**General Department Information**

Family and Consumer Sciences is a profession committed to improving the quality of life for individuals and families. The mission of the department is educating tomorrow's professionals through excellent teaching, innovative research, and meaningful service to enrich lives, strengthen families, and build resilient communities.

The Department serves undergraduate and graduate majors specializing in fields such as interior design, human development, family life education, nutrition and dietetics, fashion design and merchandising, and family and consumer sciences teacher education. The undergraduate programs of the department are accredited by the American Association of Family and Consumer Sciences.

**Honors in Family and Consumer Sciences**

The Department offers honors work in each Family and Consumer Sciences program to highly qualified students. Candidates must be full-time students, declared Family and Consumer Sciences majors, and have an overall 3.30 GPA. Honors requirements include completion of at least 3 in-course honors at the 200-level or above. Honors students may also pursue Honors in the Major. This would involve at least 2 Honors projects taken in the Department and the completion of FCS 299, culminating in a substantial research project. The Department also offers in-course honors work in all courses for students enrolled in the University Honors Program or in any departmental honors program. In-course honors work is offered at the discretion of the instructor. For further information, contact the departmental advisor. All Family and Consumer Sciences honors students must fulfill the general requirements for participation in the University Honors Program. Further details about the University Honors program are available at <https://Honors.IllinoisState.edu>

**Family and Consumer Sciences Programs**

Degrees Offered: B.A., B.S.

**Admission Requirements for Family and Consumer Sciences Majors (Non-Teacher Education Options):**

A student may enter a major or minor in the Department of Family and Consumer Sciences as a freshman, transfer student, or as a change of major at Illinois State University. Students should contact the Family and Consumer Sciences undergraduate advisor for minimum GPA requirements and/or other admission requirements. Options in the Department of Family and Consumer Sciences are in high demand and admissions are based on a combination of student

qualifications and course capacities.

**Major in Family and Consumer Sciences (FCS)**

Degrees Offered: B.A., B.S.

**General Sequence**

Students in the General Sequence in the Family and Consumer Sciences major receive a broad education which prepares them for general careers in a variety of settings that enhance the lives of individuals, their families, communities and organizations. Those who study family and consumer sciences at a professional level acquire the knowledge and skills to help people make informed decisions to safeguard their health and optimize their quality of life. Students are provided opportunities to develop the knowledge, skills, attributes, and behaviors needed in a diverse and global society. Students will find this degree beneficial to developing their own unique professional career path. Students are encouraged to consider completing a minor.

**Family and Consumer Sciences Teacher Education Sequence**

Selective Admission-Retention Requirements

Selective Admission: All Family and Consumer Sciences

Education students planning to become licensed teachers must apply for and be admitted to the University's Professional Studies program. (See the University-Wide Teacher Education Program section of this Undergraduate Catalog.) Upon applying for admission each Family and Consumer Sciences student must have verified the following:

1. A minimum GPA of 2.50 overall and in all Family and Consumer Sciences courses including Professional Education courses.
2. A positive recommendation for Admission to Professional Studies by all Family and Consumer Sciences faculty. See the departmental advisor for procedure.
3. An interview with the Family and Consumer Sciences Education Coordinator.

**Selective Retention:** In order to receive departmental approval for a student teaching assignment the student must verify the following:

1. Maintain a minimum GPA of 2.50 in all courses and in all Family and Consumer Sciences courses including Professional Education courses.
2. Completion of FCS 200, or the equivalent for transfer students.

Part of the endorsement program leading to licensure by the State of Illinois for teaching Family and Consumer Sciences courses grades 6-12. "Nutrition, Wellness, and Hospitality" designation.

See the Family and Consumer Sciences advisor for information about courses that count towards additional Family and Consumer Sciences designations. See the Professional Studies Admission-Retention program found in the University-Wide Professional Studies Program Requirements for admission and retention standards. Also

see the Family and Consumer Sciences Selective Admission-Retention Requirements section of this *Undergraduate Catalog*.

### Clinical Experiences in Teacher Education

A variety of clinical (pre-student teaching) experiences, as well as student teaching, are included in the teacher candidates professional preparation. Observations, small and large group instruction, tutoring, field experiences, and student teaching are included in the Clinical Experiences Program. The experiences offered prior to student teaching are integral parts of specific college courses. Clinical experiences are provided in off-campus professional development schools, local schools, campus laboratory schools, agencies and other approved non-school settings. The Cecilia J. Lauby Teacher Education Center monitors and documents all clinical experiences. Teacher candidates will show verification of having completed clinical experiences commensurate with attaining local, state, and national standards. Teacher candidates must provide their own transportation to clinical experiences sites.

