General Department Information
Management and Quantitative Methods (MQM) houses three broad majors: Management, Business Administration, and International Business. These majors prepare students for professional management careers in business, industry, and government. Three sequences in the Management major allow students to concentrate on skills needed by general managers (Organizational Leadership), specialists in personnel and human resources (Human Resource Management), or by those interested in careers in or starting their own small business (Entrepreneurship and Small Business Management).

Academic Requirements:
All majors in the Department of Management and Quantitative Methods must meet the academic, admission, and transfer requirements of the College of Business. Non-majors must have the prerequisites, including a specified number of hours, to enroll in courses in the Department.

International Business (IB) 546

Degrees Offered: B.A., B.S.

The Baccalaureate program in International Business provides a specialized curriculum for students interested in business focused on the global environment. Their career may include working abroad, working for a multinational or working in a globally diverse firm. This interdisciplinary program, administered by the Department of Management and Quantitative Methods, combines coursework in general and international business, foreign language, and area studies. Through a concentration in a business area, the program combines coursework in international business and a functional area of business. The required international business courses provide solid exposure to the unique dynamics of international business. Area studies and foreign language requirements further enhance the students' international experience. Study abroad experiences are an essential element of the international business program. It is required that every international business major participate in a study abroad program or complete an international internship unless they receive an exemption from the program director.

The International Business program is divided into a common business core applicable to all business students, the International Business core, a concentration in a functional area, the Languages, Literatures, and Cultures requirement, and area studies requirements. Sixty hours of course work must be taken outside of the College of Business.

MAJOR IN INTERNATIONAL BUSINESS
