

General Education provides students with a broad, common foundation of study upon which to build an undergraduate education. The program develops skills of oral and written communication, logical and scientific reasoning, and quantitative analysis. Courses in General Education explore ways of knowing in the various disciplines through examination of significant historical, social, cultural, and scientific issues. Students will take most General Education courses during their freshman and sophomore years, along with some courses in their major or other elective courses.

### General Education Requirement Options

There are three ways to complete general education requirements for Illinois State University. These three general education programs have different requirements and affect only certain types of students.

#### I. The first way is to complete Illinois State University's General Education Program. The General Education Program requires 13 courses (39 semester hours).

**The following categories of students must complete the Illinois State University General Education Program requirements:**

1. Beginning Freshmen (see Admissions section of this catalog for complete definition).
2. Students who were admitted as beginning freshmen at Illinois State University, who were readmitted and who have not completed a baccalaureate-oriented associate's degree (A.A. or A.S.—the A.S. must include the complete IAI General Education Core Curriculum) from an Illinois public community college and are not eligible for an earlier catalog.
3. Transfer Students who have not completed a baccalaureate-oriented associates degree (A.A. or A.S.—the A.S. must include the complete IAI General Education Core Curriculum) from a regionally accredited post-secondary institution and who are not eligible to complete the Illinois Transferable General Education core curriculum described below.

#### II. The second way is to complete the Illinois Transferable General Education Core Curriculum available through the Illinois Articulation Initiative (IAI).

This program is a statewide agreement between participating public colleges and universities and some private schools that is designed to facilitate timely degree completion for students who transfer between institutions. The Illinois Transferable General Education Core Curriculum structure consists of 12 to 13 courses (37 to 41 semester credits) distributed among five subject areas. Completion of these courses at any participating institution satisfies general education requirements for Illinois State University. The IAI Transferable Core is presented in the section entitled General Education - Illinois Articulation

Initiative (IAI). More information about this system and participating institutions can be found at the following website: [iTransfer.org](http://iTransfer.org)

#### The following categories of students may complete the Illinois Transferable General Education Core Curriculum:

1. Transfer students (See Admissions section of this catalog for a complete description) who began the Illinois Transferable General Education Core Curriculum at a participating IAI institution and transferred to Illinois State may choose to complete the program by enrolling in Illinois State approved IAI courses presented in the section entitled Illinois Articulation Initiative Courses at Illinois State. Transfer students should note, however, that IAI course availability may be limited.
2. Transfer students who have completed at least one transfer course that is articulated to an IAI core requirement.
3. Students who have completed the Illinois Transferable General Education Core Curriculum at a participating IAI institution are considered to have met Illinois State University's General Education requirements.

#### III. There is also a third way in which general education requirements can be met.

Complete a **baccalaureate-oriented Associates Degree (A.A. or A.S.)** from a regionally accredited post-secondary institution. For those transferring from an Illinois college or university, the A.S. degree must include the complete IAI General Education Core Curriculum (GECC) or the student must complete the GECC to fulfill Illinois State's General Education requirement.

Any transfer student may choose to complete Illinois State University's General Education Program and should speak with an academic advisor regarding documentation of that change on their academic record.

**General Education Program at Illinois State University**

The General Education Program at Illinois State University is an integrated multi-disciplinary set of courses that focuses on the development of communication and problem-solving skills and abilities, such as persuasion, listening, and argumentation; logical and quantitative thinking; and understanding varying perspectives on issues. These skills and abilities provide an essential grounding for work in the student’s major as well as transferable skills that will be applied in a future career.

**The complete General Education Program consists of 13 courses (39 semester hours), which is approximately one-third of the total credits required for graduation.**

Because of laboratory or recitation requirements, some courses are listed as four or five credit hours in this catalog. All four or five hours will be credited toward graduation requirements, but only three hours will be credited in General Education for these courses.

Students will take most General Education courses during their freshman and sophomore years, along with some courses in their major or other elective courses. While some specific courses are important to take as part of preparation for a major (such as certain mathematics or science courses), the choice of which course to take in each category is a decision for students to make. Students are encouraged to choose courses that will give them the broadest possible foundation and to explore and challenge themselves through their course choices.

