KINESIOLOGY AND RECREATION (KNR)  512
250 McCormick, (309) 438-8661
https://KinRec.IllinoisState.edu
Director: Dan Elkins

Admission/Retention Requirements: A student may be
admitted to the Exercise Science Major, Physical Education Teacher
Education Major or the Recreation and Park Administration Major
as a new freshman, as a transfer student, or as a change of major at
Illinois State University. New freshmen who meet the University’s
admission standards may elect to become a major in the School of
Kinesiology and Recreation. Retention of students will be
determined by the student’s cumulative GPA and other specified
criteria required for the major. All courses required in each major
must be completed with a grade of C or better.

Honors in Kinesiology and Recreation
Majors in the School of Kinesiology and Recreation with superior
academic records are invited to apply for admission to the School
Honors Program. The program provides an opportunity for a
scholastically gifted student to pursue personal interests through an
independent honors project. Students successfully completing the
Honors Program will receive the designation of Honors in
Kinesiology and Recreation upon graduation. The student’s official
academic transcript and diploma will be so noted.

Admission Requirements:
— Be a declared Athletic Training, Physical Education Teacher
  Education, Exercise Science, or Recreation and Park
  Administration major with at least 30 and not more than 90
  hours of coursework completed, including at least 6 hours of
  KNR courses
— Have a minimum 3.30 overall GPA
— Submit an application form to the School of Kinesiology and
  Recreation Honors advisor

Honors Program Requirements:
— Fulfill the general requirements for participation in the
  University Honors Program
— Successfully complete a minimum of 3 hours of School of
  Kinesiology and Recreation Honors courses
— Successfully complete KNR 295: Honors Seminar
— Initiate and complete a research project in KNR 299: Honors
  Independent Study (variable, 3-6 hours) under the direction of
  a faculty mentor in the student’s major/sequence
— Maintain a minimum 3.30 overall GPA

Further details about the University Honors program are available at
Honors.IllinoisState.edu

Professional Practice/Student Teaching
Internship and cooperative education experiences are available at
all levels in Exercise Science (298, 398), and in Recreation and Park
Administration (298, 398). Students may earn from 1-16 hours. No
more than 16 hours may be applied toward graduation. Professional
Practice experiences are supervised work experiences in businesses,
agencies, organizations, and institutions and are either paid or
unpaid. For further information, contact the Professional Practice
coordinator in your major.

Student Teaching in Physical Education requires being accepted into
the Teacher Education program at Illinois State University. Students
are placed in schools with physical education cooperating teachers
at the elementary, middle school, and/or secondary school levels as
required for teacher licensure. Student teachers are supervised by
Physical Education faculty supervisors. The Physical Education
Student Teaching Coordinator arranges for all student teaching
placements.

Exercise Science Program
Degree Offered: B.S.

Major in Exercise Science
Program Admission Requirements for New and Continuing
Students: Admission to this academic program is limited and is
based on space availability and the competitiveness of the applicant
pool. Factors that may be considered include, but are not limited to:
courses completed, cumulative GPA, hours completed, personal
interview or written statement, and samples of work completed.
For additional information on minimum requirements for admission
and the application and selection process, visit IllinoisState.edu/
Majors or contact the undergraduate advisor for the intended major.

Credentialing Opportunities: There is no single professional
credential or certification that is necessary to pursue a career in
Exercise Science. However, there are a number of optional
credentialing opportunities that students are encouraged to
examine. Coursework in this major is focused on the content areas
needed for certification preparation by several organizations in this
professional field of study. Students graduating in this major can
strengthen their professional credentials by pursuing a variety of
different certifications offered by organizations such as the
American College of Sports Medicine and the National Strength and
Conditioning Association. Students interested in learning more
about these recommended certification options should consult the
Exercise Science Program Director in the School of Kinesiology and
Recreation for further information.

Students in the Exercise Science major must complete one of the
following sequences.

Allied Health Professions Sequence
Standards for Progress in the Major: Once admitted to either
sequence within the Exercise Science major, the student must
maintain a minimum 2.50 cumulative GPA. A student falling below
the required 2.50 GPA will be placed on probation for one semester.
If after one semester the 2.50 GPA has not been re-established, the
student will be dropped from the Exercise Science major. A student
who has been thus dropped from the Exercise Science major may
reapply for admission to the major after raising his or her GPA to
the required standard. The student who is not readmitted after one
semester of probation and has a minimum 2.00 GPA will have the
option of entering the Kinesiology Studies Sequence.