Candidates are required to provide documentation of meeting all State of Illinois, district, and university requirements in regard to criminal background checks BEFORE beginning any clinical experiences. Criminal background checks must remain current as of the last day of the clinical experience. Candidates should consult with clinical course faculty and the Cecilia J. Lauby Teacher Education Center well in advance of clinical experiences to determine specific requirements needed each semester. The approximate number of clinical hours associated with each course offering can be found with the appropriate course description in this *Undergraduate Catalog*. The following legend relates to the type and kind of activity related to a specific course.

#### Clinical Experiences Legend

- Observation (including field trips)
- Tutoring one-on-one contact
- Non-instructional assisting
- Small group instruction
- Whole class instruction
- Work with clinic client(s)
- Graduate practicum
- Professional meeting

### Major in Fashion Design and Merchandising

Degrees Offered: B.A., B.S.

The Fashion Design and Merchandising program at Illinois State University offers two sequences: Fashion Design and Merchandising Sequence, and Fashion Design and Merchandising Accelerated Sequence.

#### Fashion Design and Merchandising Sequence

The Fashion Design and Merchandising (FDM) program prepares students for careers in the global apparel and textile industry including apparel design and production,

merchandising, textile product quality control, and historic costume and textile preservation. Computer-aided design (CAD) programs, pattern making and design, visual retailing software, merchandising process simulation, textile quality testing, and sustainability are incorporated into classes.

The FDM program offers courses in textiles, fashion trend and industry analysis, social and psychological aspects of clothing and behavior, fashion history, economics of fashion, fashion merchandising, fashion design, apparel production, fashion-related marketing and management and sustainability.

Within the FDM program, students can select either the **Fashion Merchandising** option or the **Fashion Design and Product Development** option. FDM students have the opportunity to participate in study tours inside and outside of the United States to locations such as New York and California, as well as various locations in Europe. The tours provide students the opportunity to learn about various firms within the textiles and apparel industry.

- For students interested in Fashion Merchandising, a Business Administration or Communication minor is recommended; for students interested in Fashion Design/Product Development, an Art History, Theatre, or Business Administration minor is recommended; for students interested in Fashion Journalism, a Communication minor is recommended; for students interested in Museum Curator/Conservator, a minor in History or Art History is recommended.

#### Fashion Design and Merchandising Accelerated Sequence Program Admission Requirements for New and Continuing Students:

High achieving students with a cumulative GPA of 3.20 or higher may apply to the accelerated sequence one year before completion of their undergraduate degree. This sequence allows students to take up to 12 hours of approved graduate courses that will count for both the undergraduate and graduate program in Fashion Design and Merchandising/Family and Consumer Sciences. Students can then apply to the Family and Consumer Sciences graduate program in the spring of their senior year. Enrollment in the Accelerated Sequence does not guarantee final admission into the Family and Consumer Sciences graduate program. For additional information on minimum requirements for admission and the application and selection process, visit [IllinoisState.edu/Majors](http://IllinoisState.edu/Majors).

- For students interested in Fashion Merchandising, a Business Administration or Communication minor is recommended; for students interested in Fashion Design/Product Development, an Art History, Theatre, or Business Administration minor is recommended; for students interested in Fashion Journalism, a Communication minor is recommended; for students interested in Museum Curator/Conservator, a minor in History or Art History is recommended.

## Major in Food, Nutrition and Dietetics

Degrees Offered: B.A., B.S.

The Food, Nutrition and Dietetics (FND) program at Illinois State University offers four sequences: Dietetics Sequence, Dietetics Accelerated Sequence, Food and Nutrition Management Sequence, and Food Nutrition Management Accelerated Sequence.

### Dietetics Sequence

The Dietetics sequence is a Didactic Program in Dietetics (DPD) which is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics. The program prepares students for dietetic internships and careers in promoting optimal health by incorporating positive food choices and nutrition strategies which influence the overall well-being of individuals and communities. This sequence provides the first step for students wanting to become a registered dietitian (R.D.). To become an R.D., students must apply for an ACEND-accredited dietetic internship after graduation, and, upon completion, are eligible to take the registration examination. An ACEND Verification Statement of DPD Completion will be given to students completing this sequence. This official statement is required for graduates to begin an ACEND-accredited dietetic internship after acceptance, and for other professional applications requiring verification of DPD completion. The Didactic Program in Dietetics (DPD) at Illinois State University is currently accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics. ACEND is recognized by the United States Department of Education and can be contacted at 120 South Riverside Plaza, Suite 2190, Chicago, IL 60606-6995, (312) 899-0040, Ext 5400.

