

3. Students majoring in business must complete their senior year (30 hours) in residence at Illinois State University. Under unusual circumstances the Dean of the College of Business may grant a modification of this requirement.
4. Each student must successfully complete the college capstone course (MQM 385) and his/her major's designated capstone course at Illinois State University, and must earn at least 50 percent of the business credit hours required for the degree at Illinois State University.
5. Enrollment in 200-level business courses requires 60 completed semester hours. Enrollment in 300-level business courses requires 75 completed semester hours. This policy is strictly enforced.
6. Students who go on probation a second or subsequent time will be dropped from the College of Business.
7. The College of Business strictly enforces a two graded attempt policy for any and all courses included in any business major or minor. As such, the college only allows a student to repeat a course in his or her business major or minor once. If a satisfactory grade is not earned in the second attempt, the student will be dismissed from their College of Business major or minor. Students who earn a WX grade in either attempt must apply for permission to complete a third enrollment. A student may not enroll for a third time in any required course in their business major or minor if he or she has already received letter grades (A, B, C, D, or F) in two previous attempts. Students pursuing majors or minors outside the College of Business that include one or more business courses as requirements will also be held to the College's two-graded attempt policy.
8. Students-at-large and graduate students must apply for permission from the College of Business to register for business courses. Such students will be required to furnish official transcripts to show that prerequisite requirements have been fulfilled. Some courses in the College have restricted and/or limited enrollments and may not be an option. These students, as all non-business majors, are restricted to 27 hours of business course work.

Non-Business Majors:

Non-business majors are limited to no more than 27 credits of business coursework.