Health and Human Performance Sequence
Standards for Progress in the Major: Once admitted to either
sequence within the Exercise Science major, the student must
maintain a minimum 2.50 cumulative GPA. A student falling below
the required 2.50 GPA will be placed on probation for one semester.
If after one semester the 2.50 GPA has not been re-established, the
student will be dropped from the Exercise Science major. A student
who has been thus dropped from the Exercise Science major may
reapply for admission to the major after raising his or her GPA to
the required standard. The student who is not readmitted after one semester of probation and has a minimum 2.00 GPA will have the option of entering the Kinesiology Studies Sequence. A student must have a minimum 2.50 cumulative GPA and have completed all major courses with a grade of C or better to participate in the senior internship (KNR 398A11 Professional Practice: Internship in Exercise Science). Students seeking to take Option 2 (12 hours of advanced coursework in lieu of KNR 378A10 and KNR 398A11) must apply for approval of this option at the start of the semester in which they are registered to take KNR 298.10. The application must include a statement as to why the review committee should allow the student entry into this option, and it must also speak to what steps the student has taken to prepare for academic study beyond the B.S. in Exercise Science. Examples of such preparation might include indications of pre-requisites completed, observation hours completed, completion of research statistics or methods courses, applications to graduate or professional schools, etc. Applications for this option will be considered by a committee of Exercise Science faculty.

**Minor in Exercise Science**
- 24 total hours required
- 10 hours in core courses: KNR 181, 182, 240, 280
- 11 hours in sequence courses:
  - KNR 298A10, 307, 309
  - One of KNR 311 or 313
- 3 hours minimum selected from:
  - KNR 282, 286, 303, 310

**Physical Education Program**
Degrees Offered: B.S., B.S. in Education

**Major in Physical Education**
The Physical Education program consists of two sequences. The Physical Education Teacher Education Sequence requires a minimum cumulative GPA of 2.50 for admission and retention. The Kinesiology Studies Sequence requires a minimum cumulative GPA of 2.00 for admission and retention. All physical education major courses must be completed with a grade of C or better.

**Kinesiology Studies Sequence (B.S.)**
The Kinesiology Studies sequence is not available for direct admission. Contact the department or undergraduate advisor for more information. A student has the opportunity to select from a series of Physical Education courses to develop a plan of study. Students in the Kinesiology Studies Sequence must have earned a minimum cumulative 2.00 GPA.

**Kinesiology Studies Sequence**
- 43 min. hours required
- 2-3 hours in an introductory course:
  - KNR 113, 156, 164 or 188
- PHY 105 (4 hrs) or 108 (5 hrs)
- 18 hours in core courses:
  - KNR 181, 182, 254, 257, 280, *282
- 19-20 hours of Kinesiology courses
  - A minimum of 9 hours must be upper-division courses
  - 6 hours must be at the 300-level

*KNR 282 requires PHY 105 or 108 which can be used as a General Education Natural Science Alternative option.

**Graduation requirements:** all required major courses must be completed with a grade of C or better

**Standards for Progress in the Major:** After being officially admitted to the Kinesiology Studies Sequence, the student must maintain a minimum cumulative 2.00 GPA.

**Physical Education Teacher Education Sequence**
(PETE) (B.S. in Ed.)
The PETE program for undergraduate majors leads to a professional educator license with K-12 endorsement. All PETE majors planning on becoming licensed teachers must apply for and be admitted to the University’s Teacher Education Program. (See the University-Wide Teacher Education Program section of this Undergraduate Catalog.)

**Program Admission Requirements for New and Continuing Students:** Admission to this academic program is limited and is based on space availability and the competitiveness of the applicant pool. Factors that may be considered include, but are not limited to: courses completed, cumulative GPA, hours completed, personal interview or written statement, and samples of work completed. For additional information on minimum requirements for admission and the application and selection process, visit IllinoisState.edu/Majors or contact the undergraduate advisor for the intended major.

Once accepted, the teacher candidate must meet all teacher education requirements, including, but not limited to: courses completed, cumulative GPA, hours completed, personal interview or written statement, and samples of work completed. For additional information on minimum requirements for admission and the application and selection process, visit IllinoisState.edu/Majors. Once an applicant is accepted into the PETE Program, the teacher candidate must:
1. maintain a minimum cumulative GPA of 2.50 and a minimum major GPA of 2.50 each semester;
2. complete a projected program plan for graduation with the academic advisor for PETE; and
3. be admitted to Professional Studies through the College of Education.

**Standards for Progress in the PETE Program:**
1. To progress through the program in a timely manner, the teacher candidate must continuously maintain a minimum cumulative 2.50 GPA and a minimum major 2.50 GPA to remain academically eligible.
2. A teacher candidate falling below the minimum GPA, cumulative or major, will be placed on academic probation within the School of Kinesiology and Recreation for one semester. If after one semester the 2.50 cumulative and/or major GPA has not been reestablished, the teacher candidate will be removed from the PETE Program. A student who is not readmitted after one semester of probation, but has a minimum 2.00 GPA, will have the choice to enter the Physical Education (general) Sequence or select another major on campus.
3. The student may submit an application to the program after reestablishing the minimum academic requirements. Acceptance into the program is competitive. (See Admission Requirements for New and Continuing Students.)
4. A student who has not been retained in the PETE program may appeal for reconsideration to the Physical Education Teacher Education Selection and Retention Committee, providing
Minor in Athletic Coaching
Students wishing to minor in Athletic Coaching must apply through the School of Kinesiology and Recreation on My.IllinoisState.edu in February. The number of students admitted to the minor each year is limited and highest priority will be given to the most qualified applicants.