**Codes used throughout the Illinois State University General Education Program include the following:**

FA	Fine Arts
H	Humanities
ICL	Individuals and Civic Life
LH	Language in the Humanities
M	Mathematics
NS	Natural Science
NSA	Natural Science Alternatives
QR	Quantitative Reasoning
SMT	Science, Mathematics, and Technology
SS	Social Sciences
UST	United States Traditions

**Students must comply with the following requirements:**

- Complete the General Education Program through completion of at least 13 courses (39 semester hours), as designated in the program description.
- No Group 1 course may be taken under the P/NP option. If a General Education course is required by a major, that course may not be taken P/NP it must be taken for a grade.
- Students must complete at least one course from two different sciences. Certain majors require a Natural Science Alternative course that substitutes for a Natural Science course. See individual major requirements.
- **Depending on their major students may be exempted from one General Education category (maximum of one course) because of disciplinary expertise gained in their major listed in the table to the right.**

## The Illinois State University General Education

Program consists of 13 courses:

### Group 1 Courses (7 courses)

These are courses that are specifically selected for first-year students and concentrate on developing skills in oral and written communication, critical analysis, and broad foundations for learning in the academic disciplines.

- A 2-course, first year sequence integrating composition, communication, critical thinking, and information fluency
- 1 course chosen from the Group 1 Mathematics category (M)
- 2 courses chosen from a four-course Natural Science category (NS) or Natural Science Alternative course (NSA) required by certain majors
- 1 course chosen from the United States Traditions category (UST)
- 1 course chosen from the Individuals and Civic Life category (ICL)

### Group 2 Courses (6 courses)

These are courses suited for the first two years of college. Depending on a student's major and interests, they may be taken in the first year. Some Group 2 courses have a Group 1 course as a prerequisite.

- 1 course chosen from the Fine Arts category (FA). Some courses may have prerequisites.
- 1 course chosen from the Humanities category (H). Some courses may have prerequisites.
- 1 course chosen from the Social Science category (SS). Some courses may have prerequisites.
- 1 course from the Language in the Humanities category (LH). All LH courses are writing-intensive and most require completion of English 101.
- 1 course from the Quantitative Reasoning category (QR). Most QR courses require completion of an appropriate course from the Mathematics category.
- 1 course from the Science, Math, and Technology category (SMT). Most courses require completion of at least one course from the Natural Sciences (NS) or Natural Science Alternative (NSA) categories.

## General Education Courses by Category

### Communication and Composition (2 courses required)

- ENG 101 Composition as Critical Inquiry
- ENG 101A10 Composition as Critical Inquiry
- COM 110 Communication as Critical Inquiry
- COM 110A01 Communication as Critical Inquiry: Classroom Communication-Teacher Education

### Mathematics (1 course required) [M]

- MAT 113 Elements of Mathematical Reasoning
- MAT 113A01 Elements of Mathematical Reasoning: Math Principles
- MAT 120 Finite Mathematics
- MAT 130 Dimensions of Numerical Reasoning
- MAT 145 Calculus I

### Natural Sciences (2 courses required) [NS]

Students must complete at least one course from two different sciences.

- BSC 101 Fundamental Concepts in Biology
- BSC 101A01 Fundamental Concepts in Biology: For Future Elementary Teachers
- CHE 102 Chemistry and Society
- GEO 102 Principles of Geology
- PHY 102 Atoms to Galaxies

Certain majors require a Natural Science Alternative course that substitutes for the courses above. See individual major requirements.

### Natural Science Alternatives [NSA]

- BSC 196 Biological Diversity
- BSC 197 Molecular and Cellular Basis of Life
- CHE 110/112 Fundamentals of Chemistry and Laboratory
- CHE 140 General Chemistry I
- PHY 105 Fundamentals of Physics
- PHY 108 College Physics I
- PHY 110 Physics for Science and Engineering I

### United States Traditions (1 course required) [UST]

- ENG/HIS 131 American Culture: Traditions and Texts
- FCS/HIS/SOC 112 American Family: Change and Diversity
- GEO 142 Human Geography
- HIS 135 History of the United States to 1865
- HIS 136 History of the United States Since 1865
- HIS/SOC 111 American Diversity: Contested Visions of the U.S. Experience
- LAL/SOC 109 Introduction to U.S. Latina/o Studies

#### AMALI

**Courses with AMALI designation, indicating a focus on cultures of Asia, the Middle East, Africa, Latin America, or the indigenous peoples of the world.** Students not satisfying the AMALI graduation requirement through a major course should choose one of these courses to fulfill an Illinois State University graduation requirement.