### Dietetics Accelerated Sequence

**Program Admission Requirements for New and Continuing Students:** High achieving students with a cumulative GPA of 3.20 or higher may apply to the accelerated sequence one year before completion of their undergraduate degree. This sequence allows students to take up to 12 hours of approved graduate courses that will count for both the undergraduate and graduate program in Dietetics/Family and Consumer Sciences. Students can then apply to the Family and Consumer Sciences graduate program in the spring of their senior year. Enrollment in the Accelerated Sequence does not guarantee final admission into the Family and Consumer Sciences graduate program. For additional information on minimum requirements for admission and the application and selection process, visit [IllinoisState.edu/Majors](http://IllinoisState.edu/Majors). All accreditation information for the Dietetics Sequence applies to the Dietetics Accelerated Sequence.

### Food and Nutrition Management Sequence

The Food and Nutrition Management sequence prepares graduates for careers in the growing food industry by combining business and management principles with food service and hospitality skills. This sequence requires fewer

science courses (no organic and biochemistry) and more business and food-related courses than the dietetics sequence. Consumers spend about 50 percent of their food dollars in restaurants, cafeterias, fast-food franchises, at work, or at school. Food systems managers organize these operations and make sure the foods are attractive, nutritious, and safely prepared. Popular career options include restaurant manager, cafeteria manager, caterer, and corporate, hospital, long-term care, or school food service manager. Employment opportunities also exist with companies that produce food, food ingredients, or processing equipment, and food safety inspection, food sales, marketing, and business management.

### Food and Nutrition Management Accelerated Sequence

**Program Admission Requirements for New and Continuing Students:** High achieving students with a cumulative GPA of 3.20 or higher may apply to the accelerated sequence one year before completion of their undergraduate degree. This sequence allows students to take up to 12 hours of approved graduate courses that will count for both the undergraduate and graduate program in Food and Nutrition/Family and Consumer Sciences. Students can then apply to the Family and Consumer Sciences graduate program in the spring of their senior year. Enrollment in the Accelerated Sequence does not guarantee final admission into the Family and Consumer Sciences graduate program. For additional information on minimum requirements for admission and the application and selection process, visit [IllinoisState.edu/Majors](http://IllinoisState.edu/Majors).

## Major in Human Development and Family Science

Degrees Offered: B.A., B.S.

Students majoring in Human Development and Family Science will find rewarding careers working to improve the lives of individuals, families and communities.

Human Development and Family Science graduates are prepared to enter a variety of service-oriented fields. Graduates may work in a variety of settings including non-profit organizations, child care centers, preschools, private educational settings, parent/family life education, residential facilities, camp settings, colleges and universities (non-teaching positions), state, local, and federal government agencies, and hospitals and other organizations/businesses serving the needs of children and families.

The Human Development and Family Science undergraduate program provides a foundation for advanced graduate study in child life, family science, child/human development, social work, marriage and family therapy, psychology, counseling, gerontology, early intervention, occupational therapy and religious studies.

### Major in Interior Design

Degrees Offered: B.A., B.S.

The Interior Design (ID) program at Illinois State University offers two sequences: Interior Design Sequence, and Interior Design Accelerated Sequence, which is a pathway to the Family and Consumer Sciences graduate program.

#### Interior Design Sequence

The Interior Design program prepares students to design innovative, functional, supportive, and responsible interior environments that positively impact the quality of life within a global market. The curriculum develops students' skills and knowledge in design, sketching and technical drawing, space planning, interior construction and building systems, materials specifications, historical interiors, building codes and accessibility guidelines. Sustainability issues and universal design are emphasized. The program is accredited by the Council for Interior Design Accreditation (CIDA) and focuses on the broad range of specialties within commercial interior design. Course content is based on the knowledge and skills needed to pass the National Council for Interior Design Qualification certification exam. To be licensed in the State of Illinois, graduates of a 4-year CIDA-accredited program must have a minimum of two years professional work experience and pass the National Council for Interior Design Qualification (NCIDQ) Examination. Passage of this exam also qualifies the individual for professional membership in interior design organizations such as International Interior Design Association (IIDA) and American Society of Interior Designers (ASID).

#### Interior Design Accelerated Sequence

##### Program Admission Requirements for New and Continuing

**Students:** High achieving students with a cumulative GPA of 3.20 or higher may apply to the accelerated sequence one year before completion of their undergraduate degree. This sequence allows students to take up to 12 hours of approved graduate courses that will count for both the undergraduate and graduate program in Interior Design/Family and Consumer Sciences. Students can then apply to the Family and Consumer Sciences graduate program in the spring of their senior year. Enrollment in the Accelerated Sequence does not guarantee final admission into the Family and Consumer Sciences graduate program. For additional information on minimum requirements for admission and the application and selection process, visit [IllinoisState.edu/Majors](http://IllinoisState.edu/Majors).

### Minor in Family and Consumer Sciences

A minor in Family and Consumer Sciences complements many majors from business to humanities. Students may take courses from a number of different Family and Consumer Sciences disciplines or focus on one particular area of interest.

- 21 hours required in Family and Consumer Sciences

- FCS 100, 200

- 15 additional hours in Family and Consumer Sciences