- Minimum of 20 hours in Kinesiology and Recreation required
- Required courses (minimum of 8 hours):
  - KNR 205, 207
  - One of KNR 180 or 260
- Elective courses (12 hours): KNR 254, 257, 306, 317, 320, 382

Certification Opportunity: Students have the opportunity to qualify for the coaching certification.

Recreation and Park Administration Program
Degree Offered: B.S.

Students may obtain advising material related to Recreation and Park Administration (RPA) in the School's main office. The Kinesiology and Recreation academic advisor will assist students with planning and completing an academic plan of study. All major courses in RPA must be completed with a grade of C or better.

Major in Recreation and Park Administration

Program Admission Requirements for New and Continuing Students: Admission to this academic program is limited and is based on space availability and the competitiveness of the applicant pool. Factors that may be considered include, but are not limited to: cumulative GPA, hours completed, and written responses on the application. For additional information on minimum requirements for admission and the application and selection process, visit IllinoisState.edu/Majors or contact the undergraduate advisor for the intended major.

Standards for Progress in the Major: A student must have a minimum 2.00 cumulative GPA and have completed all required courses with a grade of C or better.

Recreation Management Sequence
Certification Opportunity: Students graduating from this program are immediately eligible to sit for the examination to become a Certified Park and Recreation Professional.

Therapeutic Recreation Sequence
Certification Opportunity: Students graduating from the Therapeutic Recreation Sequence who have met all the National Council for Therapeutic Recreation Certification (NCTRC) requirements (major and recommended courses including an approved internship) should be eligible to apply to sit for the examination to become a Certified Therapeutic Recreation Specialist. Certification requirements are subject to change so students are strongly advised to obtain the latest certification requirements from NCTRC.
KINESIOLOGY AND RECREATION

_____/120 minimum total credit hours
_____/42 minimum senior college hours

AMALI requirement
***Certain courses in General Education fulfill the AMALI requirement. See the AMALI Requirement section of the catalog or the Course Finder website for a list of courses.

B.S. Science, Math, & Technology (1 course required)
See the B.S.—SMT Requirement section of the catalog or the Course Finder website for a list of courses.
_____ 3 KNR 282 Biomechanics of Human Movement

Major (59 credit hours)
_____ 3 KNR 164 Introduction to Exercise Science
_____ 3 KNR 181 Human Anatomy & Physiology I
_____ 3 KNR 182 Human Anatomy & Physiology II
_____ 1 KNR 183 Human Anatomy And Physiology Laboratory I
_____ 1 KNR 240 Principles And Applications Of Field-Based Assessment (P: KNR 181 and 182; KNR 280 or conc reg)
_____ 3 KNR 254 Social-Psychological Perspectives In Physical Activity
_____ 3 KNR 257 Motor Learning & Performance
_____ 3 KNR 280 Exercise Physiology (P: KNR 181, 182, conc. KNR 240)
_____ 3 KNR 282 Biomechanics of Human Movement (P: KNR 181, PHY 105 or PHY 108)
_____ 2 KNR 298A10 Professional Practice: Exercise Science & Fitness (P: KNR 164, 240, 280; 60 hrs completed)
_____ 3 KNR 303 Exercise Psychology
_____ 3 KNR 307 Exercise in Health and Disease (P: KNR 164, 240, 280)
_____ 3 KNR 309 Principles and Techniques in Physiological Testing (P: KNR 164, 240, 280)
_____ 3 KNR 311 Exercise Programming For Cardiovascular & Metabolic Fitness (P: KNR 307 and 309)
_____ 3 KNR 313 Exercise Programming For Neuromuscular Fitness (P: KNR 307 and 309)

Take 1 of the following courses:
_____ 4 PHY 105 Fundamentals of Physics
_____ 5 PHY 108 College Physics I (P: 2 years of high school algebra or equivalent)

Take 1 of the following courses:
_____ 3 KNR 286 Leading Exercise Sessions In The Fitness Setting (P: KNR 240, 280)
_____ 3 KNR 305 Biomechanics Of Exercise And Physical Activity (P: 164 and 282)
_____ 3 KNR 310 Fitness Management (P: KNR 164, 298A10)
_____ 3 KNR 353 Basic Electrocardiography & Clinical Exercise Testing (P: KNR 181, 182, 280)

Take 12 hours from 1 of the following options:
Option 1: KNR 378A10 and 10 hours in KNR 398A11 or
Option 2: (requires program approval) 12 hours in advanced studies from courses approved by exercise science faculty