#### General Education Program Courses:

<https://coursefinder.illinoisstate.edu>

Illinois State University offers several study abroad programs that feature a wide variety of General Education courses. Interested students should contact their academic advisor or the Office of International Studies and Programs.

#### General Education Program Assessment

Illinois State University is committed to continuous assessment of the General Education program in an effort to gain valuable information so that necessary improvements can be made to the curriculum. As a part of the General Education assessment process on our campus, students may be asked by a faculty member to anonymously submit a copy of their work to be included in the General Education Institutional Artifact Portfolio (IAP).

Submitting an artifact of student work for the General Education IAP will in no way affect a student's final grade on the assignment. Faculty will grade the assignment independent of the General Education IAP system.

Results from the General Education IAP process are reported in aggregate to the Council on General Education for the primary purpose of improving the General Education program. The artifacts provided for the General Education IAP are in no way linked to individual students. For the purpose of General Education assessment, the unit of analysis is the institution, not the individual student, faculty member, or class.

**Transferring General Education Courses  
Illinois Articulation Initiative**

<https://itransfer.org>

The Illinois Articulation Initiative (IAI) is a statewide agreement among the more than 100 public and some selected private four-year and two-year higher education institutions. The agreement is designed to facilitate students transferring between the colleges and universities in Illinois. The Illinois Transferable General Education Core curriculum consists of 12 to 13 courses (37 to 41 hours of credit) within a five-category designation.

**The general requirements are as follows:**

- Communication: 3 courses (9 credits)
- Humanities and Fine Arts: 3 courses (9 credits)
- Mathematics: 1 to 2 courses (3 to 6 credits)
- Physical and Life Sciences: 2 courses (7 to 8 credits)
- Social and Behavioral Sciences: 3 courses (9 credits)

IAI policy is presented on the website, iTransfer.org, and Illinois State University’s implementation requirements are published below. Students who transfer out of Illinois State will be held to the requirements of their transfer institution.

**General Education Options for Transferring Students**

New transfer students have the option of completing either Illinois State’s General Education program or the Illinois Transferable General Education Core Program (IAI).

**NOTE:** To be eligible for IAI, at least one transfer course must have been articulated to an IAI core requirement. Transfer students who have satisfactorily completed at least one course within the Illinois Transferable General Education Core are allowed to complete this program by enrolling in approved IAI courses at Illinois State University. Students should note, however, that IAI course availability may be limited.

**CLEP:** Illinois State policies on CLEP credit will be used to meet Illinois Transferable General Education Core requirements.

**Waivers in the Illinois Transferable General Education Core**

If a student satisfactorily completes the objectives of a General Education Core area but earns fewer hours than required, the remaining hours for that area can be waived. However, students must complete the minimum of 12 courses, 37 hours, and the number of courses required in each area of the Core. Fractional hours can also be waived, but the minimum 37 hour total is still enforced.

For those students eligible to complete the Core, a transfer course articulated as an Illinois State University course approved for the Illinois Transferable General Education Core Curriculum will be applied toward the Core. Any course from a participating school approved by an IAI curriculum panel may be applied even if not articulated to an Illinois State course. Acceptance and placement of transfer credit as an elective from a non-participating IAI institution is only applicable to meet Illinois Transferable General Education

Core (IAI) requirements at Illinois State University. Students should consult their academic advisor regarding the application for waivers. Effective May 1999, a student transferring to another institution, who has completed at least 37 semester hours, may request an audit, via a transcript request, of his or her records for completion of the Illinois Transferable General Education Core Curriculum. If complete, the University will certify completion of the Illinois Transferable General Education Core requirements on the Illinois State transcript.

Students transferring to Illinois State are required to fulfill all University graduation requirements.

**Illinois Articulation Initiative Course Requirements:**

Regardless of category placement, a student may count no more than two courses from a single discipline to fulfill the General Education Core Curriculum requirements. Only one course assigned to an IAI course number may be used to fulfill a requirement (For example, since HIS 104A01 and HIS 104A03 both carry the IAI number of H2 903N, only one may be used).

Illinois State University courses approved for the IAI General Education Core Curriculum are listed officially on the IAI website, <https://iTransfer.org>. The following list of courses is provided for convenience only. Some courses may have been added or deleted since the publication of this catalog.

**Communication (3 courses, 9 hours)**

A grade of C or better required in C1 900, ENG 101, and C1 901R, ENG 145. For students with appropriate preparation, Illinois State will waive C1 900. A minimum of 12 courses and 37 semester hours is still required.
