/)

The College offers the following degrees at the graduate level:

- Master of Science (M.S.) in Art, Theatre Studies, or Creative Technologies
- Master of Arts (M.A.) in Art or Theatre Studies
- Master of Fine Arts (M.F.A.) in Art or Theatre
- Master of Music (M.M.)
- Master of Music Education (M.M.E.)

The degree programs provide a flexible curricula for a variety of student talents and research interests.

Art

Programs Offered

M.A., in Art with a sequence in Visual Culture; M.S. in Art with sequence in Art Education; M.F.A. in Art.

Art Program

Degree Offered: M.A, M.S.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

M.A. in Art—Sequence in Visual Culture

This 32-hour sequence requires:

- 9 hour core: [ART 475](https://coursefinder.illinoisstate.edu/ART/475/) (<https://coursefinder.illinoisstate.edu/ART/475/>), [ART 478](https://coursefinder.illinoisstate.edu/ART/478/) (<https://coursefinder.illinoisstate.edu/ART/478/>), and [ART 497](https://coursefinder.illinoisstate.edu/ART/497/) (<https://coursefinder.illinoisstate.edu/ART/497/>)
- 9 hours: coursework in art history and/or visual culture
- 9 hours: in related field(s) outside the Wonsook Kim School of Art (history, literature, anthropology, etc.)
- 4-6 hours: Thesis work ([ART 499](https://coursefinder.illinoisstate.edu/ART/499/) (<https://coursefinder.illinoisstate.edu/ART/499/>))
- Pass a comprehensive exam
- Meets the language requirements for a Master of Arts degree
- A candidate for the degree must spend at least one full term in residence in order to qualify for the degree. A full term may be interpreted as one semester with a class load of 9-15 hours, or a summer session with a class load of 6-9 hours.
- Students who have not satisfied the language requirement for an M.A. before entering the program must do so by the commencement of the third semester (or, for part-time students, with the acquisition of the equivalent number of semester hours) while pursuing the program.

M.S. in Art—Sequence in Art Education

Licensed art educators may pursue their master's degree on a full-time or part-time basis.

This 32-hour sequence requires:

- 9 hour core: two (6 credit hours) art history_grad-level courses, [ART 497](https://coursefinder.illinoisstate.edu/ART/497/) (<https://coursefinder.illinoisstate.edu/ART/497/>)
- 9 hours: [ART 401](https://coursefinder.illinoisstate.edu/ART/401/) (<https://coursefinder.illinoisstate.edu/ART/401/>), [ART 402](https://coursefinder.illinoisstate.edu/ART/402/) (<https://coursefinder.illinoisstate.edu/ART/402/>), [ART 403](https://coursefinder.illinoisstate.edu/ART/403/) (<https://coursefinder.illinoisstate.edu/ART/403/>)

- 8 hours of electives
- 6 hour thesis or 6 additional hours of electives plus a comprehensive exam

Art Education plus Initial Licensure

Students with a bachelor's degree in studio art can pursue their master's degree while working toward initial licensure in Illinois State University's Initial Licensure program.

This track takes 5-6 semesters, which includes a semester of student teaching and either the completion of a comprehensive exam or a semester dedicated to thesis writing. Coursework for initial licensure and master's degree are taken concurrently.

This 32-hour sequence requires:

Please refer to the art teacher licensure requirements in the Undergraduate Catalog.

- 9 hour core: two (6 credit hours) art history_grad-level courses , ART 497 (<https://coursefinder.illinoisstate.edu/ART/497/>).
- 9 hours: ART 401 (<https://coursefinder.illinoisstate.edu/ART/401/>), ART 402 (<https://coursefinder.illinoisstate.edu/ART/402/>), ART 403 (<https://coursefinder.illinoisstate.edu/ART/403/>).
- 8 hours of electives
- 6 hour thesis or 6 additional hours of electives plus a comprehensive exam

Master of Fine Arts (M.F.A.) Program

Degree Offered: M.F.A.

The Master of Fine Arts in Art is a 60-hour program that emphasizes both theory and practice in the production, history, and teaching of the visual arts. Candidates will be expected to demonstrate artistic proficiency in at least one of the following disciplines: painting and drawing, sculpture and expanded media, printmaking, video, ceramics, photography, or glass. Candidates will also be expected to demonstrate proficiency in written and oral communication.

Students may also engage in an internship or apprenticeship. This may take the form of a guided teaching experience or work in a professional area related to the student's area of interest. The exact nature of this experience will be worked out through counseling between the major advisor and the student and will be tailored to best suit the needs of each student. This project will be subject to approval of the student's graduate committee and the School Director.

