**Board of Trustees
Illinois State University
Authorization to Renew Contract for Supplementary Security Services**

At its October 2010 meeting, the Illinois State University Board of Trustees approved a resolution enabling the University to enter into an agreement with an outside vendor to provide unarmed security services beginning in January 2011. These services include conducting foot patrols of the campus, reporting incidents and unusual activities to the University Police, unlocking and locking exterior doors on campus buildings, and conducting security checks of doors, windows, and alarm systems at numerous campus locations. Securitas was identified as the best solution for the University to provide these services.

Since the University is satisfied with the services provided by Securitas, it is seeking to enter into a renewal agreement with Securitas for up to five years. The cost is estimated at and will not exceed \$6,000,000 over the five-year period.