It should be understood that the accumulation of 60 semester credit hours is not the primary criterion in evaluating a student's final achievement. The primary criterion in the evaluation of the MFA degree will be a Thesis Exhibition which demonstrates intellectual maturity and artistic proficiency in the student's major studio area. In addition to the Thesis

Exhibition, the MFA degree requires the completion of a Thesis Supportive Statement, which is a critical essay that focuses on the student's studio work, its development, and its cultural and historical references. The M.F.A. Candidate will be required to pass an oral defense.

This 60-hour degree program requires:

- 36 semester hours must be taken in the Wonsook Kim School of Art, of these at least 24 must be at the 400 level
- 24 semester hours must be in the student's major studio area, of these at least 18 must be at the 400 level
- Of the total required 60 hours, 12 semester hours must be taken in art history, or nine hours may be taken in art history with three hours in related areas such as aesthetics, philosophy, or anthropology, or ART 494 (<https://coursefinder.illinoisstate.edu/ART/494/>). MFA Seminar
- 3 hours: ART 494 (<https://coursefinder.illinoisstate.edu/ART/494/>). MFA Seminar. Taking the MFA Seminar to satisfy Art History requirements does not substitute for this requirement (494 is included within the 36 hours)
- 6 hours: ART 496 (<https://coursefinder.illinoisstate.edu/ART/496/>). M.F.A. Exhibition and Supportive Statement. This will involve a comprehensive exhibition of studio work, an exhibition-related written project, and a comprehensive oral examination. A candidacy review must take place before a student can enroll in ART 496 (<https://coursefinder.illinoisstate.edu/ART/496/>) or schedule the MFA exhibition and must include approval of proposal for the supportive statement. (496 is included within the 36 hours.)

The School reserves the right to keep images of original work produced by graduate students for educational and archival purposes.

Music

Programs Offered

M.M.Ed. and the M.M. with sequences in: Collaborative Piano, Composition, Conducting, Music Therapy, String Pedagogy, Jazz Performance and Performance.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Master of Music (M.M.) Program

Degree Offered: M.M.

Graduate Proficiency Examinations

At the beginning of their first semester of enrollment, all new graduate music students must take proficiency examinations in music theory and music history/literature. Students who do not take the Graduate Proficiency Exam in Music History/Literature must enroll in undergraduate music history courses. Students who do not pass the Graduate Proficiency Exam in Music History/Literature must complete remediation assigned by the Music History faculty or retake the exam within a calendar year of the first attempt. Students who choose to retake the exam and do not pass must then complete remediation assigned by the Music History faculty. Remediation may include enrollment in one or more undergraduate music history courses, or an alternate remediation as assigned by the faculty. Students who do not pass or do not take the Graduate Proficiency Exam in Music Theory must complete remediation assigned by the Music Theory faculty.

Ensemble Requirement

All Music graduate students who are full-time and in-residence Music majors are required to enroll and perform in a faculty-conducted ensemble for a minimum of two semesters. The choice of ensemble must be approved by the ensemble director and the applied studio faculty. Additional ensembles may be taken with the approval of the ensemble director, the applied faculty, and the Music Graduate Coordinator. The ensemble requirement may be waived for summers-only students or part-time students with the approval of the advisor and the Graduate Coordinator. All graduate assistants must be enrolled in a major ensemble related to their primary applied area each semester that they hold an assistantship.

Chamber Music

All students pursuing the M.M. Performance Sequence are encouraged to enroll in a Chamber Music Ensemble ([MUS 439](https://coursefinder.illinoisstate.edu/MUS/439/) (<https://coursefinder.illinoisstate.edu/MUS/439/>)) for a minimum of one semester.

Academic Advisor

All new graduate students must meet with the Music Graduate Coordinator/Graduate Advisor during the first two weeks of their first semester and submit a Plan of Study, which is a requirement for degree completion.

Collaborative Piano Sequence

This 35-hour sequence requires:

All master's degree programs require a minimum of 50% of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Master of Arts in Theatre Studies Program

Degree Offered: M.A.

This 36-hour degree program requires:

- completion of the requirements outlined above
- The student must have either earned credit for a minimum of two years of a foreign language at the college level, or must demonstrate a reading knowledge of a foreign language. This latter requirement is met by passing an examination administered by the appropriate foreign language faculty or a reading language proficiency test. All master's degree programs require a minimum of 50% of the non-thesis credit hours applied to the degree to be 400-level courses or above.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Master of Fine Arts Program

Degree Offered: M.F.A.

Students will be admitted into one of the following concentrations:

- Design (60 hours of study) Students in Design should select one of the following focus areas: Costume Design, Lighting Design, or Scenic Design
- Directing (60 hours of study)

The following courses are required:

- THE 501 (<https://coursefinder.illinoisstate.edu/THE/501/>) during each semester of study
- THE 491 (<https://coursefinder.illinoisstate.edu/THE/491/>) and THE 492 (<https://coursefinder.illinoisstate.edu/THE/492/>)
- 9 additional hours of history, literature, or criticism/theory
- 3 hours of college teaching, or equivalent experience

Course selection and plans of study will guide a majority of coursework completed in the student's studio area. A maximum of one year may be taken in an off-campus internship program.

All master's degree programs require a minimum of 50 percent of the non-thesis credit hours applied to the degree to be 400-level courses or above.

Academic Advisors

An advisory committee will be assigned upon admission. The School Director, in consultation with the student and faculty whom the Director deems appropriate, will select the candidate's portfolio committee. The portfolio committee chair must come from the student's studio area.

Transfer Credit

A student who does not have an earned master's degree usually may present no more than six semester hours of credit from another college or university for use in meeting the requirements of the M.F.A. degree. However, a student may present all earned hours from an M.A./M.S. program in Theatre Studies at Illinois State University for use in

meeting these requirements.

The total hours required for a student with an earned master's degree will be based on an evaluation of the student's portfolio and academic record. However, the final determination will not be made until the student has completed a minimum of six semester hours in his/her major area of emphasis. The student's M.F.A. committee will supervise all evaluations. Refer to M.F.A. Transfer Credit in the Fields of Study and Degrees Granted section.

A minimum of 32 hours must be taken at Illinois State University

Residency Requirement

A student without an earned master's degree must complete a residency requirement of at least four semesters with at least two of them being full-time, consecutive semesters. A student with an earned master's degree must complete a residency requirement of at least two full-time, consecutive semesters. Summer session may be counted toward the two consecutive semester requirement.

The M.F.A. Portfolio

Each semester of enrollment the M.F.A. candidate will enroll in THE 501 (<https://coursefinder.illinoisstate.edu/THE/501/>), M.F.A. Portfolio, for one hour credit. The portfolio is the backbone of the Master of Fine Arts program. It is designed to ensure the regular and systematic evaluation of the student's progress. The portfolio is a collection of materials, including examples of the student's work where appropriate, reviews, evaluations and other artifacts, which may record or characterize the student's experience in the program. The portfolio also contains the student's responses to evaluations as well as statements from the Portfolio Committee which provide direction for the student's future work in the program.

The student must have a portfolio evaluation for each full semester he or she is in the program. The written results of that evaluation are included in the portfolio. The portfolio provides a cumulative record of the student's progress which is carried over from semester to semester.

Finally, the portfolio, with its record of the student's activities in the program, provides the major objective basis for awarding the degree. Although the student may engage in major creative projects during his or her program, the portfolio stands in lieu of the traditional thesis or creative thesis project which is the culminating experience in many programs.

Qualifying/Comprehensive Examination

A qualifying examination is required prior to the exit portfolio presentation. It may be comprehensive to the extent that it examines the candidate's knowledge of the discipline of theatre; it may include graduate work the student is presenting for the degree; and it may include demonstration of proficiency. The examination will be conducted by the student's M.F.A. Portfolio Committee. The student may request that other faculty members with whom he/she has taken course work participate in the qualifying examination.

Final Portfolio Review and Exit Interview

To be eligible for the exit portfolio presentation, the student must (1) present a grade average of B or better with not more than six (6) hours of a grade of C; (2) have completed (or will complete in the current semester) two semesters of full-time resident study; (3) have a degree audit on file with the Graduate School; (4) have passed a qualifying

examination; and (5) pass a final portfolio review and exit to be conducted by his/her M.F.A. Committee. The format of this review and exit will be determined by the M.F.A. Committee, who will, when the work is deemed satisfactory, recommend the student to the appropriate studio area for graduation. At least one week before the Graduate School graduation notification deadline, the School Graduate Faculty will meet to hear the studio area's recommendations. Once the Graduate Faculty has approved the student's graduation, the student will be recommended to the Graduate School for the granting of the degree.

Students should consult with their M.F.A. Portfolio Committees and the School Graduate Advisor for details and the calendar of the final portfolio review and exit. While no student is guaranteed graduation, those whose work is deemed unsatisfactory may be presented opportunities for remediation by their Portfolio Committees.
